brink [*noun*]-

a point at which
something is about
to happen

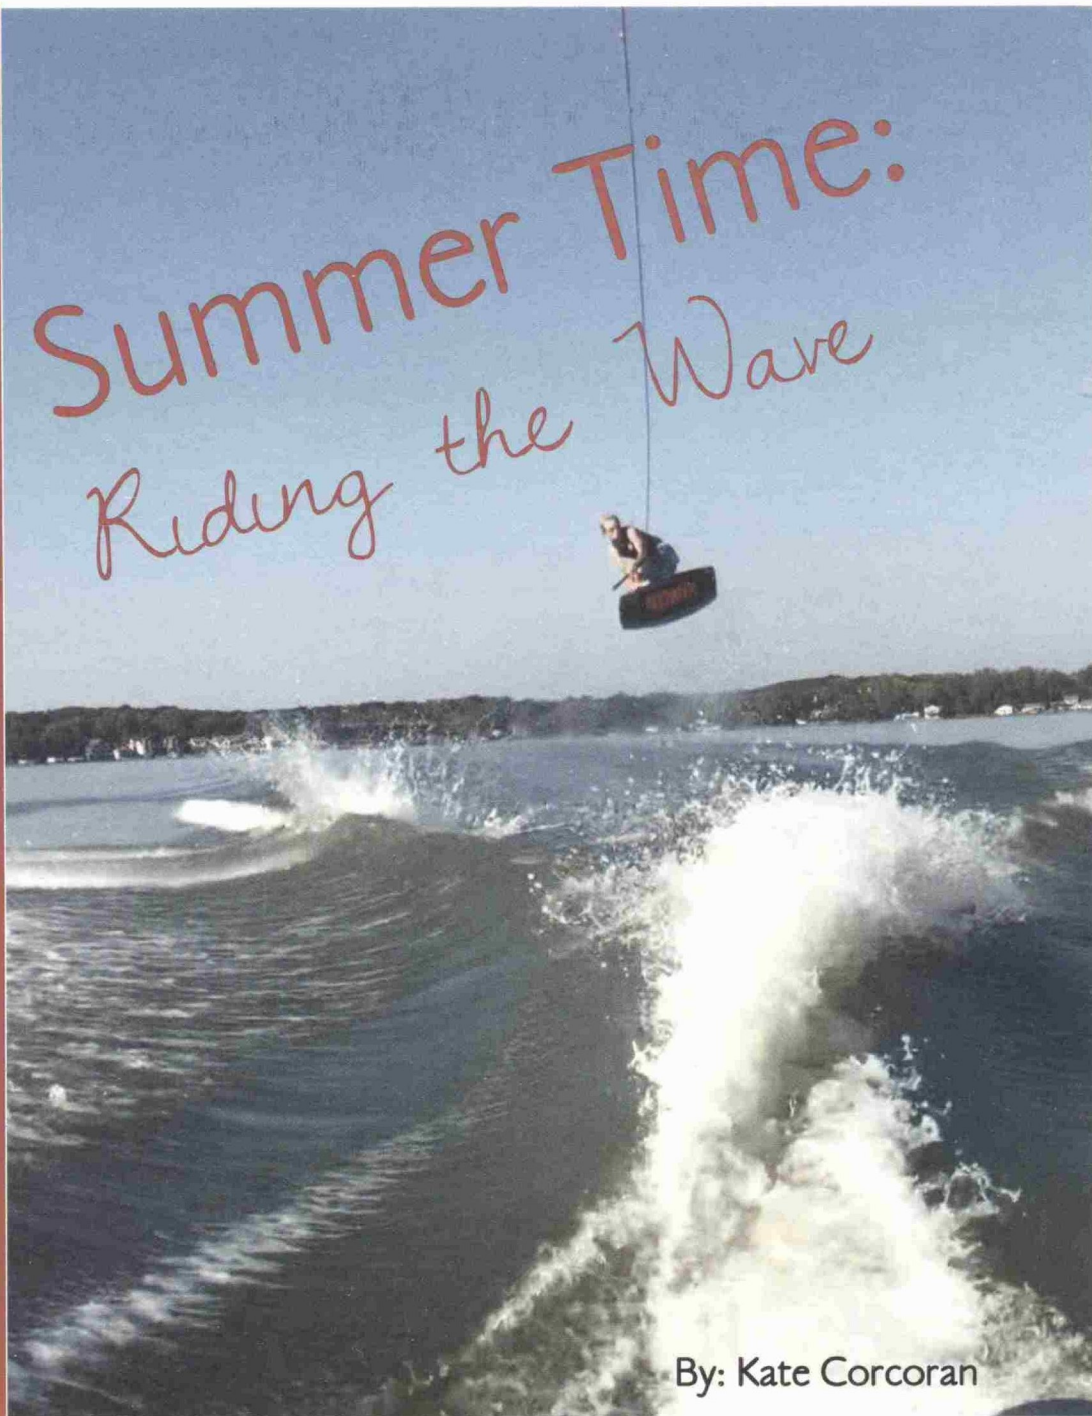

As Hanover Central grows, the community and the people grow with it. Every day you can see the progress that this school has made and feel the excitement that the future still holds. As the roads of this once quiet community continue to bring new faces and new sounds, the question begins to loom: How are the town and schools going to fit all these unfamiliar faces? Will the school expand its constricting walls, already feeling the bursting effects of growth? How big is the community really going to become? Only one thing is certain: Hanover Central and the Wildcat community are truly on the verge of a great new chapter. From the point we are at right now, we can only go up. We may be your storytellers, but this book contains your story: exceptional academic success, history-breaking athletic accomplishments, and meaningful and lifelong friendships. We are on the brink of a new era.

Justin Lublow surfed the waves in Orlando, Florida, where his family visits often for competitions. Lublow began his hobby of wakeboarding at the young age of six and absolutely fell in love with the sport. "My parents are the main reason I began wakeboarding; they took me out on Lake Michigan one day, and with hard work and dedication, I finally stood up by myself." Lublow says that wakeboarding can be a bit tricky for beginners, but once you get the hang of it, it's a lot of fun. He encourages everyone to give it a shot. This year at Nationals Lublow placed third in his division- a "very big deal" for him. His family makes sure to get up to Michigan at least three times a week throughout the summer, which is when Justin gets his practice in. "Indiana isn't exactly a coastal region, which makes it difficult to improve on new skills at times. This is why I don't have scheduled practices. I get out as much as I can and enjoy every second of it."

Summer Time: Riding the Wave

By: Kate Corcoran

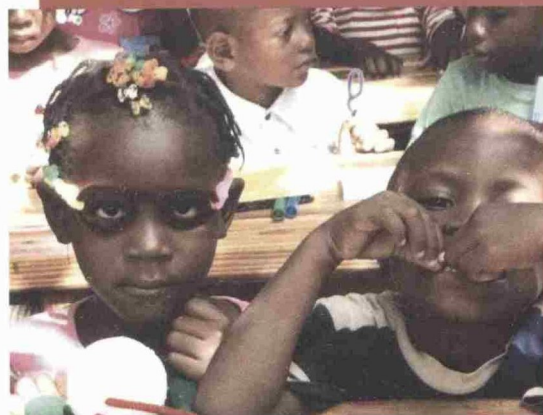

Chill Out

Justin hangs out with fellow wake boarder at a competition in which he placed third. "I'm passionate about wake boarding because I can just let loose and forget about anything that's bothering me."

What a Wonderful World

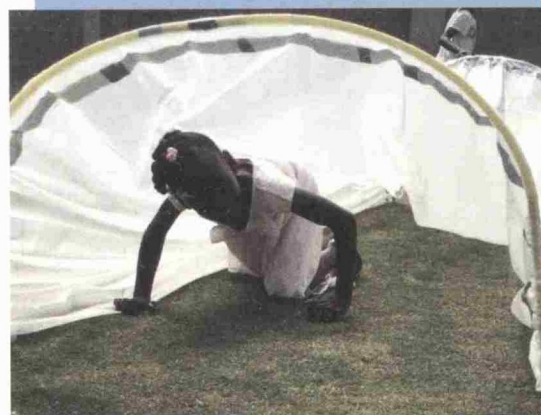

For most teenagers, summer is the best time of the year. Most students spend their time in the sun at the beach, on a boat, lying beside a pool, or on vacation. One of Hanover's very own, Faith Kuhns, chose to give up relaxation and instead travel down to Haiti to volunteer her time to children in an orphanage. Faith traveled with a group of people from Sun Crest Church. Although it is not her home church, Kuhns has been attending the youth group offered at the church for awhile now and "likes it a lot!" Faith has always wanted to go on a mission trip because of the influence from her father and finally got her chance the summer of 2018. "The first time I went to Sun Crest, they were talking about the trip, so I talked to one of the leaders and decided that night that I would be going to Haiti." Faith was eager to attend this special event. Faith also went on to explain that she would love to visit multiple other countries, particularly Venezuela, Africa, or Nepal. One of the greatest lessons Faith learned on the trip was to look past her fears and go above and beyond to help others. "On the mission trip to Haiti, my team and I experienced the mind-blowing heroic actions of many of the Haitians. Seeing all of the things many of the Haitian people were willing to do for us taught me to be so much more giving to others."

Thinking Outside the Box

The mission group gathered the children of the village together to play around with arts and crafts. Some children made figures, while others made figurines and accessories out of pipe cleaners. The group had to be very creative with the activities they chose because many of the items they had in mind for the games were not allowed on the plane.

Fun With a Purpose

Faith was put in charge of a few outdoor activities with a member from her church, Tim. Each of the games, in one way or another, correlated with a lesson that was being taught to the children. In one game the kids played a relay race in which they tied baskets to their head and filled them with fake food; they then raced back and forth. In another game four to five kids had their legs tied together and had to work as a team to get to the other side of the line and back.

Oodles of Noodles

Pool noodles were used to construct an obstacle course for the kids.

Hey, Buddy Bear!

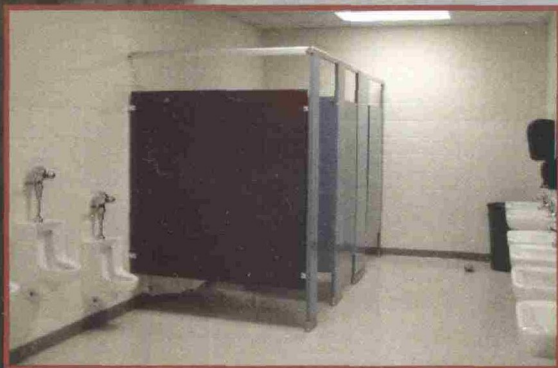

Children found joy putting together kits to create teddy bears that were provided by the missionaries.

Our Time to Know Summer

New Places on the BLOCK

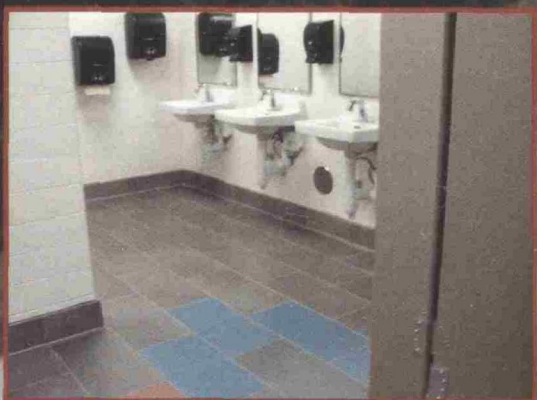

Noticeable updates bring new life to Hanover Central

By: Ian Smith

Then and Now

The new and improved bathrooms are a main talk of the 2018-2019 year. This being because they were an upgrade from the 65-year-old bathrooms the school used to have.

This year at Hanover Central, students and staff witnessed significant architectural change and building improvements both inside and outside. Around the parking lot, new outside lights were installed, which provided greater visibility and efficiency, ultimately strengthening safety around the building. Another exterior enhancement was the new path that leads to the tennis courts. Instead of the straight path of the past, a winding path was poured and completed by Big Jim's Concrete company. It will later be beautified with benches and landscape for student use. Its main

purpose will become an after-hour access point to the media center.

Within Hanover's halls, the pink tile and dated stalls of student and faculty bathrooms underwent a complete transformation. Undeniably, though, the most impressive addition to HC was the brand new media center. With the vision and innovation of James Maciejewski and JMA Architects, they preserved parts of the old media center and incorporated a more modern, contemporary space. Students can now enjoy a comfortable reading/study space, complete with 3D printers and smartboards. Three new rooms were created and are now available for presentations, guest speakers, and distance learning.

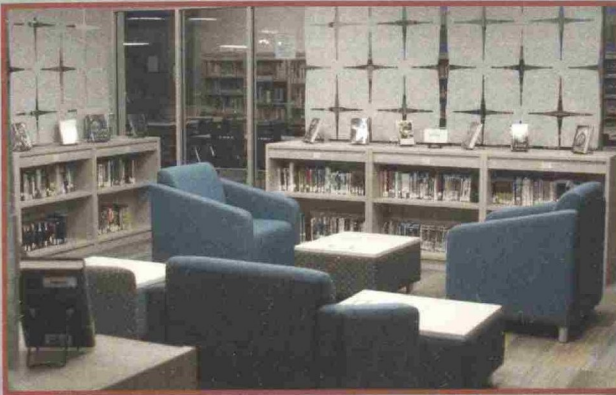

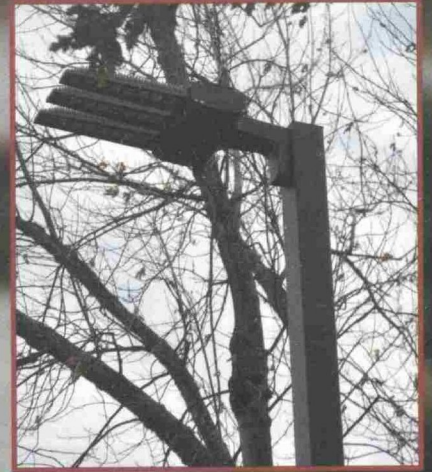

Superintendent Mary Tracy-

MacAulay said, "These changes were necessary so that the students could learn by using the new technology from their everyday life."

With a community bursting at the seams and on the cusp of major changes, this is just the beginning of the changes that will occur in the years to come.

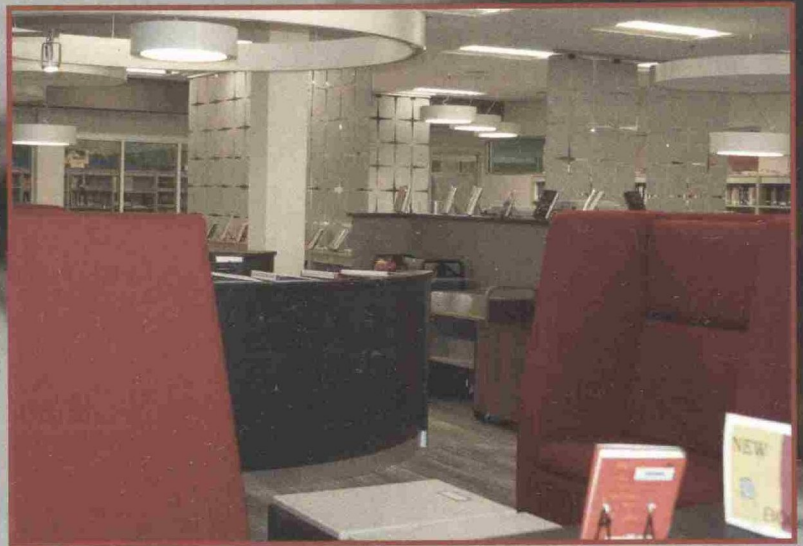

Lighting Up the Night

A noticeable exterior improvement was the new solar-powered lights. The new addition is three-pronged, and they surround the school.

Comfy

A popular and noticeable addition to the new media center was the furniture, which provides more comfort while students complete homework, read, and collaborate. Students may use this space during success, lunch, or when given permission by teachers.

The Grand Opening

On October 1 a ribbon cutting celebration was held for the new media center. Teachers, administrators, students, and community members came to see Mrs. MacAulay, superintendent of Hanover Community schools; Ms. West, principal of HCHS; Mr. Maciejewski, architect and owner of JMA Architects; and Kelly York, Connie Sterkowitz, Scott Burdan, and Jim Sakelaris school board members, unveil this beautiful addition to Hanover Central.

Adding On

As Hanover increases not only in size but in spirit as well, we are constantly acquiring new teachers to satisfy the needs of the student body. This year we acquired six new teachers to educate an array of subjects. By adding new perspectives and personalities, students will get a whole new experience. Nothing is more important than having a multitude of teaching styles for students to have a resources. Not everyone learns the same as others, so having teachers who lecture, or who have more group work, or who let them work at their own pace is necessary. All in all, the teachers here make us who we are when we graduate. These six are just some of the people affecting us and our young impressionable minds.

Mr. Ross stands in front of the building trades house with Jon Izzo and Brandon Hammons. In the front row is Nathan Bowman, Tyler O'Masta and Alex Bradley.

Mr. Mallot explains to Alex Drozd how to use a function on the chromebook during study hall.

Mrs. Flemming walks around to assist anyone who needs help understanding material before the test the next day.

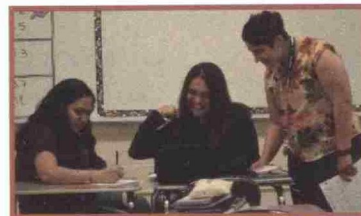

Mrs. Willett answers questions for her students as they complete a review packet.

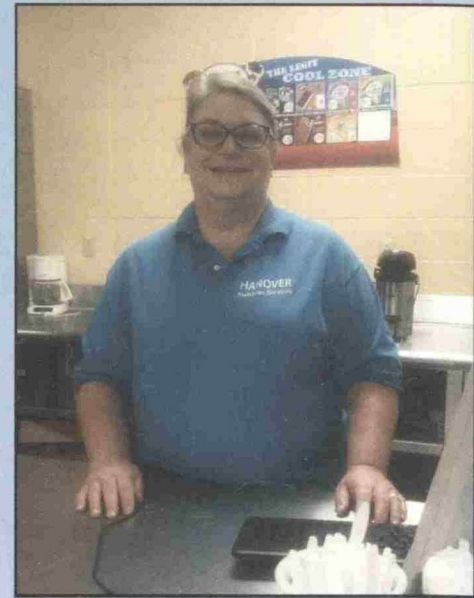

Ms. Carter assists Ali Radanovich with a photosynthesis lab.

Mrs. Isa assists Emily Ortiz and Karina Farfan with a math equation during homework time.

Cooking for the Masses

How nice is it to walk into a clean cafeteria and pick up your favorite food to fulfill your hunger, to see tubs of popcorn chicken and mash potatoes that can practically make your mouth water? What if this was not the case? Every day the lunch workers at HC put forth their hardest effort to feed all the kids at lunch time. Hastily preparing all the meals for 700 kids is surely a hard feat. Talking with Mrs. Marks, a lunch lady here at Hanover, she stated, "I have worked in food service for 20 years!" She revealed that her last work place was in the cafeteria at Munster High School with a large student population, but Hanover still has a lot of kids to serve.

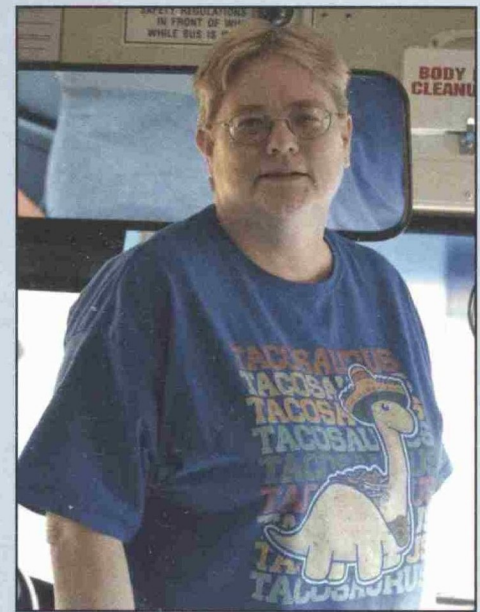

TOUGH WORK *pays off*

Whether serving hundreds, driving a route, or cleaning messes, our secondary staff never lets us down.

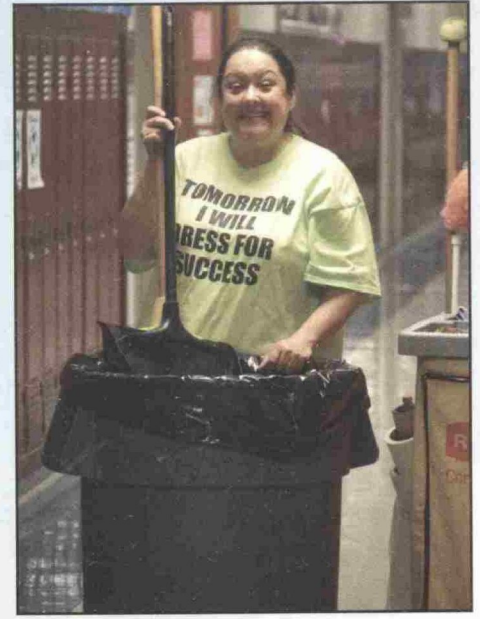

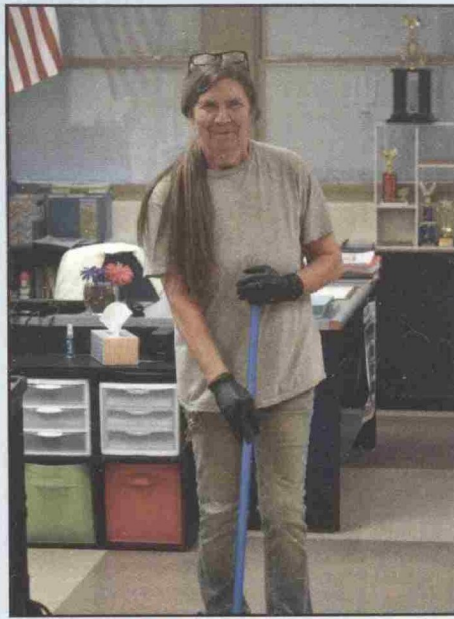

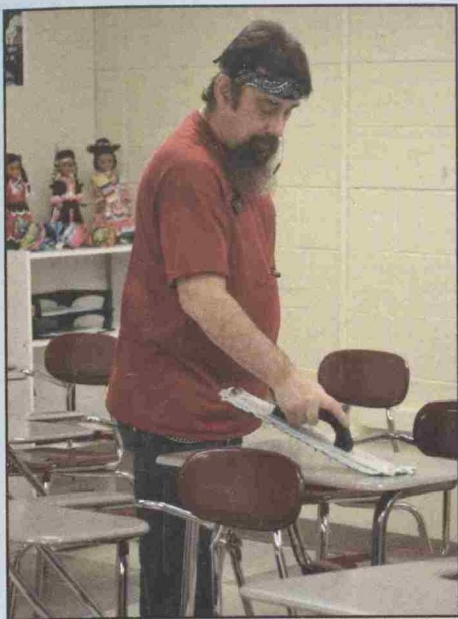

By: Danielle Schmal

Imagine this: You get ready to go, and there isn't a bus, so you must make an alternate plan. You finally make it to school, and you step on a giant piece of gum and see trash all over the floor. How gross! Then, lunch time comes around, and you go to buy lunch, but there isn't any. Sounds impossible right? Well, this would be the case if we didn't have all the amazing secondary staff, lunch ladies, custodians, and bus drivers, working their very hardest. As a student most kids tend to be worried about their high school lives and nothing but that, leaving little to no thought about the secondary staff and the tough tasks they do. After talking with them, more than hard work for the school was discovered.

Meet Kelly

Kelly has worked as a bus driver for 20 years! But she also used to work at a zoo; once, she even had lunch with an orangutan!

Conscientious Cleaning Crew

Janitorial staff members Chris, Rose, and Kris are doing their everyday job... keeping our school pristine. Many students might not notice their impact, but without them, there would definitely be a difference. They are the quiet heroes of the school. They are always the first to arrive each day, cleaning up messes no one dares to touch and befriending everyone who passes by.
#schoolheroes

Extreme Focus on Safety

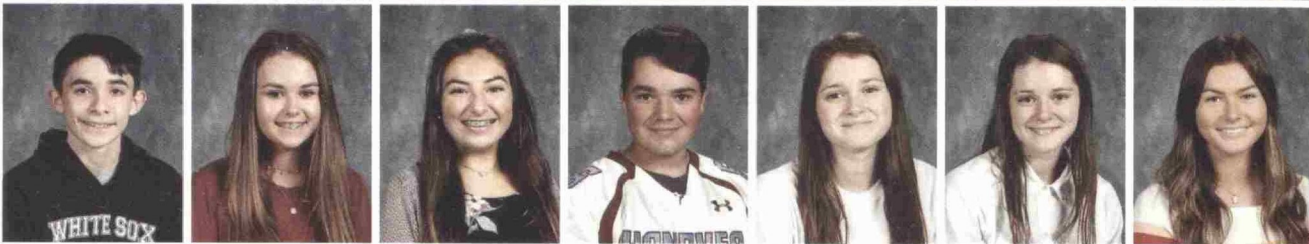

Little do we realize that the one person keeping us safe every day is doing so under extraordinary pressure and with excessive distractions. What seems like a simple task isn't as easy as we might think it is. Kelly, a bus driver in the district responded, "I try to section off different things in my mind, yet focus on them all at once."

The Gift of Dance

"I have been dancing for 12 years. I love it because it is a good way to express emotion, and it is really fun getting to meet a lot of people. I also love it because it helps me manage stress; when I'm dancing, I do not have to worry about what is going on in my life. I just have to focus on the moment and the dance that I am doing. Dance has taught me a lot about how the body works and how to have a long dance career. My favorite style is ballet, but I also do tap, jazz, and modern."

One Person's Trash...

When Austin Gineris saw perfectly good fruits and vegetables going in the garbage during lunch, he knew that he had to do something productive with this wastefulness, so he started the Give the Apple program at Hanover Central. After all of the formalities were cleared, Austin created a place for students to place their uneaten produce, and now at the end of each week, he takes that to the Trustee's office for those in need.

*Denotes number of years in office

An open letter from me to you:

This may seem like a weird forum to share my last wishes with you, but I'm in charge of the yearbook, so I can do what I want;) I know for some of you this path has been harder than others. Some of you have battled from start to finish just to cross the stage; some of you met seemingly insurmountable obstacles along the way that could have easily set you on a less successful course; and some of you skated through, facing only the typical drama and challenges that high school necessitates. Whatever the path and whatever the challenges, you've all gained memories that will stay with you for the rest of your life. You may have yearned to escape this monotonous "prison," but it did mold you into the person you are, and in many ways, it has shaped you into the person you will become.

Moving forward, you should know that life is high school. It is filled with people trying to prove themselves, people destined to stand out, people battling to be heard, and people set on tearing others down. Unfortunately, none of that changes. And like high school, your actions dictate your success. The people who surround you do, in fact, define you. Maybe most significantly, the will to see life positively will lead to a positive life.

I would be remiss in my role if I did not allude to literature in this farewell. While many of you may have only read the SparkNotes version or half listened in class, the characters whom you met in the pages of your books really did have lessons to teach you. Learn from Simon, from his best qualities and his worst. Do not allow others to silence you when you know in your gut that you are right. Be kind to others and do right by them, for the quality of your character is measured by how you treat others. Aspire to be half the man that Atticus was. Have faith in people, and fight for what is just and fair because we need more men and women like him in today's world. Ultimately, be a person worthy of words on a page, a person entire stories are based around: Be that person.

Ladies and gentlemen, go write an amazing story for yourself. You already have a beautiful introduction. Some conflicts have arisen and have been resolved, while deeper plot twists are yet to come. Include as much character development as you can muster. Build a dense and hearty middle, and I hope- many years down the road- your ending is fulfilling. Thank you so much for four amazing years. I hope to know you still in the years to come, and I hope you will share your stories with me as you venture into this world. Good luck, Class of 2019. I love you. - Mrs. Duffy

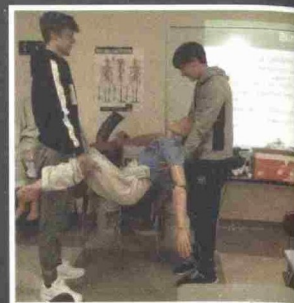

A Difficult Choice Made Easy

Selecting a college is often a grueling decision and is sometimes limited by financial availability. When Ariana Arce was presented with the Lilly Endowment Scholarship, the one hurdle that may cause the biggest strain- financial- went away. After seven years without a recipient, the Legacy Foundation presented Hanover's own Ariana with this prestigious

honor, meaning that she could choose any Indiana institution, and it would be fully covered. "I'll be able to go straight into the workforce after college and won't have to worry about student loans. It puts me ahead in ways I don't think people realize. I can't even say what this will mean for me. It's surreal. I almost can't believe it." With this distinction, Ariana truly had the privilege of making a guilt-free choice. In the fall of 2019, this former Wildcat will be a member of the Fighting Irish and will grace the University of Notre Dame's

campus with her brilliance and grace to pursue biology "to study alternative treatment development for people with Li-Fraumeni, syndrome, like amino acid therapy." Best wishes, Ariana!

Cole Schultz, Maddy Setser, Olivia Sroka, Michael Haskell, Blake Rogers, Nick Felthouse, Arin Voltolina, and Ashley Owen learn how to "Step in Time" before Spec.

Ready to Rescue

Kyle Anderson, junior, and Joey Clidewell, sophomore, demonstrate what they would do if they had to save a life.

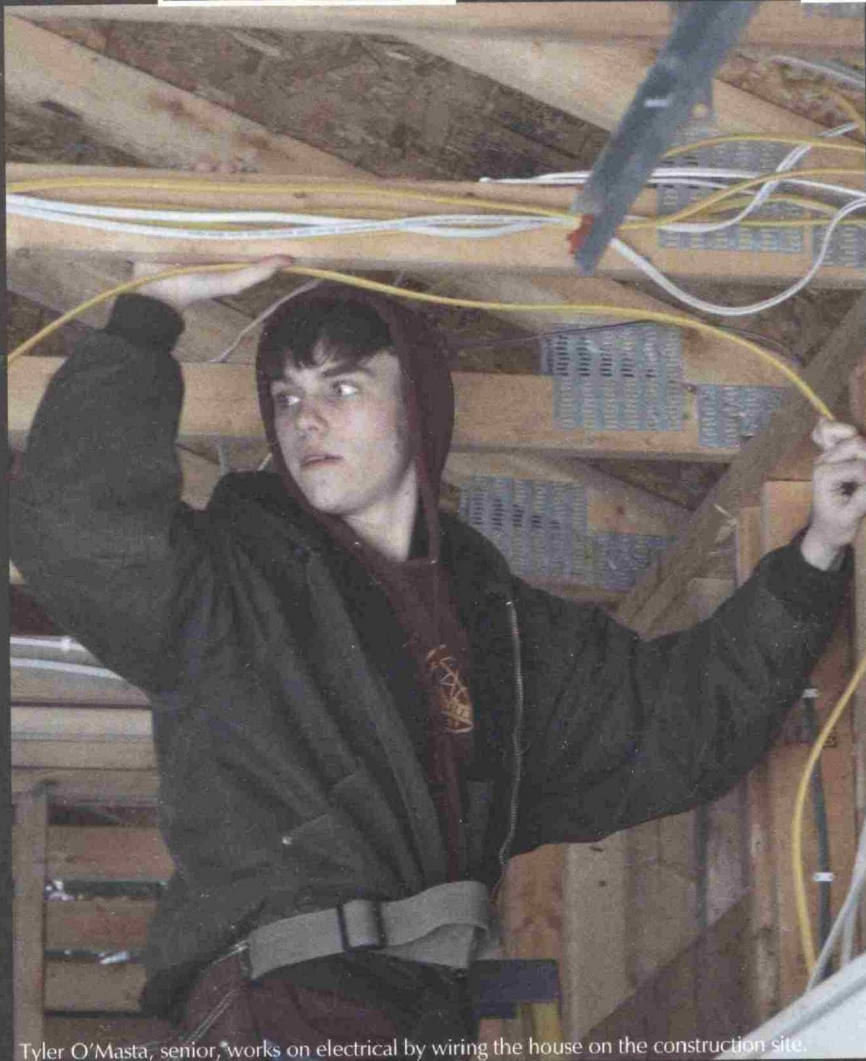

Facing the Task Together

Tyler Heintz, Ariell Baker, Dennis Dahn, and Maddy Kartz complete their assignment in Mr. Cantoni's class.

Happy Birthday, Billy Boy!

Cody Donovan points Kurti Maish in the right direction as Zach Puent, Andrew Krout, and Zack Thurn look on. Kurti had to pin the quill on the Bard during Shakespeare's birthday celebration.

Tyler O'Masta, senior, works on electrical by wiring the house on the construction site.

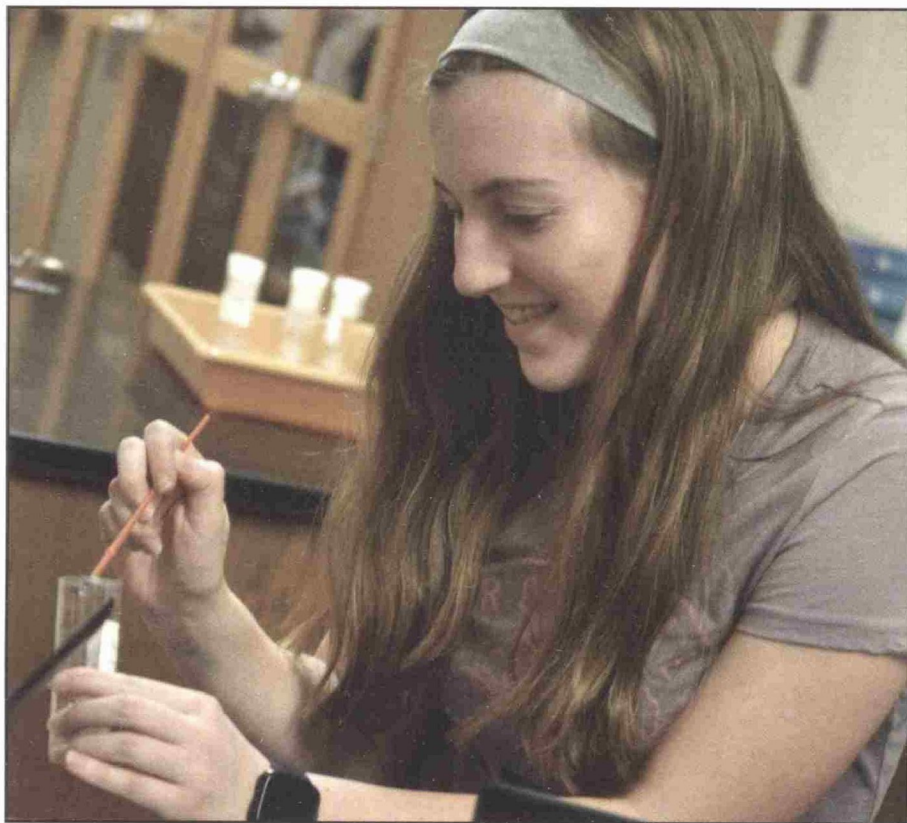

Alex Wachadlo performs their competition piece.

On the BRINK of Knowledge and Discovery

Questioning The Subjects

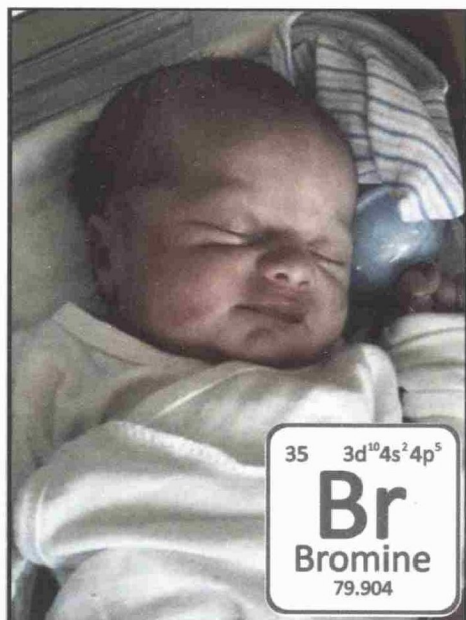

Making a Change One Subject at a Time By: Star Sanchez

Why would we even need to know about physics, chemistry, and math? Teachers face this question often, and it is up to them to make these subjects engaging. Math teacher Mrs. Mendoza states, "The kids do not know that this stuff will benefit their future, like when they are building their houses or choosing their future career." Mr. Joyce loves teaching for the students and makes geometry fun with an occasional math joke. Mrs. Kaste, chemistry teacher, welcomed a child during the second semester and had her classes in on the excitement by having them guess the gender of her baby. Her substitute for the rest of the year, Mr. C, was not very familiar with chemistry, but he worked well with students and tried his best to help prepare the AP kids for the AP test. Ms. Ayers, who teaches calculus, got engaged this year and revealed the exciting news to her first hour by wearing gloves and having one of her students take them off to show off her ring.

Fruit Flies are Fun?

Freshman Elaina Willy uses fly nap to make her fruit flies go to sleep. Mrs. Snedeker's classes experimented with fruit flies to get to know more about genetics. They were very interested. While doing the experiment, Elaina said, "It was very gross, but interesting."

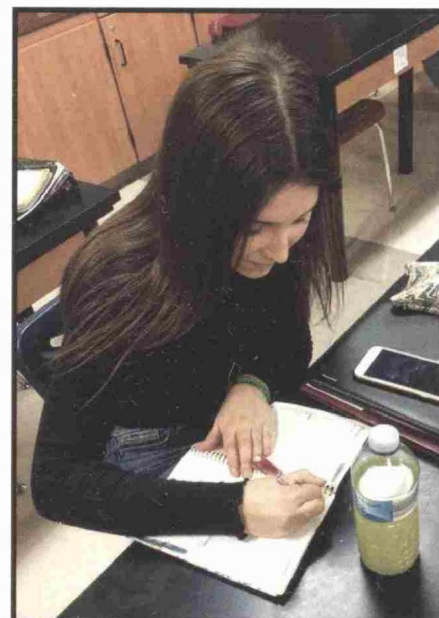

35 $3d^{10}4s^24p^5$
Br
Bromine
79.904

Agendas Work!

Writing down her chemistry assignment, sophomore Ella LaLonde explained, "Chemistry is a strong subject for me, and Mrs. Kaste and Mr. C are great!"

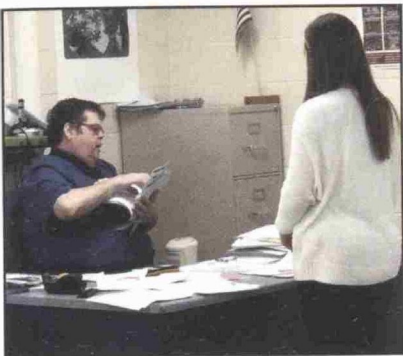

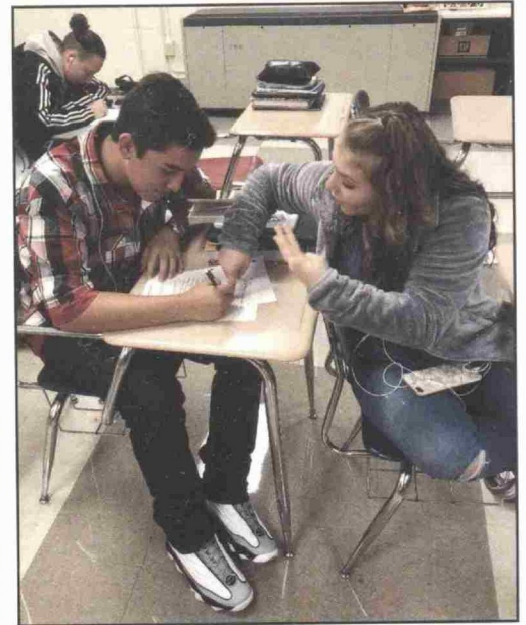

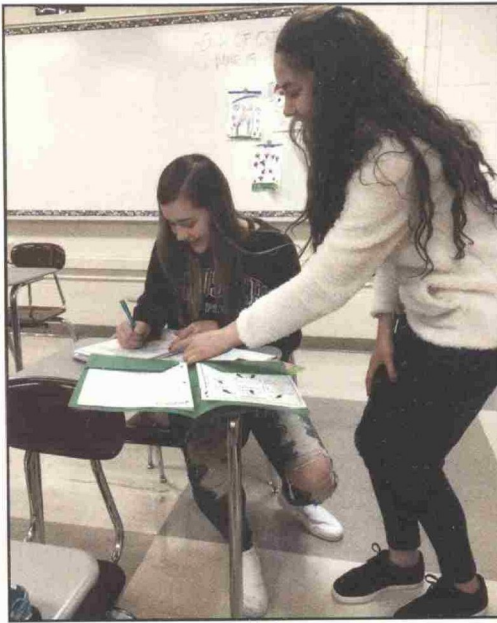

Welcome, Krypton!

Mrs. Kaste, who teaches chemistry, welcomed her first child during the school year! She told students his name was going to be Krypton, but the Kaste's settled on a more traditional name: The Hanover Central family welcomes Benjamin Robert to the world! As soon as students heard the news, they put their chemistry knowledge to the test and resolved that Mr. Benjamin must have been named after bromine- not likely as it is incredibly harmful- but at least the students were thinking!

Helping Hand

Sophomores Kaitlyn Kil and Joy Gliwa, Damien Albor and Irene Erikson depend on each other as much as they rely on their teachers. Sometimes lessons simply make more sense when explained further by a peer, which is not to discount the value of their educators. "Mrs. Isa is a great teacher, and I enjoy the class," Kaitlyn Kil explained.

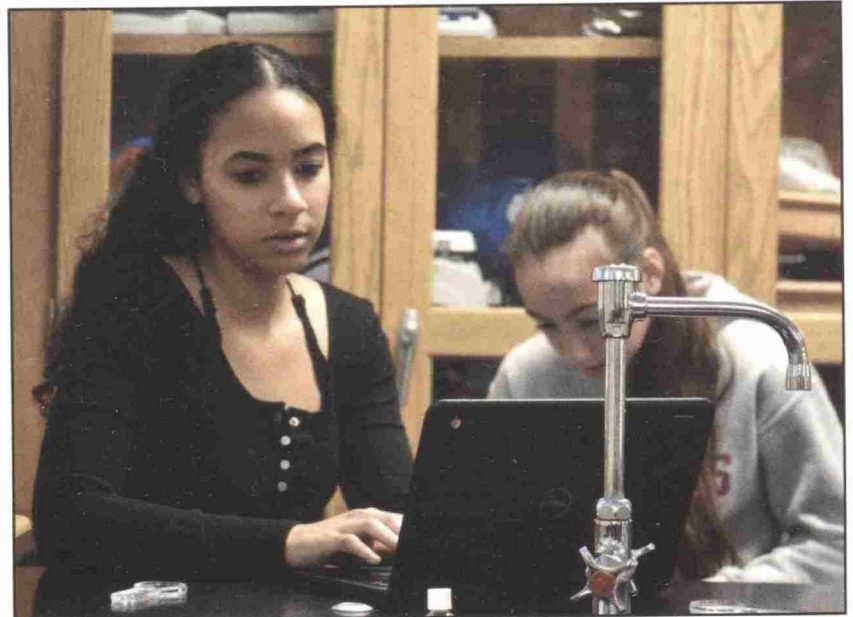

Tests Tests Tests

Mr. Joyce hands back a quiz to student Katelynn Corcoran. Mr. Joyce teaches geometry and Probability and Stats. He said, "This is my castle. You follow my rules." He loves his students. Another great quote is, "We don't need to talk about cheese!" It is his twentieth year at Hanover Central!

Hard Workers

Pictured to the right are freshmen Giselle Barriga and classmate Chloe Reitsma. They are collaborating on a biology assignment. "Working with peers is always better for me. It helps me more rather than working alone," Giselle said.

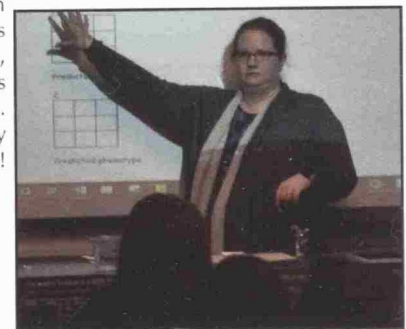

Women Making a Change

Proving that the field of math is no longer just for the boys, the teachers featured above are the stellar female math teachers of Hanover Central. They all love teaching their students and love the subject. Miss Ayers, Mrs. Mendoza, Mrs. Isa, and Mrs. Wright have a big impact on Hanover students.

Punnett Squares are Pleasant !

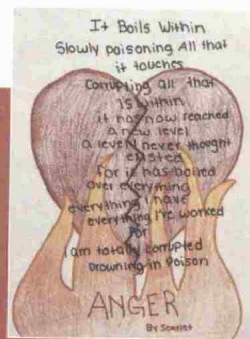

Mrs. Snedeker, one of Hanover's great biology teachers, stands in front of the smart board teaching Punnett Squares. "Learning genetics is always fun for me!" freshman Lauren Smith, who is pictured to the left, said. Behind her is friend Sam Basile. Sam is shocked by the flies!

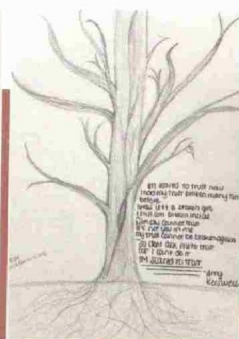

Breaking Barriers and Merging Minds

By: Verenisse Napoles

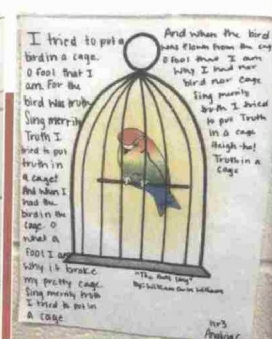

"If you talk to a man in a language he understands, that goes to his head. If you talk to him in his language, that goes to his heart." ~ Nelson Mandela ~

Corinne Meekma

Hope Walkowiak

Analicia Cortez

I've heard people say English and Spanish classes are really hard or boring. I've also heard people say that they just aren't necessary. All we need to know are the basics- how to add, subtract, read, and write. But there are many more people who have attained better communication skills in fun and amusing ways, and as a result have loved both classes.

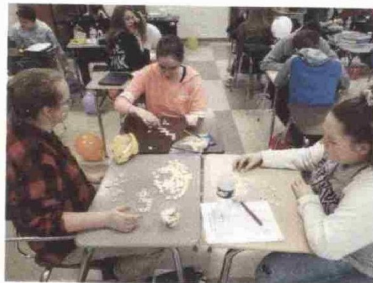

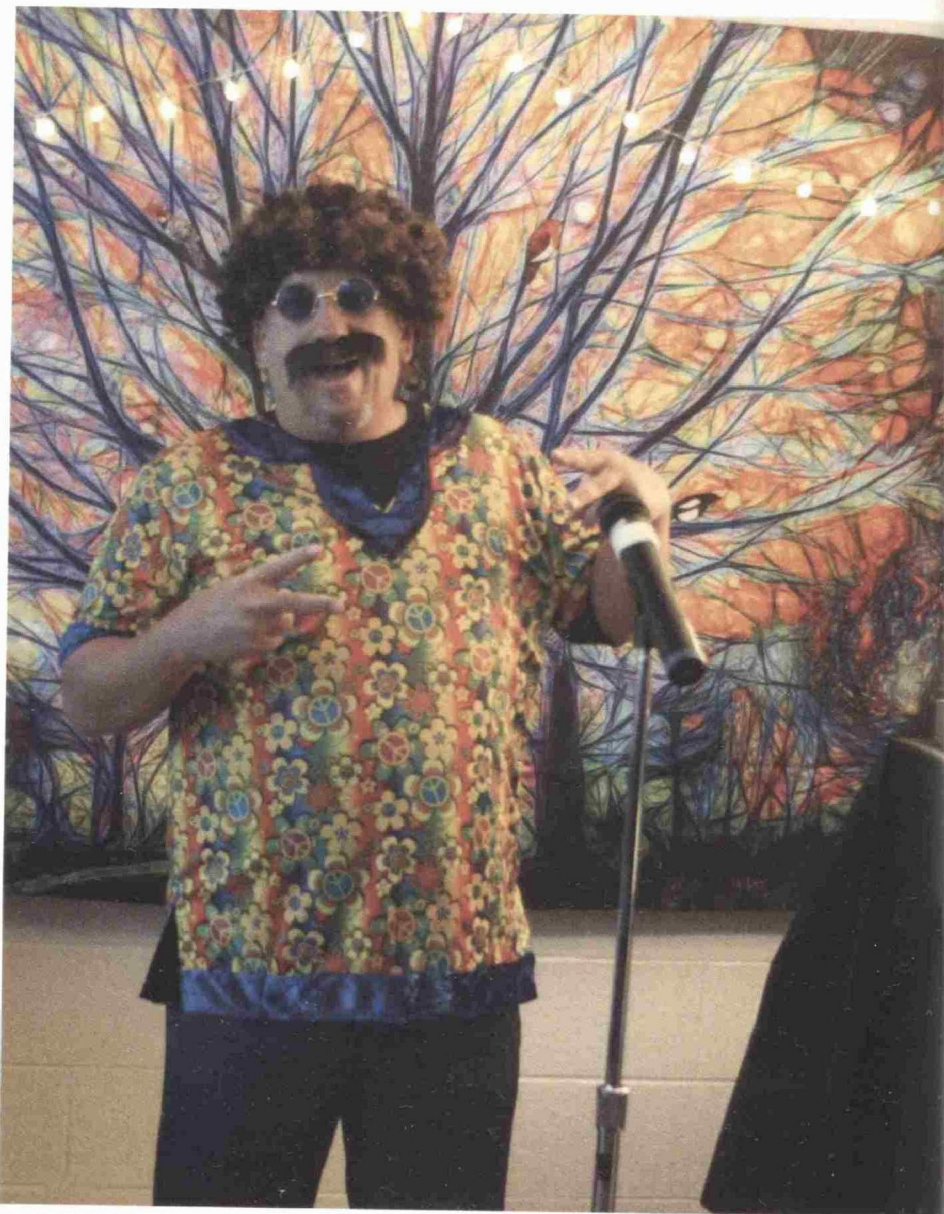

When asked whether it's easier to teach novels or grammar, Mrs. Duffy said, "with novels you have the chance to do more. We have class discussions and incorporate more activities. With grammar, it's kind of like pulling teeth; there aren't that many activities you can do." Mrs. Mesko said, "I feel that the English curriculum is challenging and benefits the students, but doing little activities can be fun and make them more attentive." This shows how teachers believe there are multiple aspects to teaching English.

My mother, a Mexican-American, who grew up taking both classes in different countries, agrees with the need to make the languages accessible through activities and high interest conversation. When learning a language and understanding it, she said, "They should try and make an effort. Go to schools...there are plenty of schools that offer that. Or they can get involved with other sources. Use the television, Internet, or people already bilingual."

"The capacity to learn is a gift; the ability to learn is a skill; the willingness to learn is a choice," Brian Herbert once said. According to my mom, she "thinks it's more about understanding, not about the way you speak or your pronunciation. It's about being able to talk to someone else."

Speaking English opens doors 'para oportunidades' [for opportunities]. You have a chance to learn about a different culture. If you don't know the language, how can you understand them?" The need to focus in class to learn the language, English and Spanish, enables students to effectively communicate and merge cultures and languages together.

From the examples of our esteemed teachers to our family members, learning a new language can be hard and fun, but worth it. People like Mrs. Duffy, my mother, maybe even someone you know, have probably learned something in either language that helped them make a lifelong connection.

Poetry and Shakespeare Are Groovy, Baby
English and American literature teacher Mr. Dunn flaunts his best look of the year. His classes participated in a poetry cafe of Dunn's creation. Desks were arranged in tables covered by tablecloths and adorned with battery operated candles, and students were able to "take the mic" and share a favorite poem with the class. In Mrs. Duffy's classes, Emma Vincent, Caroline Anderson, and Mallory Fitch celebrate Shakespeare's birthday by playing the word game Bananagrams.

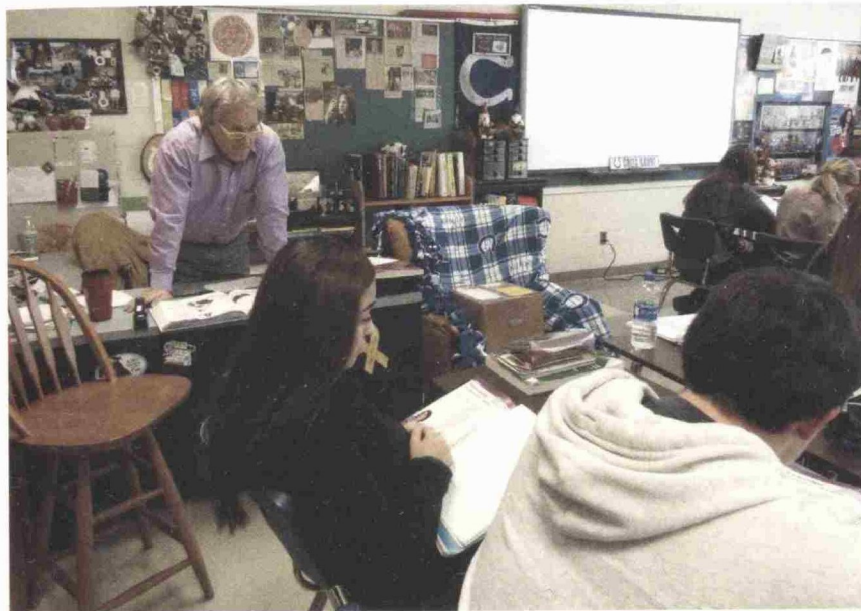

Sugar Skulls

In Mrs. Jimenez's Spanish class, students create sugar skulls to celebrate the Day of the Dead. To celebrate the Hispanic culture, they threw a party with candy and a pinata. These are memories her classes will hold dear forever because they learned about traditions not known to them before.

Flannel Anyone?

When more than one person owns a black and white flannel, a flannel day must naturally occur. In Senor Gustas's 5th hour Spanish III class, that is exactly what they did. Pictured are Aleksa Andjelic, Jackson Foreman, Nolan Tucker, Avi Vega, Madison Miller, Verenisse Napoles, James Toth III, James Kolanowski, Senor Gustas, Christina De Lange, Rachel Fleszewski, Payton Langmeyer, Nick McCarroll, Quinton Gessner, Sadie Naughton, Lily Bachar, Rylee Kuiken, Audrey Harris...and Reba.

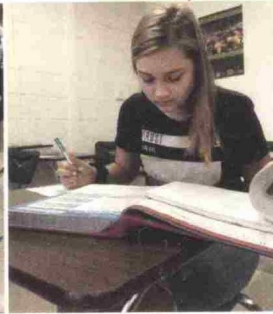

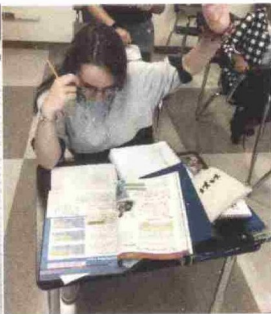

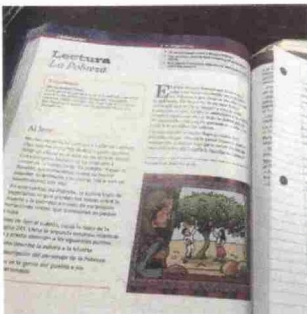

Who's Got the Answer?

Senor waits for a brave soul to answer and shows off his flashy, yellow specs. For those who may not know, yellow is his favorite color.

Words On A Page Turn Into A Story...

Kaitlyn Kil reads and Abby McCampbell asks for help. The story to the left is called "La Pobreza," which means *poverty*. The story has been taught by Mr. Gustas for many years. Reading aloud, the students can practice their speech patterns.

AP Spanish

Carina Bolanos, Taylor Lamparski, Senor Gustas, Lynda Hinojosa, Rebecca Oliver, Aslan Mutuwa, Sydney Maciejewski, Brylle Reason, Jennyfer Silva, Kamden Sarkey, Lucia Novelli, and Ariana Arce

Some Fun Tips To Take These Classes

Duffy- does vocab chains, poems, incorporates a lot of literature with grammar, is fun, caring, hates when people make grammatical errors, is funny, and makes herself clear on what is expected; tries to speak to, teach, understand, and help every student individually. She loves TED talks.

Mesko- does a lot of literature and tries to tie in the previous knowledge gained; loves the English subject, almost every aspect of it; gets tired of teaching, funny, helps the incoming freshmen get into what high school is really about. She also likes TED talks.

Harrigan-Barry- lots of essays; hilarious, loves the literature aspect of English; She believes in two types of writing: journalistic (fun, creative, more of opinion with fact and made to be read for entertainment) and mechanical or proper writing (boring, no grammatical errors, perfect punctuation, meant for formal and professional occasions)

Gustas- prepares you for college experiences, creative in speeches (chooses topics that are interesting to write about), has card games over the Spanish culture of all Spanish speaking countries [lots of cards: :)] because he focuses on the culture aspect of the class, tells funny jokes.

On your birthday, the whole class sings to you, and he makes you wear a sombrero the whole class period.

Mendoza- plays and explains Spanish music to you, does puzzle worksheets for vocab, makes unique Kahoots to improve individual learning capabilities of each student about the grammar rules or vocab, funny

Anderson- Vocab Squares, likes literature aspects of English, funny, very balanced between the literature and mechanical aspect of writing

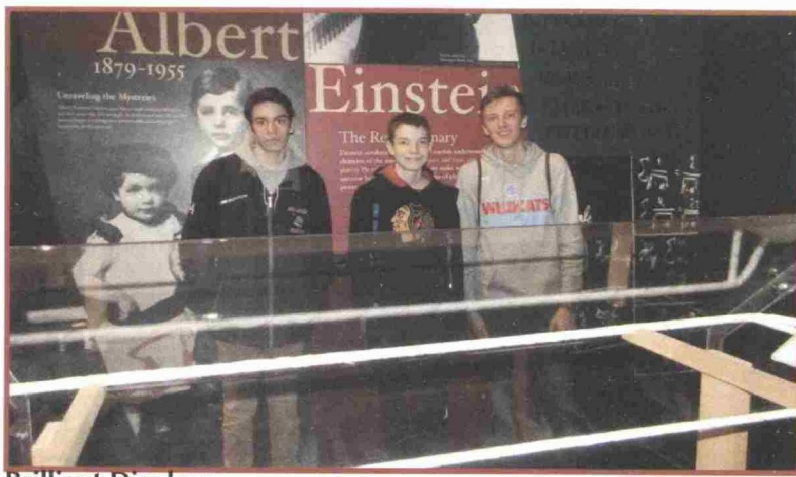

Dunn-funny, very serious about English, focuses on the mechanical/grammatical aspect of writing, very intimidating but it makes you listen and pay attention

All these teachers have many unique qualities that must be experienced and cannot be listed here!

On a side note,

For this year's midterms, Ms. Jimenez took her classes to La Quesadilla, a Mexican food restaurant. Their assignment was to order food in Spanish. They were given a copy of the menu and had to order a full meal on their own. Autumn Pifferetti, Abigail Marciano, Charity Anselmo, and Emma Bultema explained that it helped them interact effectively with others.

Spanish English

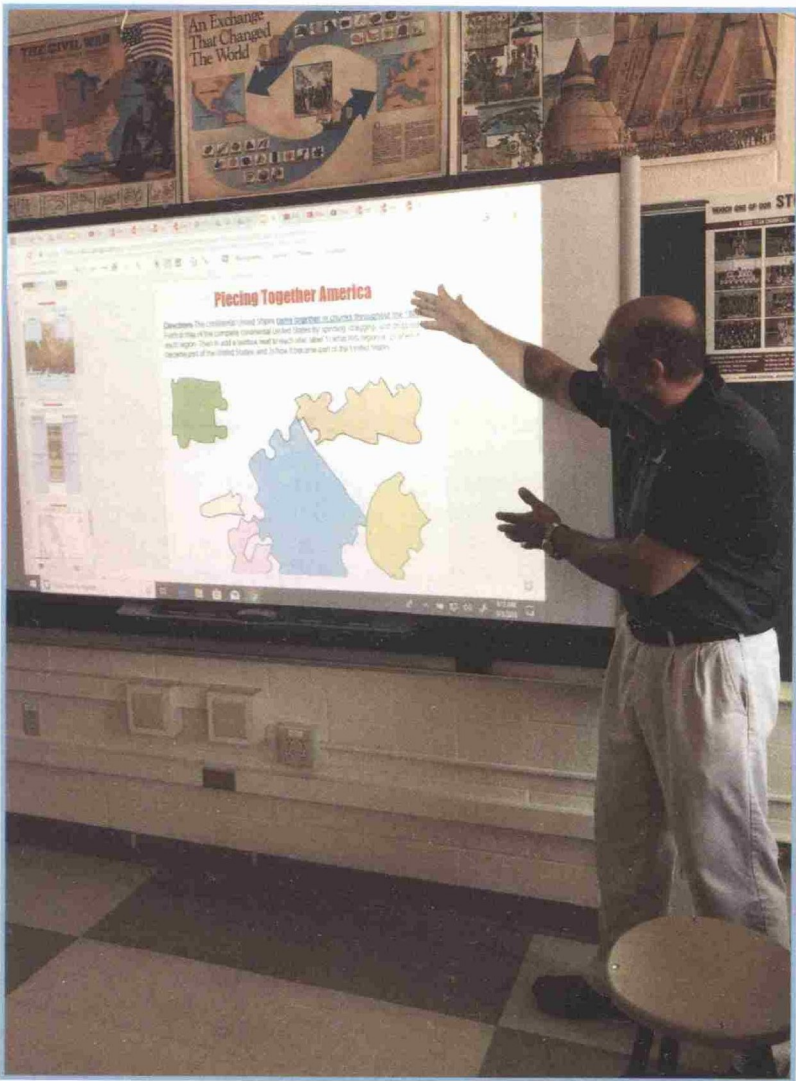

Brilliant Displays

Conor Sivak, Danny Siems, and Zach Fleming stand in front of a display at the Kalamazoo Air Zoo. The boys sure seem to be enjoying themselves!

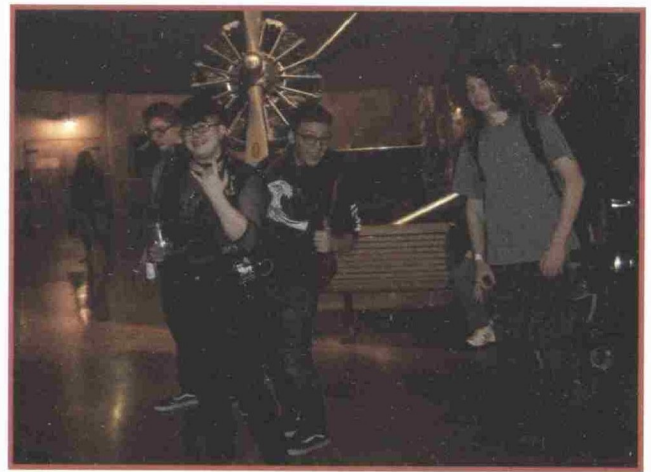

Timeline Trivia

Instead of spending all of their time in the classroom, Mr. Cantoni's class heads into the hallway to complete their assignment. Here, Logan Edgemon completes his questions regarding the Holocaust by following a timeline of events that have been displayed.

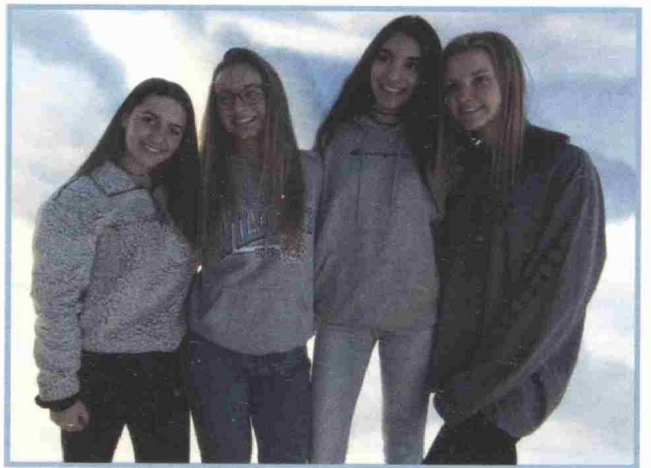

Pay Attention!

Mr. Rowinski stands in front of his junior class as they take notes over the development of the continental United States.

Whew!

Harvey Godsey, Nathan Bielak, and Jakob Zimmer hang out and relax after riding one of the attractions at the Air Zoo.

Insta worthy?

Tyler Chambers, Bri Behling, Maddy Victor, and Maddie Opilka saw the opportunity for a perfect group photo in the sky tunnel and took it.

On a Trip to the Past. On a Journey Into the Mind

By: Harvey Godsey

When it comes to Hanover's history department, we have the best of the best. With four amazing teachers, it is no mystery as to why the students thrive in that area of academia. This year, the US History students took a trip to Kalamazoo Michigan to see the Air Zoo. According to junior, Nathan Bielak, "The trip was super fun. I didn't mind the ride, and I would do it again."

Another part of social studies is the study of the mind. "AP Psychology is taught through discussions and reading that require a higher level of thinking," says teacher Mr. Denton. Even though AP classes may be hard, the students were still up for the challenge.

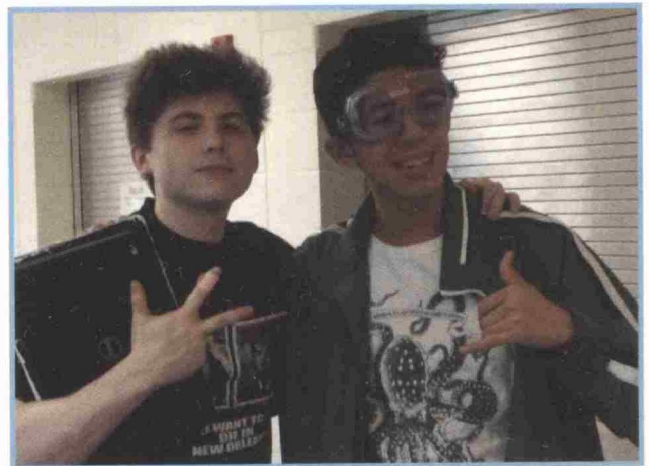

Watch out!

Reagan Noel wears vision impairing goggles for a fun hands-on activity in psychology. Ariana Arce watches and waits for her turn. Reagan said that "It was very weird because everything was shifted more to the left." Jakob Miller and Johnny Willems also enjoyed the activity and noticed a significant, albeit uncomfortable, difference with the goggles on.

Teamwork Makes the Dream Work

Natalie Haitsma, Caitlin Gerald, and Connor Belin work on a project for AP Psychology in the cafeteria.

Commit to Be Fit

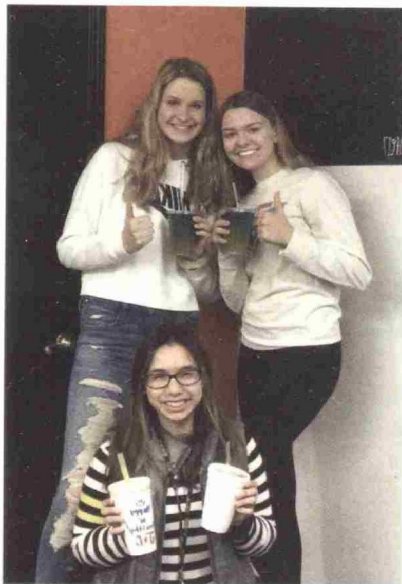

Students Apply Their Healthy Lifestyles
Beyond Hanover's Hall's

By: Priscilla Seniw

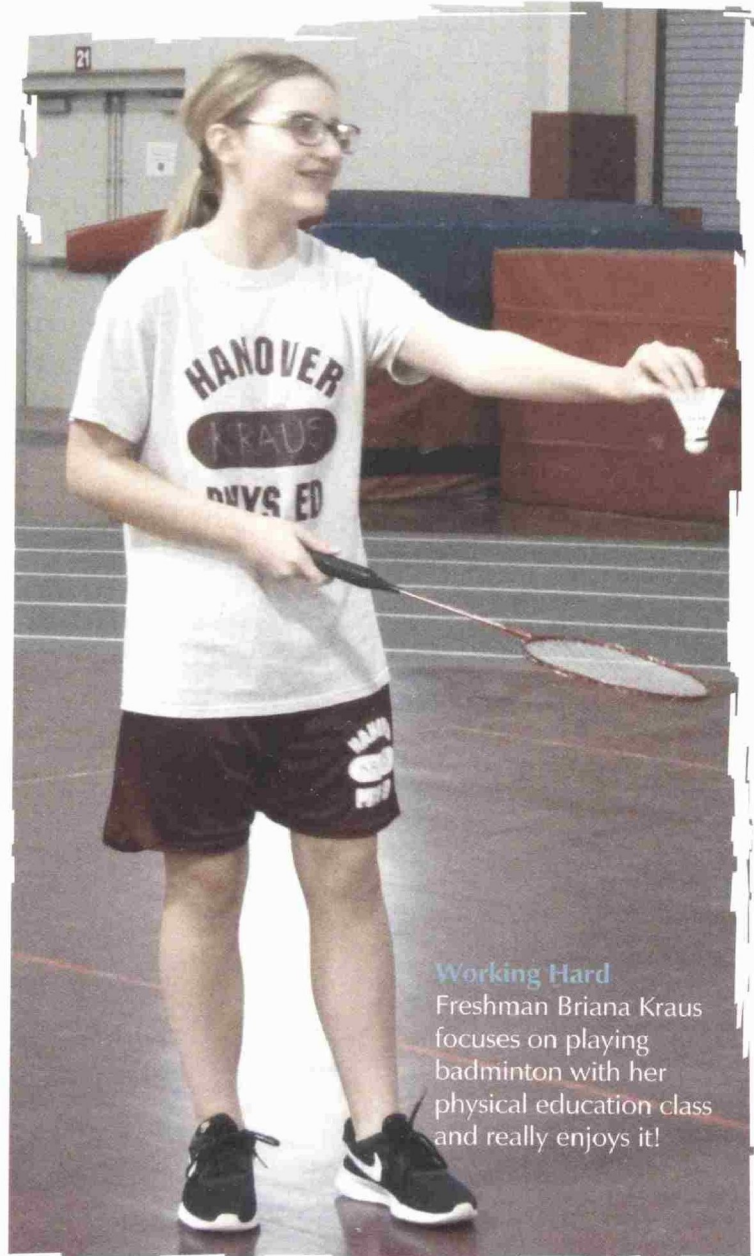

Health and physical education go hand in hand. Health gives you an understanding of the human body and how and why it reacts to things. Physical education is an active break from the strenuous academics in a student's day. It gives their brains a break and lets them get up and move around. For the more active and competitive students, there is an advanced physical education class instructed by Mr. Szanyi. In that class they do more weights, such as free weights, and they get to wear what they want in class, meaning no gym uniforms!

Outside of the classroom, a health trend among some of Hanover's students is a protein shake shop on US 41 called J&C Nutrition. Students go there for a meal replacement shake before school or games. It is a quick and healthy way to make sure you get the nutrients your body needs. Another health trend is a new gym in Cedar Lake- Anytime Fitness. Students go there before or after school to get their daily workouts in. Other gyms students attend are JAC'D Fitness, World Gym, Evolution Fitness, the YMCA, and many more.

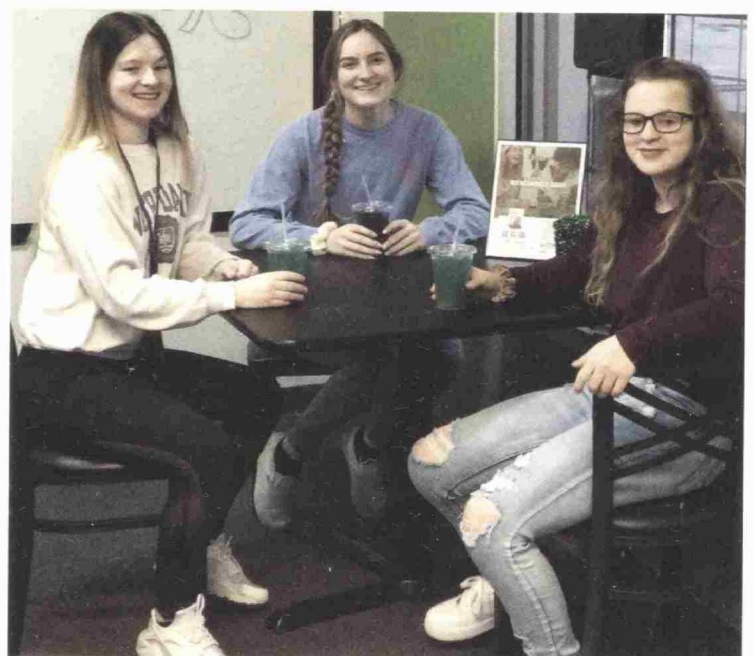

Health and physical education are really important to Hanover Central and have a big impact on the students' lives.

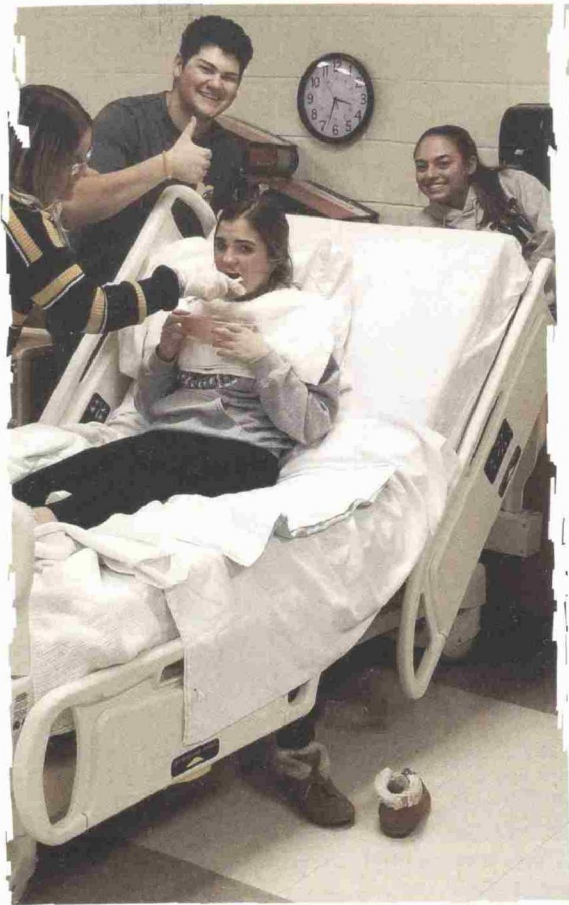

Shake! Shake! Shake!
Ditch the coffee: J&C Nutrition is the new health fad. Whether choosing Chunky Monkey, The Hulk, or Tropical Sunrise, many Hanover students are starting their morning with a healthy meal replacement shake. Julia Blue, Natalie Novorita, and Lynda Hinojosa visit J&C for their morning energy as well as Sydney Szymanski, Josie Knapik, and Sam Szymanski.

Working Hard
Freshman Briana Kraus focuses on playing badminton with her physical education class and really enjoys it!

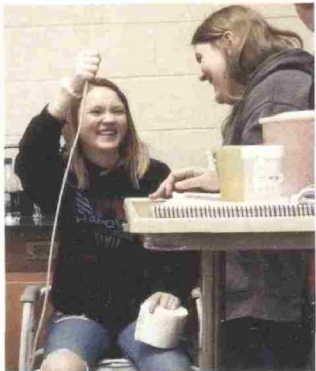

Feeling Sick?
Karina Rivera, Ana Momcilovic, and Mason Cook practice their nursing skills on Morgan Curtis. Morgan is lying in a hospital bed while Mason, Karina, and Ana are trying to treat her. All of these seniors are in the nursing program.

Discover a New Pathway

The Future Awaits!

Emergency Medical Services (EMS) and Nursing are classes that prepare students for working in the medical field. Emergency Medical Services is a good class for students to take to see if the medical field might be something they are interested in. If you take EMS, you have the chance to become certified in administering CPR. The class also teaches students basic response skills.

In just its second year at Hanover, the nursing class is growing. The students in nursing leave their last two hours of the day to take care of patients in nursing homes. It is real work that they get to experience before the real world hits them.

Messing Around
Ashley Galbreath and Cathryn Reasor play around during class. Cathryn is practicing the medical skills that she learned from class on Ashley.

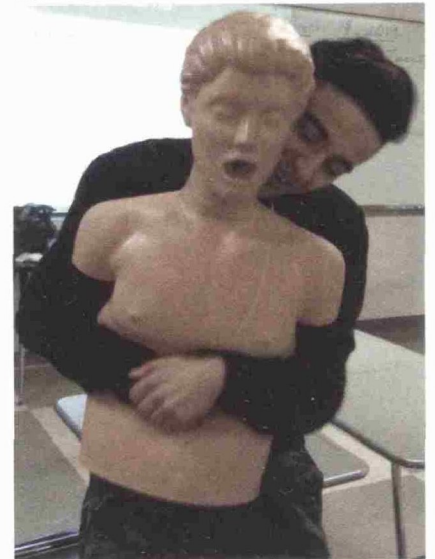

Fun Fact: In an article from *U.S. News & World Report*, the field of nursing is projected to add more than 64,000 jobs between 2016 and 2026, according the Bureau of Labor and Statistics.

Are You Okay?

No, Steven Hoover is not giving his best buddy a hug; he is actually practicing the Heimlich maneuver, a life-saving skill that EMS students learn throughout the course.

Working Hard
Caroline Armstrong and Erika Lopez work together to finish their assignment. Erika is putting a bandage and a brace around Caroline, practicing for when they become EMTs. If medicine is not in their future, they will be able to put this to more practical use.

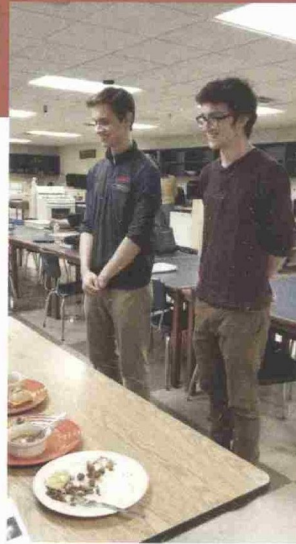

on the edge of

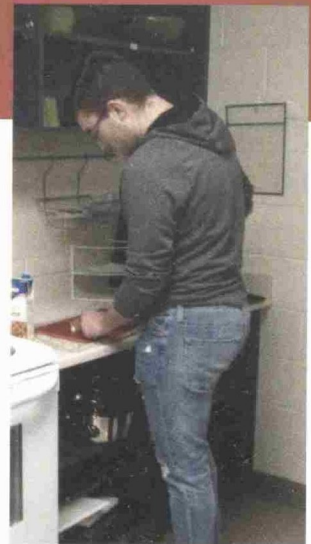

ADULTHOOD

By: Maddy Victor

Culinary and Nutrition are the two classes that are 100% useful after high school. When you graduate, you will eventually move out of your parents' house and have to make your own meals to survive. You will have to make healthy meals because you are responsible for your own health. The culinary and nutrition teacher, Ms. Sheehy, recommends to take nutrition first because what she teaches in nutrition is used in intro to culinary and culinary. In the classes it is not just book work; in culinary you learn how to cook things properly and learn knife skills; in nutrition you make foods with healthier substitutes. Ms. Sheehy likes teaching culinary and nutrition because she sees the progress the kids make in the kitchen, and she has kids who graduate come back to tell her that her class helped them.

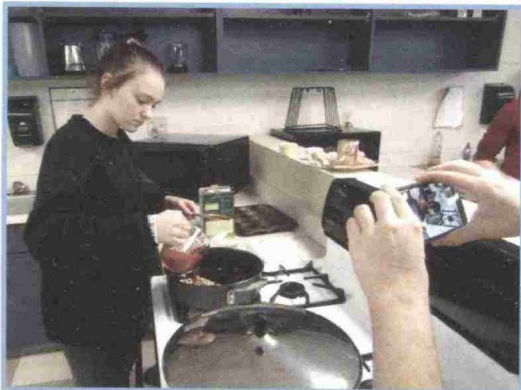

Food Presentation
Austin Seymour and
Cole Schultz present how
they made their food.

Making New Toys Sydney Warmbier and Michayla Ferguson present their sensory boxes to the class. The boxes included toys that would appeal to the baby's senses at different stages in their development.

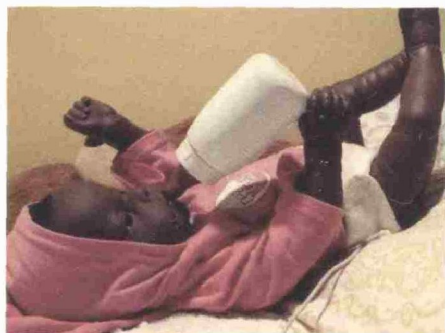

What do Doulas do?

Doulas help in the birthing process and aid the mother in any way after she has had her baby. Amy Bauer came into talk to the students about her job and the different options mothers have when having a baby.

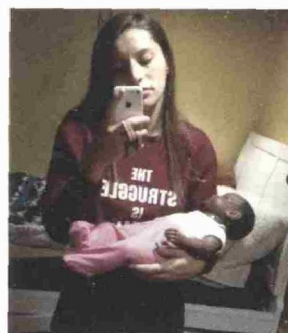

3D Printing

Analicia Cortez shows off her 3D printed spoon. "I made the spoon bigger so then it is easier for young children to use."

A Day in the Life

Senior Norah Heeter shares the experience of caring for her baby: From waking up in the middle of the night, to getting up early, to trying to figure out how to install a car seat, Norah quickly learned how challenging raising a child can be. Norah says, "Through this experience I learned how annoying kids are and how big of a responsibility children are. They are very time consuming, and they suck the life out of you."

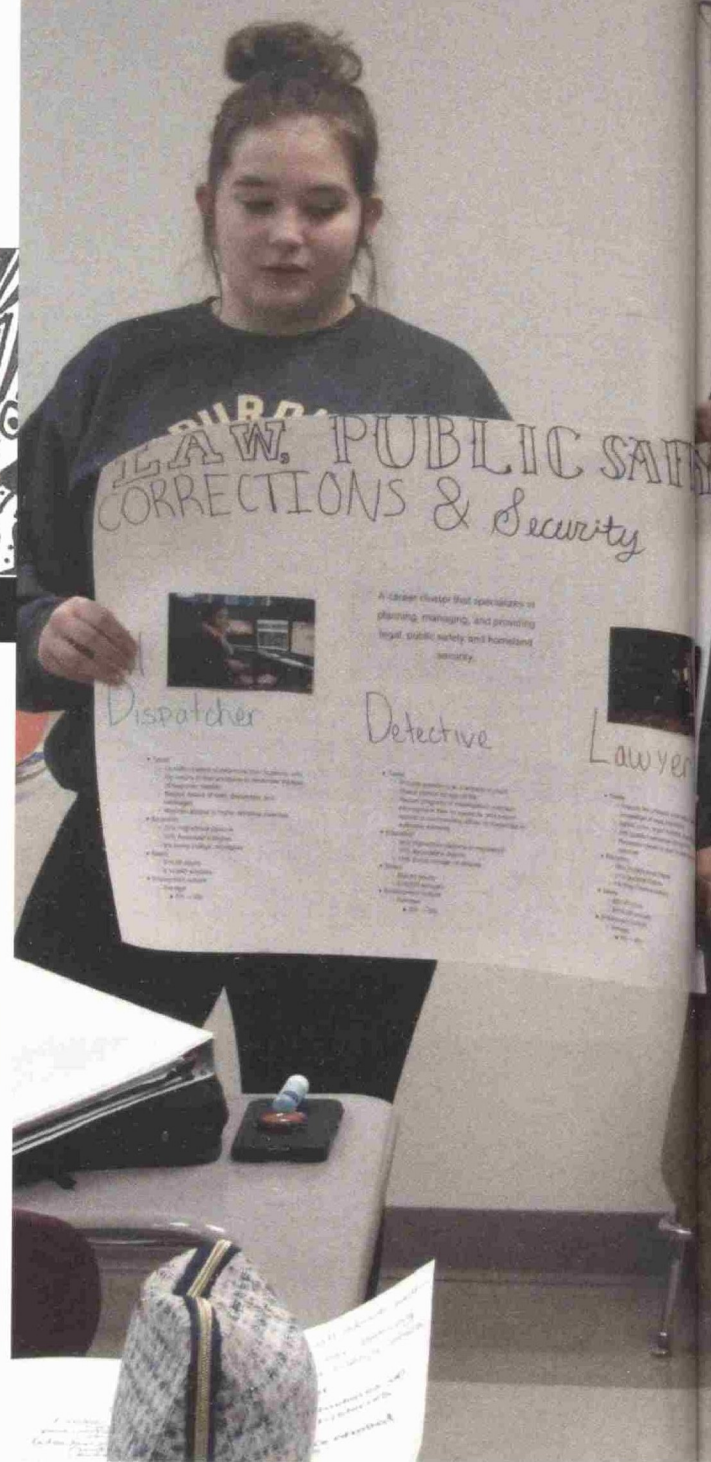

*To learning to
take care of children*

By Natalie Haitsma

According to Ms. Sheehy, everyone should take child development because "everyone will have to deal with children at some point in their life, whether it be a niece or nephew." With an overwhelming lack of boys taking the class, Ms. Sheehy and the other students in her class agree that more boys should take the class. Ms. Sheehy teaches her students about birth, the stages of development, and the proper way to care for children. The students in her advanced child development class travel to the elementary schools and Grand Tots to apply what they have learned in the classroom to real life. The students in child development also receive the pleasure of taking home an electronic baby for four days to get hands on experience with what it would be like to take care of a baby. Brianna Behling said, "The thought of being a mother and having a big responsibility was fun, but it really stressed me out because the baby cries so much." As some would see this as torture, Ms. Sheehy states it is one of her favorite parts of the class and loves seeing her tired students come to school the next day in sweatpants, practically falling asleep in class.

Hannah Schneider and
Kaleb Zichterman-Matusiak

Kayla English and Angelica Powers present their product to the class in the new Wildcat Lounge. Marketing classes made good use of this space throughout the year.

Bringing DECA Back

After a brief hiatus, Hanover Central once again competed in DECA competitions, placing 5th at Regionals and advancing two members to State. Mrs. Willett with the help of Mr. Cantoni oversaw the program. In order to compete on a bigger stage, the boys held fundraisers to cover the cost of transportation and entry fees.

Nolan Tucker and Matteo Montalvo competed well in the speaking portion of their category, Sports Marketing, but they hit a road bump when the written test came. These two young men have paved the way for future success in the program.

Business as Usual

The CTE conference at the Conference Grounds was a big success. The food was great, and students were able to hear many speakers educate about their professions. Nick McCarroll, Tim McKay, Garrett Barlo, and Julia Siska await the next presentation.

On the Docket?

By: Austin Fanta

Business will always be a part of this world. With the help of Mrs. Daniell and Mrs. Willett, students learn the importance of business in their lives now and in their future. One of the most critical lessons learned is how to correctly live life without debt, so personal finance comes into play. From an academic standpoint, another bright side of taking these classes is that both are dual credit. The entire business department faculty have great personalities and are willing to help their students out in class. Students should consider taking these courses because businesses are only growing and becoming bigger, so majoring in business will suit your style of living.

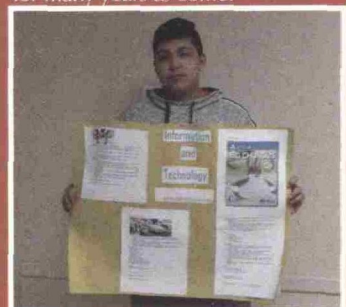

Unity Leads to Success

Jasmyn Burton, Dylan Barron, Colten Zableckis, Olivia Hauge, Leah Ridgeway, Alex Nisevich, and Jayden Gregory participate in a team building exercise in Mrs. Fleming's class.

Looking Ahead

Luke Baswell researches a potential future career and presents to the class. A field in technology promises great success for many years to come.

Getting Those Events!

Katelynn Corcoran and Maddy Victor are at a girls soccer game supporting their friends, but they had to pull double duty for student media, too. Each quarter, students were required to attend ten outside events and then create write ups about them.

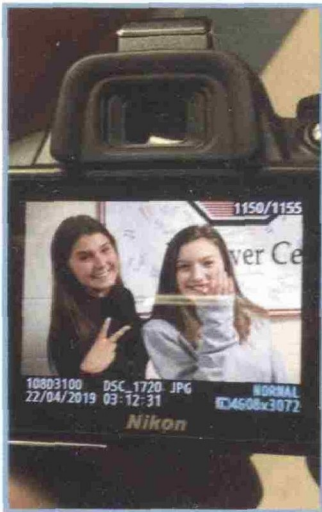

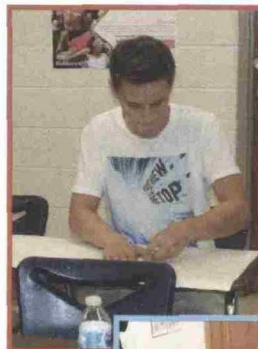

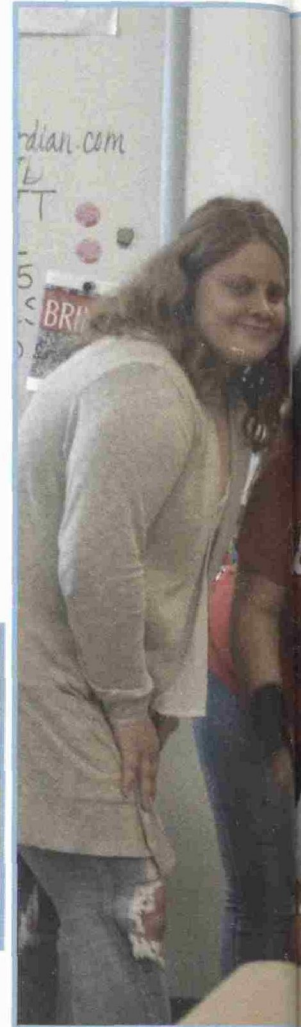

Marketing to the Masses

Austin Seymour, Ruthie Rakowski, and Danielle Schmal use their artistic talents to create advertising posters to increase yearbook sales. Students would create posters throughout the year to go with the seasons and holidays.

Mrs. Duffy to the Rescue!

Brooke Zieminski is asking for feedback on her spread from Mrs Duffy. "Sometimes it takes a little movement to make a big difference on a spread," Mrs. Duffy explained.

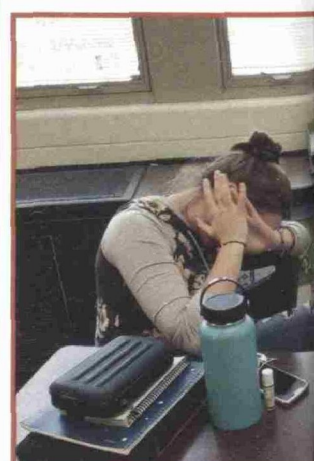

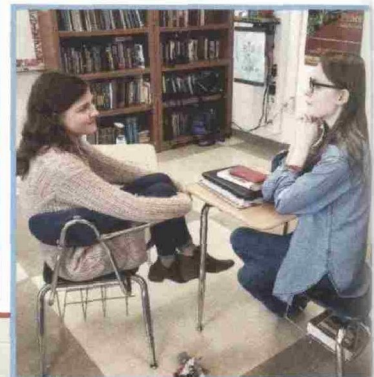

In the Halls

Ella LaLonde and Kylie Clay featured in an aesthetic picture of a picture. They were going to classrooms taking pictures. Ella said, "Student Media is a blast!"

Lightning Round

Forget speed dating. In student media students had to generate conversations against the clock and then turn the table and use information that they learned to create new topics of discussion. This activity was meant to help create more genuine conversations during the interview process.

The Last Day

Pictured above is the entire student media class. This picture was taken on the last day of school. It was an emotional last class.

A Look at What Goes Into the Book

By: Star Sanchez

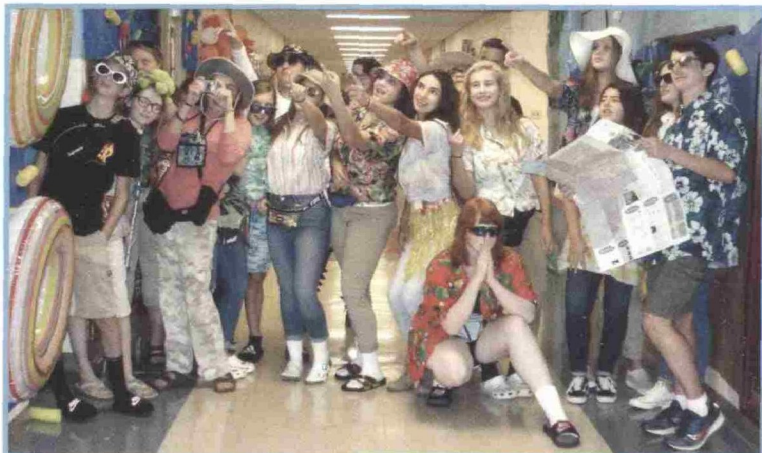

Squad!

Savannah Ferry, Julia Blue, and Star Sanchez are giving cute looks to the camera in this photo. Savannah was sad about the last day, and Julia was happy for summer. Star said, "I am going to miss Student Media!"

Spirit Week

The whole student media class participated in spirit week. This day was tacky tourists. "Lets act like we're looking at something!" Julia Blue said.

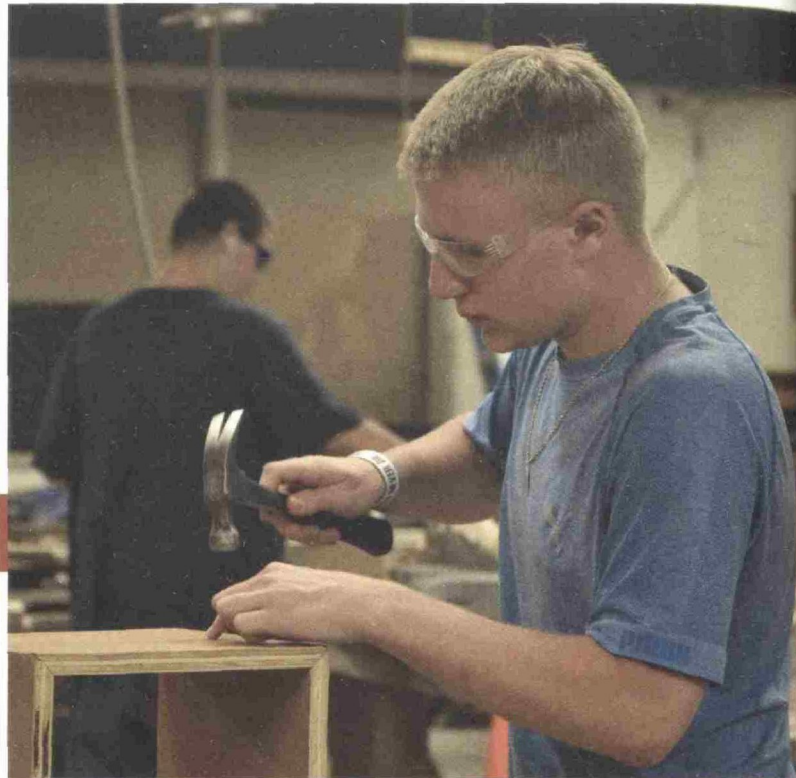

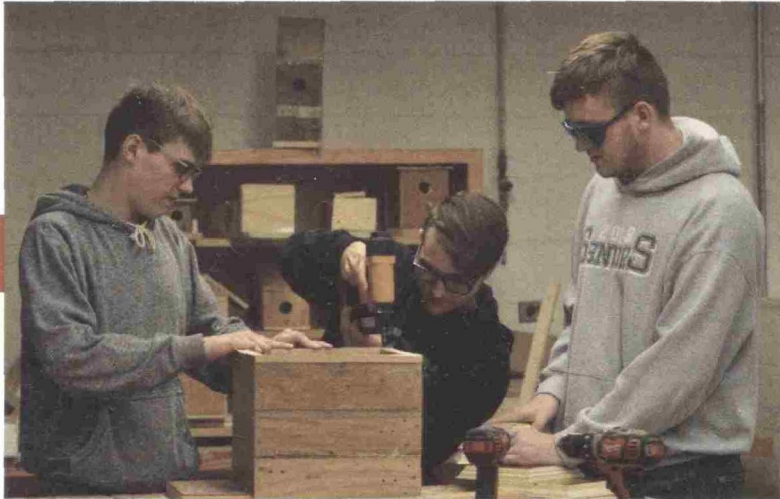

Building a Life

By:Lily Bachar

Safety First

Tyler O'Masta, Brandon Hammons and Nick Burdett always rep their safety glasses while working with anything in the lab.

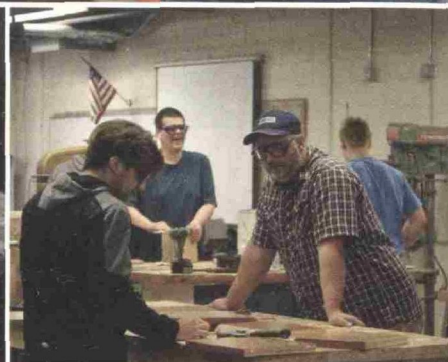

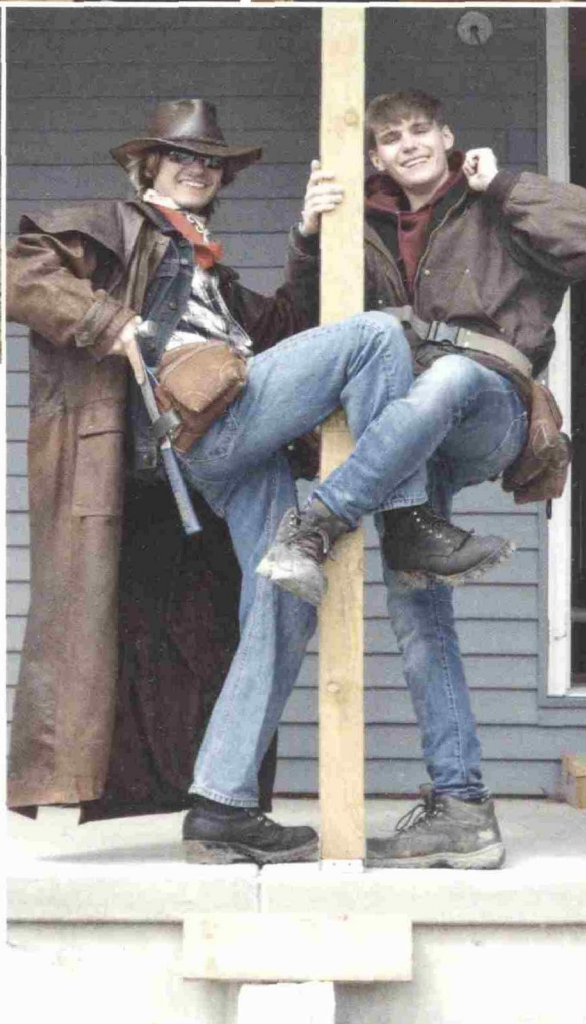

Strike A Pose!

Jon Izzo, Joey Siska, Nathan Bowman, Nick Burdett, Garrett Barlow, Brandon Hammons, Zach Brouwer, Tyler O'Masta and Alex Bradley finish their day's work at the house and posed for a last minute photo on their favorite hill. Not pictured Jason Stern

Best Buds

Garrett Barlow and Tyler O'Masta, still hard at work, take a breather after laying some electrical wires in the garage ceiling of the trades house.

A Watchful Eye

Mr. Ross oversees Nathan Bowman as he makes clean, meticulous cuts in class.

Teamwork Makes the Dream Work

Nick Burdett nails on a new electrical box while Alex Bradley holds it level for him.

UNITED STATES COURTHOUSE

"We Made It!"

All nineteen criminal justice students stand outside of the federal courthouse in Hammond. This field trip took place on February 25. They went on the trip to learn what happens inside the courtroom.

By: Ian Smith

On the Edge of the Law

Unless you're in this class, you probably don't know much information about it. This class is on the brink of popularity. Every year more and more people want to enroll into it. For those who don't know, the class takes place during sixth hour. It is taught by Mr. O'Donnell, and it is located in room 635. In the class you learn about criminal justice and information about what police officers do in the workspace. The class also goes on field trips: Some trips taken this year were to the morgue, the federal court house in Hammond, and the jail in Crown Point.

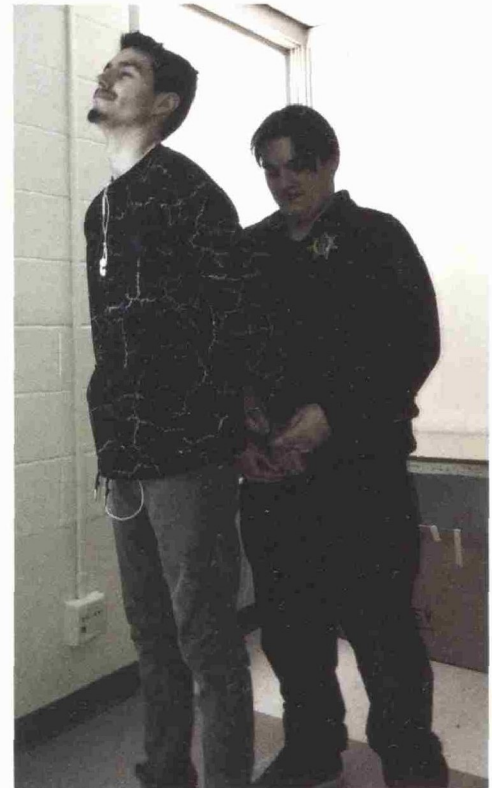

"Order in the court!"

Senior Josh Rivera sits behind the judge's stand. Holding a gavel in hand, he prepares to render his verdict.

"You are Guilty!"

Senior Ellen Conner takes her turn behind the judge's desk. Maybe one day she will be the next RBG.

"You're Under Arrest!"

Seniors Daniel Drozd and Frank Augustiniak have fun in class. The two join forces to reenact an arrest. Daniel plays the role of the police officer, and Frank plays the role of the arrestee.

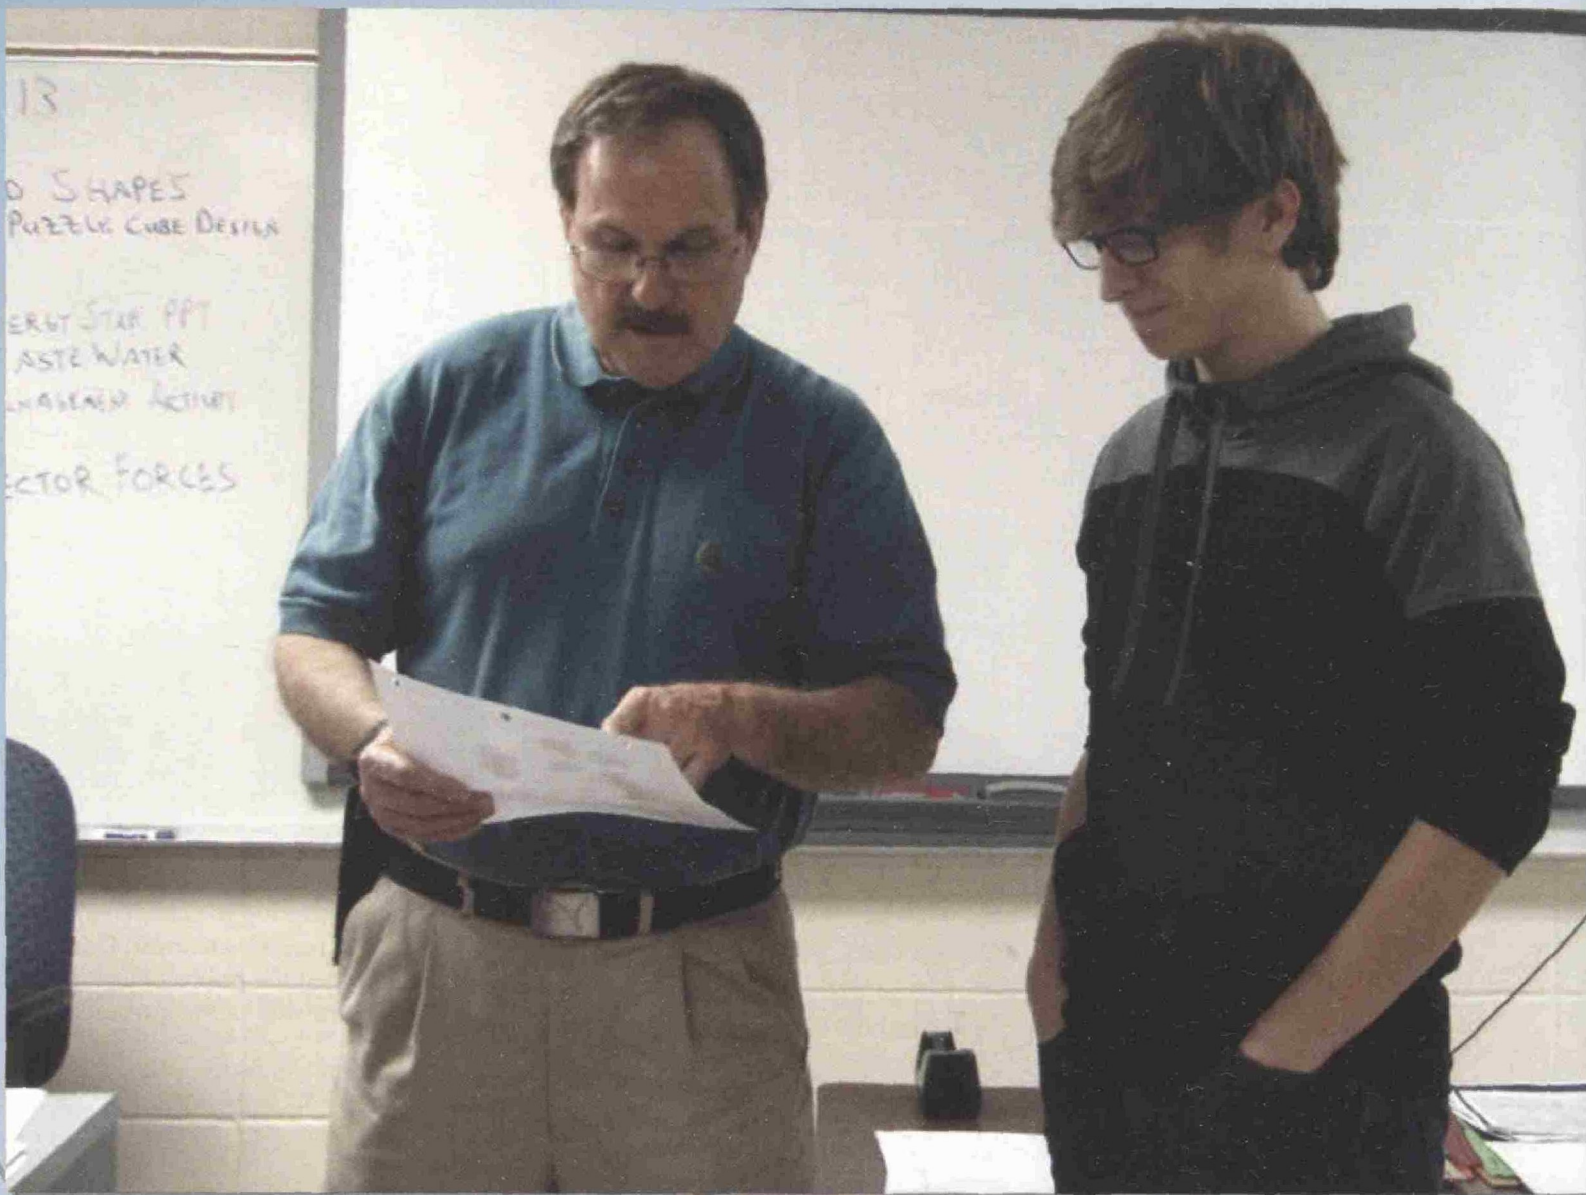

Paving the Path For Students

Mr. Smith is always ready to lend a hand. He is helping turn Niles Anderson's drawing into a computerized version.

Puzzling over Puzzle Creation

Kyle Krooswyk is getting ready to make his puzzle cube come to life. First he needs to assemble the pieces, and then he may test out his puzzle.

Always Ready With a Helping Hand

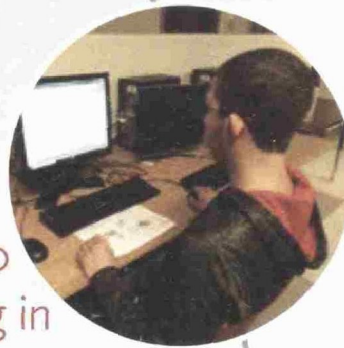

Mr. Smith helps Kyle Thibideau learn some of the equations needed for engineering.

In Pieces

In PLTW's Intro to Engineering students get to make a puzzle cub. Below is several of the pieces that will be turned into a physical cube.

Concentration in Puzzle Making

Below Jerome Vroom is working on his puzzle cube. He has to build a cube, but turn it into a puzzle game. Right now he's concentrating on building his pieces on the computer.

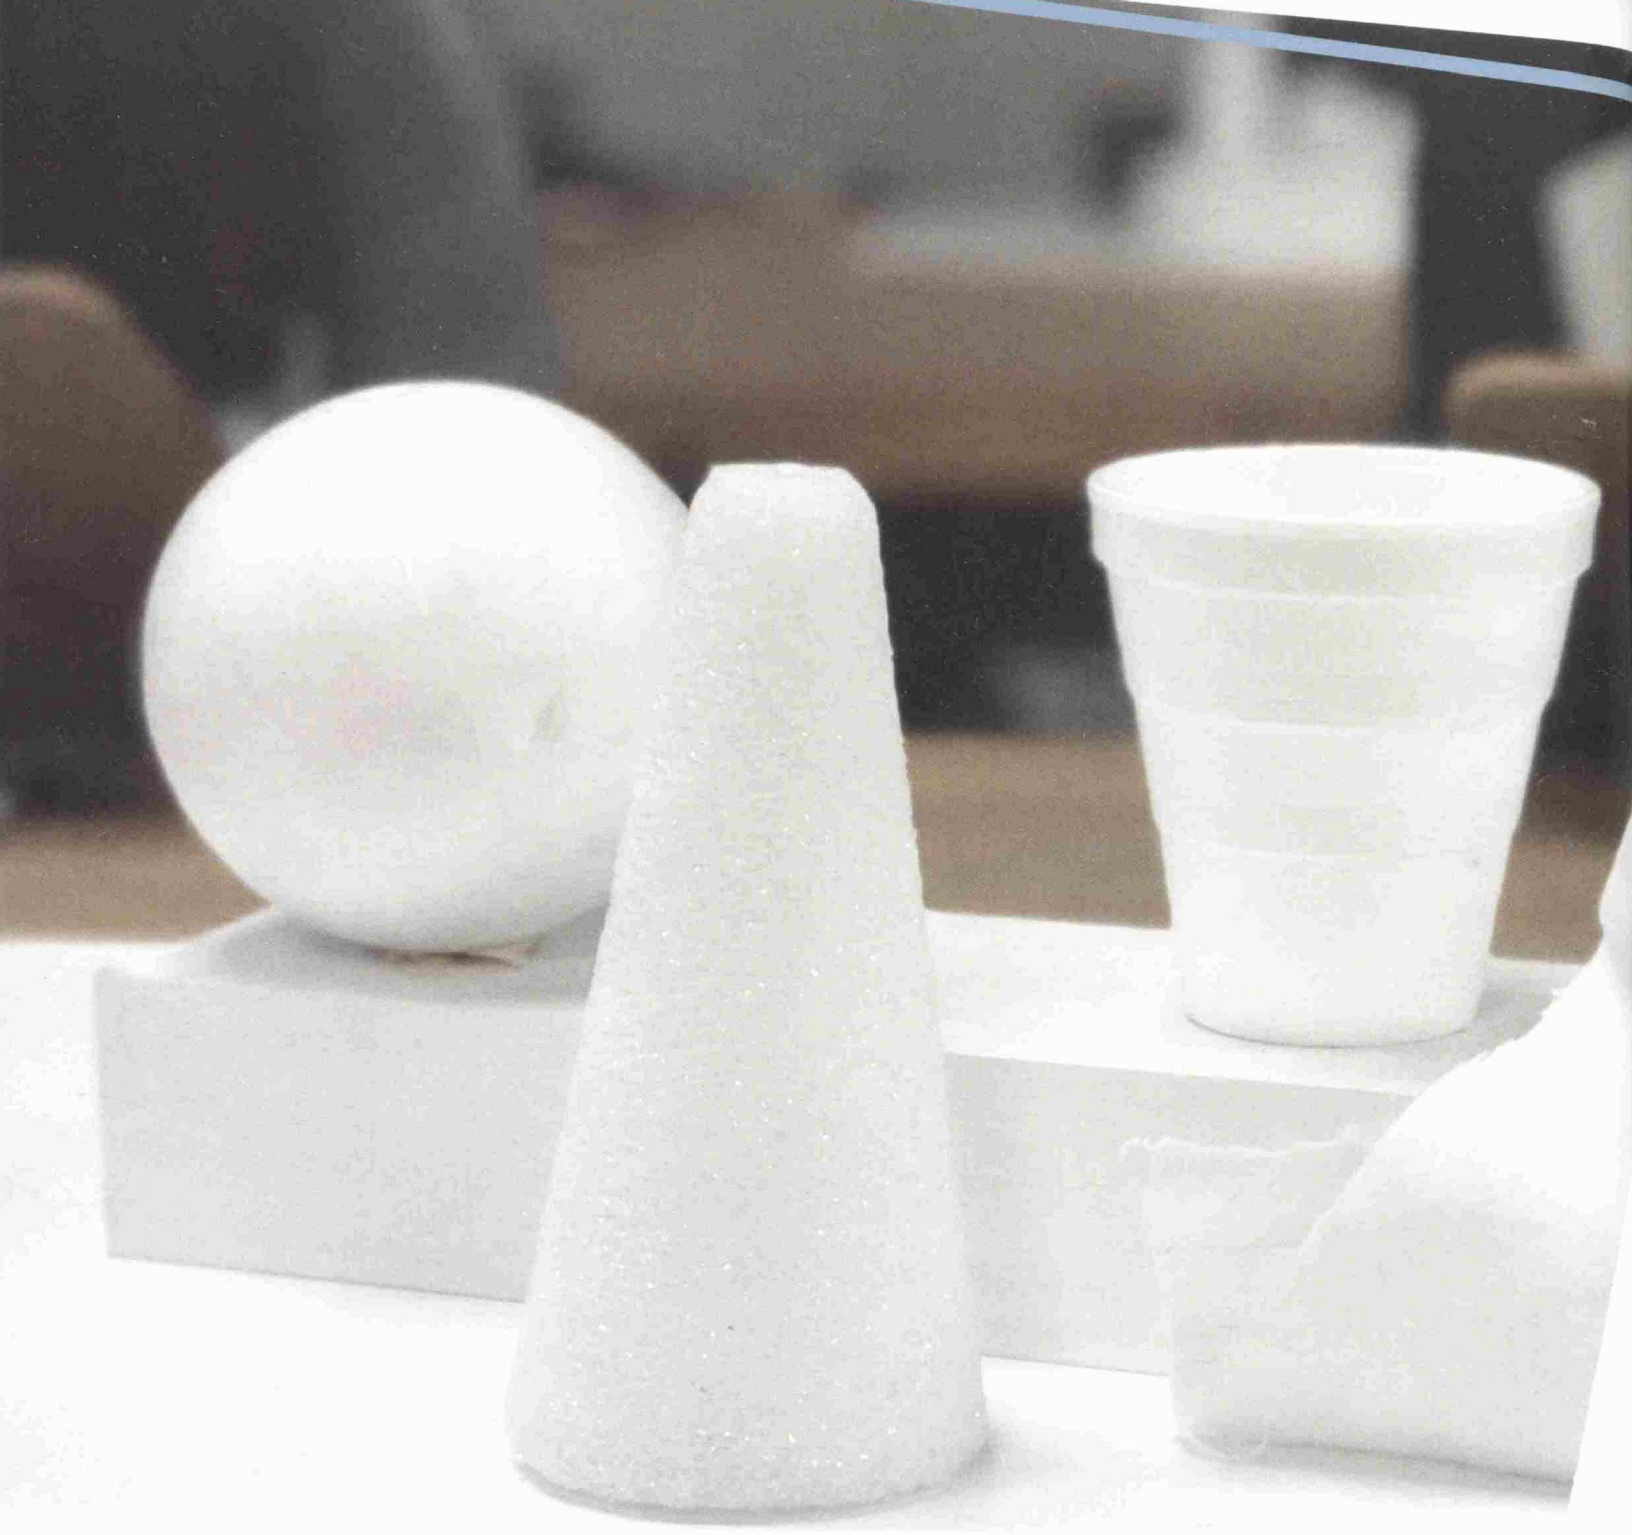

HC students use innovation and technology to prepare for engineering, a field that is growing in popularity with each passing year

Project Lead The Way (aka PLTW) is a program that focuses on STEM courses and how students apply STEM to later careers. It is a nonprofit program that is intended to help students deal with real world problems. They offer courses like computer science, engineering, and biomedical science. They have only been around for about 20 years, so PLTW is becoming more and more popular. The courses our school offers are Intro to Engineering, Principles of Engineering, and Civil and Architectural Engineering. Each of these courses goes over different aspects of the engineering field. Intro to Engineering is the first course you take. It covers the basics of engineering and the skills needed for the field. It teaches students how to apply math, science, computer skills, and engineering to real world problems through hands-on projects.

By: Hailey Doeden

Each student is then responsible for an engineering notebook to document their findings. Principles of Engineering is the next course you go into. It covers different fields of engineering and works with mechanical and wiring projects. Students at our school will get to build a contraption using six simple machines. You'll also build a solar powered car and go into programming and wiring. Civil Engineering is the last course we offer, and it covers one field of engineering students can go into. It covers making floor plans and creating a home. It will also teach students about piping and electrical aspects of engineering. Each course is meant to help students prepare for college level classes for this field. And thanks to PLTW, students going into these fields have a much better understanding of what it means to be an engineer.

Paving the Way to New Engineers

A Lasting Impression

Angelina Burroughs showcases the beginning and the end of her work, which now adorns the teacher's lounge. Not only has Angelina created murals at Hanover, but she also created a masterpiece at Lincoln Elementary during summer.

Hanover's Picasso

Katie Sivak holds her award-winning oil painting 'Melt Down'.

Make Your MARK

By: Austin Seymour

The arts at Hanover allow students to spread their creative wings and express themselves in their own way, while learning how to create pieces with different mediums. They don't only learn artistic abilities, but they also learn how to improve with "problem solving and patience," said John Cotey.

HC artists have slowly carved themselves into the school over the past couple of years, literally leaving their mark on the walls of classrooms and even the cafeteria. Our immensely talented students use these classes as an outlet to show off what they can do on a grand scale. Senior Katie Sivak, for example, is no exception to this. She and other students have worked on murals all over the school. Angelina Burroughs gave the teacher's lounge a much needed update this year, too.

Beyond the classroom, our students have represented Hanover in many art shows all around the Northwest. Mrs. Lola Jean Brink noted that "In the 2019 Scholastic Art & Writing Awards Northwest Indiana and Southwest Michigan Art Region, Katie Sivak has received the highest award possible, a Gold Key, for her sculpture, 'Apathetic Compliance.' Only 5% to 7% of all regional submissions receive Gold Key recognition."

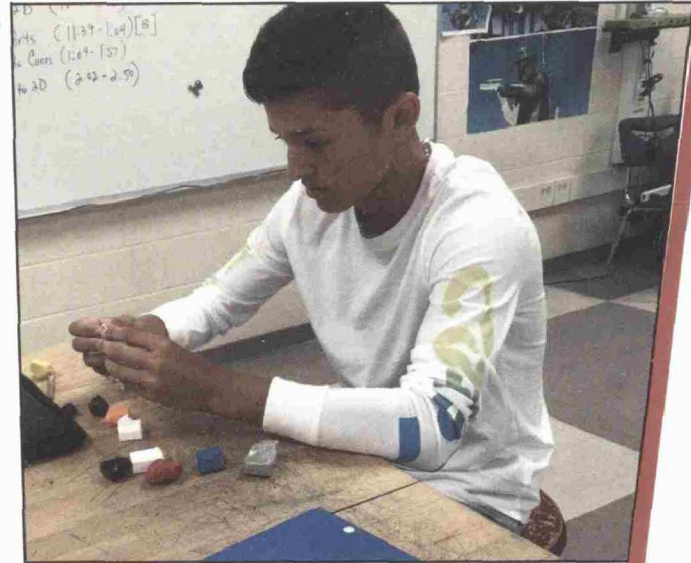

The arts are always expanding, and our gifted and creative students are learning new things every year.

Award Worthy
Ariya Butler, Jillian Moscinski, Theron Hoolter, James Kolanowski, Dulce Rodriguez, John Merkel, Isabella Perez, Kari DeYoung, Kaitlyn Kil, Luke Maurer, Sierra Livingston, Zach Frankler, Enama Gunka, Evan Momcilovic, Shaelm Biron, Hunter Crutch display their work and the award received for it.

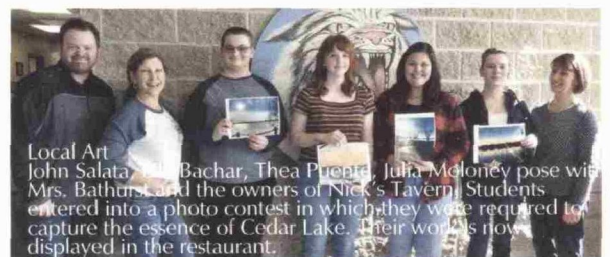

Hard at Work

Blaze Cano is hard at work sculpting with a spread of colored clays in his 3D fine art class.

Creative Process

Art has many processes before the final product is formed; the most important thing is to let go and let it form itself. Anyone can create something amazing. Caitlin Gerald (top) Urma Zaid (left), Marissa Rodriguez (right) all have their "hands" on something great. With a little work and their artistic minds, they are sure to create an extraordinary masterpiece.

Local Art
John Salata, John Bachar, Thea Prentiss, Julia Moloney pose with Mrs. Bathurst and the owners of Nick's Tavern. Students entered into a photo contest in which they were required to capture the essence of Cedar Lake. Their works are now displayed in the restaurant.

Choir Gals Make it to State!

Carina Bolanos, Jessica Walters, and Sydney Reinbold went to State for ISSMA on February 16. All three girls came back with gold rankings and made the Hanover music program proud!

Joined in Harmony

All choirs join together on stage for a final song. They worked really hard and the concert ended up being a success.

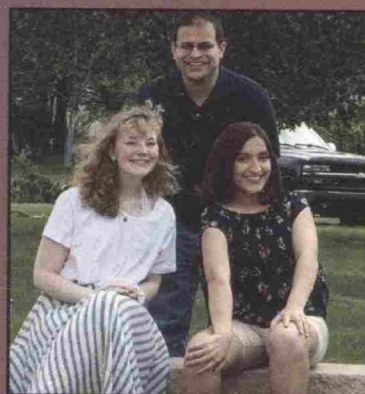

Singing in the Spotlight

By Kylie Clay

The choir program has changed tremendously this year. More and more students are entering the music program. "The choir program is the strongest it has been in my short time here at Hanover and from what I can tell, the strongest in several years. Many people see what we do as just fun, but they don't see the hours of work that goes into learning everything for a performance," Mr. Arroyo states. Everyone in the program worked extremely hard on songs such as "Remembering Decembers" and "Mary, Did You Know" from the Christmas concert. Besides for a huge growth in the choirs, the ladies had a change up on the dresses. The advanced show choir went from red dresses to purple dresses, while the women's intermediate choir changed from black, sequins dresses to red dresses. "The students are all working extremely hard to be the best they can," says Mr. Arroyo.

Powerful Voices

HC was represented well at the American Legion Post 261's Memorial Day ceremony. Jessica Wiersema and Carina Bolanos sang the "Star Spangled Banner" and "God Bless America," respectively. Mr. Arroyo was proud to attend the event with them.

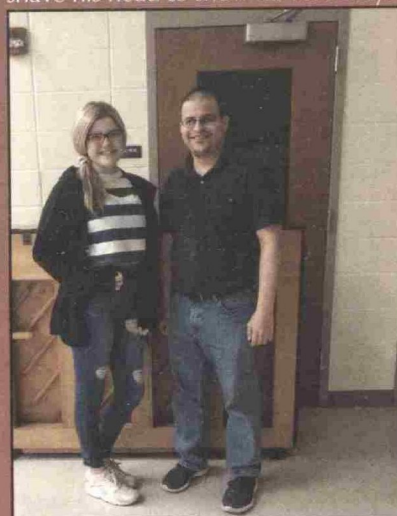

All Together Now!

Many choir members such as Christina De Lange, Lauren Demoff, Hope Walkowiak, Charity Anselmo, Maddy Setser, Blake Rogers, Josh Gray, Bryce Stalter, Isabella Voltolina, Ashlyn White, Hannah Schneider, Carina Rodriguez, Sierra Wachadlo, and others sing with alumni during the grand finale of their holiday concert.

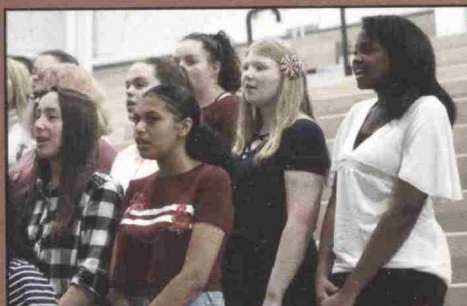

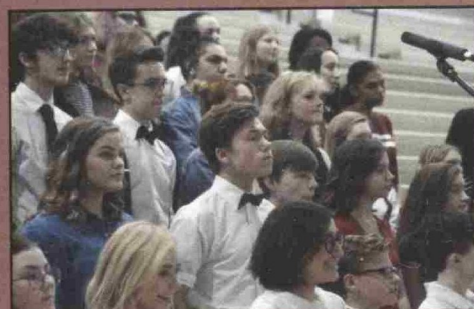

An Unbreakable Bond!

Haley Wigboldy was diagnosed with Non-Hodgkin's Lymphoma this year. Mr. Arroyo, her teacher since eighth grade, decided to shave his head to show his solidarity.

Sing Sing Sing!

Urma Zaidi, Ashley Owen, Victoria Gonsiorowski, Kathleen Corak, Carina Bolanos, Marissa Metcalfe, Lonye Bowman, Sydney Reinbold, Jessica Walters, and Joy Gliwa sing with lots of passion in their final song. This is their last concert before SPEC, where all the members get to show off their talents for many family members and friends to see.

Songs of Remembrance and Reverence

Pictured above, all choirs sing selections for the Veteran's Day program. HC's choirs don't just prepare for concerts where they entertain throughout the year, but they also train for competitions and ceremonies as well.

A Day IN THE LIFE

BY: DANIELLE SCHMAL

Making Music Matter

The word *music* is something that applies to people on an everyday basis. We dance to it, feel through it, express ourselves with it, eat to it, bake to it, and sometimes sleep to it. The world would almost lose itself if music were taken away. Over 8,000 public schools in the U.S. are currently without music programs like band or choir as of 2010. Overlooking the whole country, a total of 1.3 million elementary school students do not have access to a music class. Students at Hanover have the privilege to take band beginning in sixth grade.

When fellow students were asked to describe their class in one word, their responses seemed to vary, yet also connect. *Exciting, stressful but fun, and stress-relieving* were the words chosen. Everyone's responses merged when the concept surrounding making memories emerged. Even though they have to challenge themselves, they are surrounded by friends while working hard. Maybe you can say that it is just the music that binds the seams of the kids together, but friends and memories are also the product of having a music class in school.

6th Hour Band

Niles Anderson, Alex Arce, Luke Baswell, Tobie Cannon, Pawel Chatys, Noah Czak, Niko DeProsperis, Dominic Dieckmann, Kayla Drewno, Nathan Faraher, Sarah Fleming, Allison Furman, Jayden Gregory, Theron Hoelter, Eva Marie Holm, Daniel Kelly, James Lueder, Autumn Miller, Julia Moloney, Kailee Moran, Savanna Morgan, Van Naughton, Aidan Padilla, Brandon Pederson, Thea Puente, Alex Rodriguez, Zoe Ruiz, John Salata, Ryan Sawaska, Garret Schreiber, Jake Schrum, Mason Strayer, Maddelyn Stutsman, Owen Taylor, Emily Vallejo, Hayley Wargo, Allena Wheeler, Elaina Willy, Alexis Yuhasz, Colten Zableckis

7th Hour Band (Advanced Band)

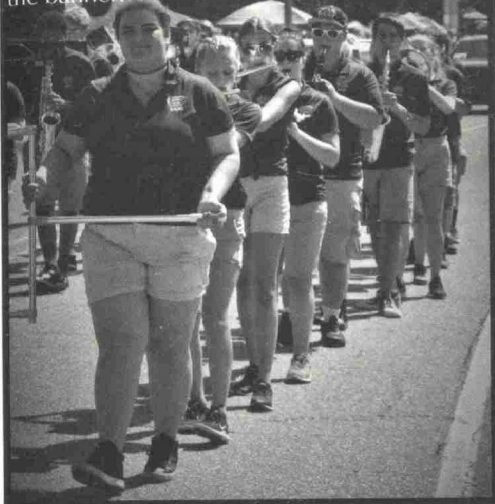

Ariana Arce, Connor Belin, Tobie Cannon, Bailee Clift, Samantha Corey, Jacob Czak, Kayla Denklau, Zach Fleming, Mia Forbes, Darian Forsell, Leo Gliwa, Ashley Haemker, Grace Hammons, Katie Jackowski, Paige Kubiak, Faith Kuhns, Tiffany Lange, Isabel Lopez, Sydney Maciejewski, Tyler Mason, James Miller, Bryce Noble, Rebecca Oliver, Madelyn Opilka, Hailey Palomo, Madison Radowski, Brylle Reasol, Nathan Remaly, Jaron Rodriguez, Kyle Rucinski, Rachael Rutherford, Lauren Schmal, Jacob Schulman, MacKenzie Shepard, Espi Tamayo, Lyle Teruel, Olivia Tomac, Phoebe Tomac, Alex Wachadlo, Johnny Willems, Sydnie Wilson, Megan Wright

Survive the Scorcher!

The Pride performs in the Lowell Labor Day parade. The temperature soared into the 90s! Pictured above is Rachael Rutherford holding the banner.

Marching Memories

Lauren Schmal, Jaron Rodriguez, Theron Hoelter, and Jessica Hunt (8th) are captured in time as they wait to play the fight song for the football game. Donning their uniforms, they sit proud and ready to play.

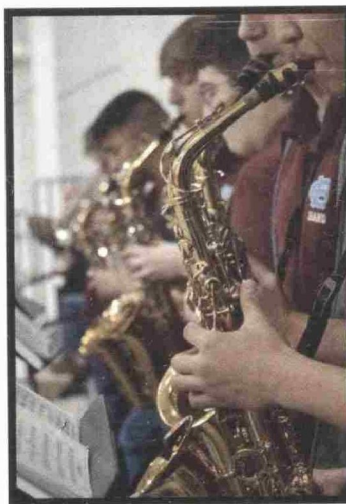

A Fond Farewell- Marching Band seniors smile with Mr. Lowry, who created the program that led to some of their fondest memories of high school.

Ariana Arce, Rebecca Oliver, Sydney Maciejewski, Brylle Reasol, and Connor Belin

Playing to the Tune of Victory

The saxophone section played their best at pep band, proving that team support is not just in the student section. Without having the band play on Friday nights, the games just wouldn't be the same.

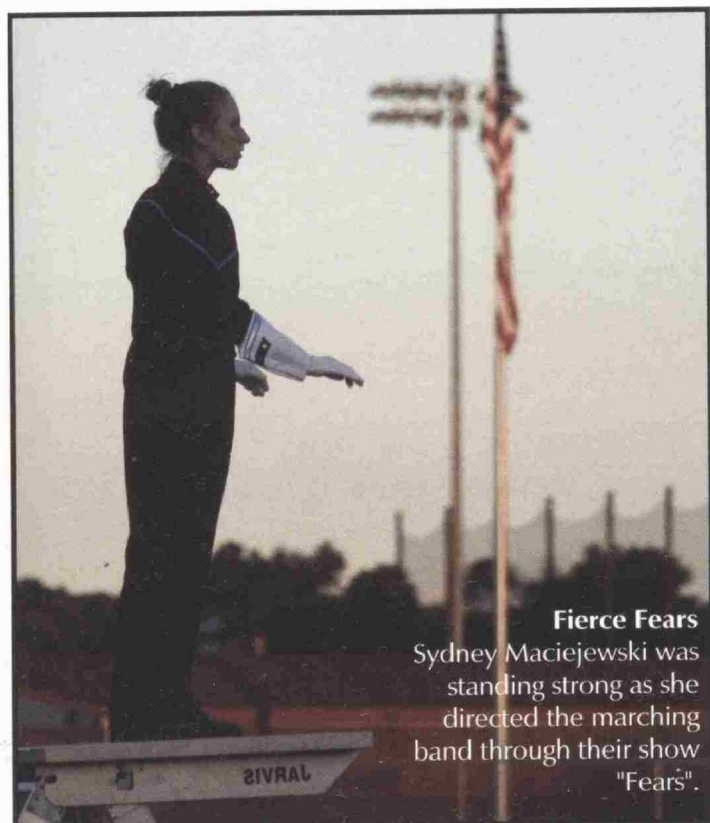

Standing Strong

Ariana Arce looks fierce as she plays the piano during marching band.

Mia Forbes and Maddie Opilka, both athletes, too, play in the pep band at the basketball game.

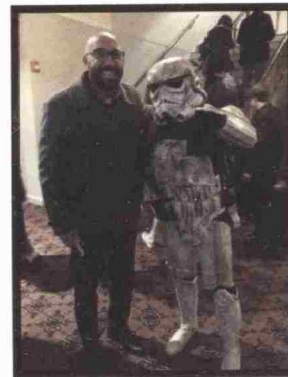

Fierce Fears

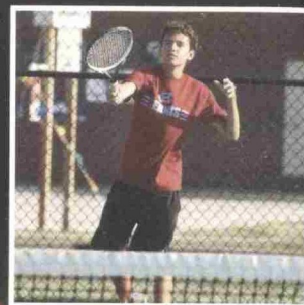

Sydney Maciejewski was standing strong as she directed the marching band through their show "Fears".

May the Force Be With Them

Both bands traveled to Indianapolis to see the symphony perform various pieces from *Star Wars: Episode 4!* According to Mr. Lowry, "Indianapolis did it right. Unlike other symphonies that play at a level so the movie can be heard, this location said, 'No way. This is our show,' so they played without a care for the film, and it was awesome."

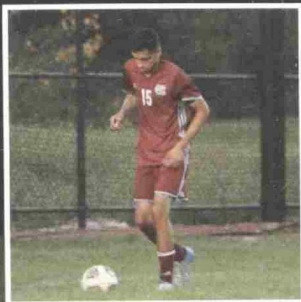

Respect is Earned

Underclassman Adam Graham talks over a play with teammates Brett Driscoll and Brandon Demoff.

This year was a tremendous year for all Wildcat athletes and their teams. Many teams won titles in the GSSC Conference. Sectional AND Regional titles were won. Semi-States were reached. Even trips to State were taken. All this outstanding progress throughout the year proves that the Hanover athletic system is on the path to greatness.

A Fresh Start

Jack Miedema returns a serve during his freshman season. The Wildcats have much to look forward to with young talent returning next year.

Focused Footwork

Sergio Felix, a player on the varsity team, makes sure that he keeps the ball in his possession on his way to the net. With his precise footwork, he scored a goal by the end of the game.

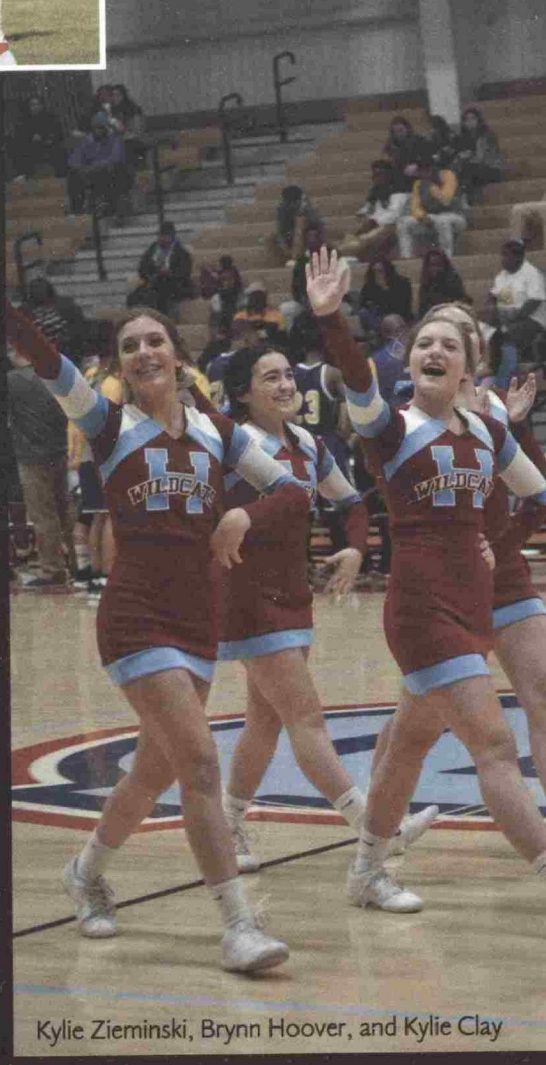

Ready to Launch

Morgan Reich aims to fire from the outfield as freshman Ali Radanovich moves out of the way.

Charlie Watson

Kylie Zieminski, Brynn Hoover, and Kylie Clay

On the Road to Victory and
Paving the Path to Success

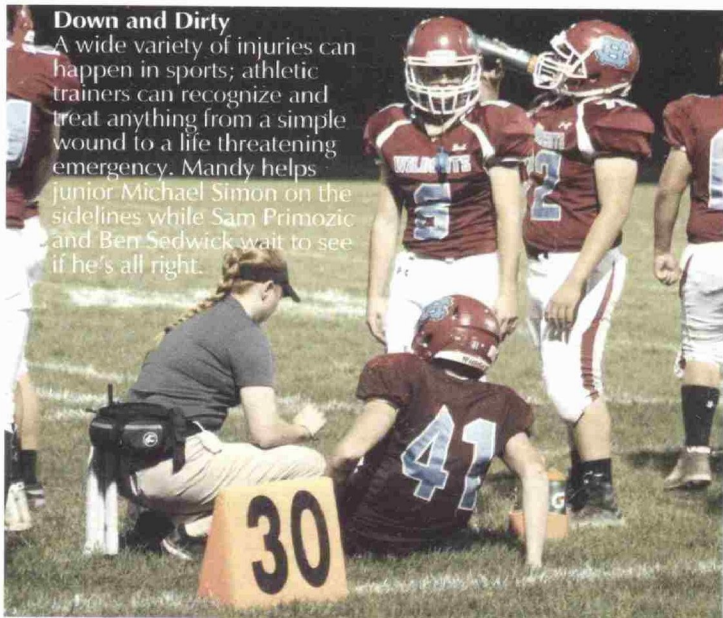

Ouch!

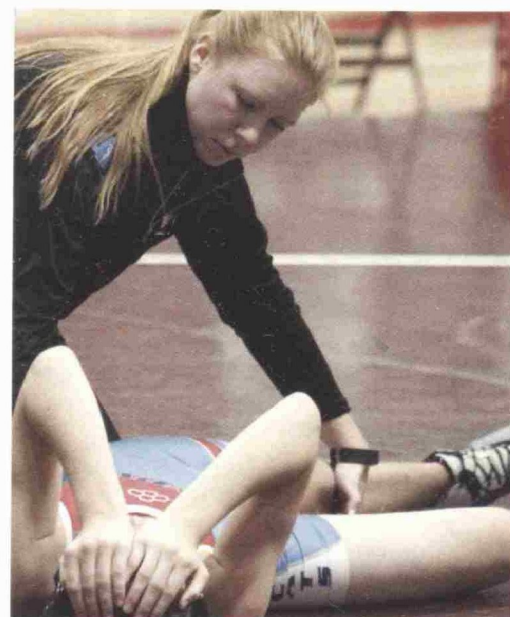

Injuries can happen at any time, so athletic trainers have to be prepared to examine and determine the proper course of action. An innocent game took a bloody turn at the annual Homecoming Powder Puff game when the always aggressive Norah Heeter did some damage to her beautifully manicured nails.

Down and Dirty

A wide variety of injuries can happen in sports; athletic trainers can recognize and treat anything from a simple wound to a life threatening emergency. Mandy helps junior Michael Simon on the sidelines while Sam Primozic and Ben Sedwick wait to see if he's all right.

Mandy to the Rescue!
Our athletic trainer doesn't just help Hanover students; she helps students from different schools at any sports events. Wrestling matches, especially, see their fair share of injury; in fact, most schools often bring their own trainer with them. At the John Willems Memorial Super Dual Invitational, Mandy tended to all schools, but here she is assisting one of our own, ensuring that he can return to competition.

Mighty Mandy is...

On the Field,
On the Mats,
On the

Flex the Fish!

"Hi my name is Flex! I live in the Hanover Central High School athletic training room. I don't typically like cats, but let me tell you, I love rooting for those Hanover Wildcats."

Courts, and In Our Hearts

By: Priscilla Seniw

Meet Amanda Rode, better known as Mandy, Hanover Central High School's athletic trainer! Mandy has been the athletic trainer at Hanover for the past three years, and all of the athletes love her. When asked why she picked athletic training, she said, "The profession of athletic training allows me to combine my love of sports with my passion for science. Every day I get to be around sports, competition, and performance while also being around science, medicine, and research."

Amanda graduated from the University of Indianapolis with a Bachelor's of Science in Athletic Training. She participated in volleyball and track in high school, so she understands and can empathize with the struggles of being a student-athlete and always helps when she can. When asked what her least favorite part of the job was, she responded, "One of the hardest things about being an athletic trainer is making kids sit out from doing the thing they love. However, one of the best parts is seeing an athlete return to competition after working hard to get healthy again."

Whether she is on the sidelines of a football game or racing back and forth between various activities simultaneously, Mandy has become a fixture at Hanover, and her Wildcat athletes are proud to call her their trainer.

Bringing Back the Fanny Pack

The fanny pack carries a lot of essentials an AT may need such as scissors, helmet pump, bandages, tape, etc. It is crucial to have things like that on you at all times and to be prepared for anything.

On the GREEN

By: Austin Fanta

Small Team

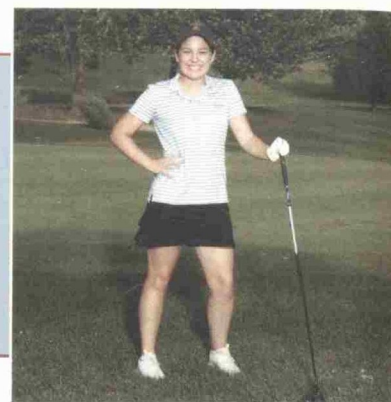

Leads

to Big

Connections

Lone Freshman Sophia Sanchez is so enthusiastic and has the best personality and showed great promise in her first year, hence why she earned the Rookie of the Year award.

The Sportsman Choosing to forego volleyball this season, Maddy Victor gave golf a chance and found success there. Known for being everyone's friend, Maddy earned the Mental Attitude and Sportsmanship award.

Golf is more unique than other sports because there is a moment of silence- just you and the ball- nothing else distracting you. You begin to build a bond with your mental self and physical self, resulting in a ultimate you.

Girls golf is all about peace and being in your happy place. No distractions. What makes the Hanover golf team so special is the bond they have. It doesn't matter if one of them has a bad day on the course or off; they are always there for one another. It could be because of the size of their team. With just four teammates, they know the importance of cheering and supporting each other.

Varsity- Sophia Sanchez, Alora Kelly, Coach Kienzle, Isabel Sitkowski, and Maddy Victor

M
V
P

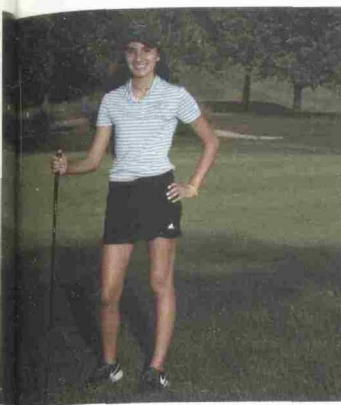

Measure of Success

Isabel Sitkowski is a leader and a great role model and will always shine when needed. Izzy was the only golfer to advance to Regionals, scoring a 109 at Sectionals this year, and she earned MVP and Most Improved for this season.

GSSC

The girls finished the season with a 3-5 conference record, taking 5th place in the GSSC conference meet.

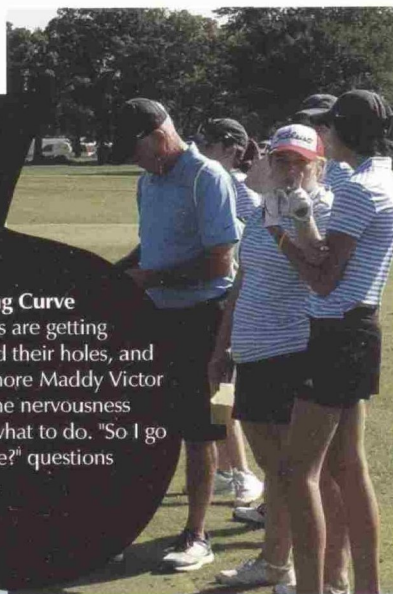

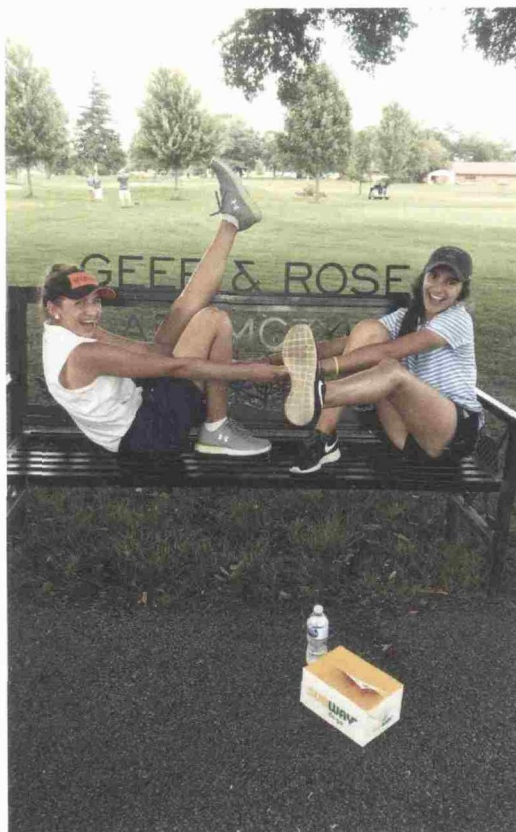

No Nonsense

Alora, Coach Kienzle, Isabel, and Maddy have their game faces on as they await their next move.

Fooling Around

Maddy Victor having fun with a fellow golfer.

Learning Curve

The girls are getting assigned their holes, and sophomore Maddy Victor has some nervousness about what to do. "So I go this hole?" questions Maddy.

Season Record

With many new golfers and with low numbers, the girls may not have had a winning season, with a record of 4-11, but they did have a season with the potential for much growth in years to come.

POST-SEASON

As the regular season wrapped up, the fab four travelled to Valparaiso for the Sectional meet where they placed 5th overall.

Early Dedication

While all fall sports teams report before the school year officially begins, the girls golf team is through nearly half of their competitive season as well. Before the first bell rings, these ladies have already committed the second half of their summer to their game.

'18

With a growing school population, it would be nice to see the girls golf program grow as well. Either way, despite small numbers, this 2018 team found great success and made vast improvements

Alora Kelly is a critical part of the girls golf team and will do whatever it takes to do her her best.

Up and Around

Charlie Watson turns around the bottom of the concrete hill at Hanover's home course, the Lourdes Friary Monastery. Charlie was struggling in this particular meet because another runner, Stanley Galbreath, decided to cut the grass of the monastery right before the race, which caused Charlie to have breathing problems.

Battling for the Spot

Eric Hasse runs side by side with a Hebron runner in the last uphill at Lemon Lake during the Regional meet. Eric finished the race with a time of 18:04, giving him his second fastest time of the season. Eric struggled with health issues throughout the season, but he was pushed through and helped the team compete.

A Higher Stage

Bryce Noble takes on a straightaway at the New Prairie Semi-State meet. Bryce was the only boy to advance and represented the boys well, placing within the top 60 at the meet. Bryce had a strange tradition during the season of eating a packet of applesauce right before every race. "I ate one before the first race of the season, and it worked well, so I never stopped doing it," he said.

Starting off Strong

Stanley Galbreath, Charlie Watson, Cole Cameron, Eric Hasse, and Bryce Noble work to establish a strong position within the first 50 meters of the New Prairie Invitational. With nearly 200 runners in the race, it was imperative that they go out of their comfort zone to avoid getting boxed in early. The team finished 10th out of 28 teams in their division.

In It for the Long Run

By Cole Cameron

After a long and grueling season, the boys cross country team consisting of juniors Eric Hasse and Cole Cameron; sophomores Alex Arce, Kyle Thibideau, and Stanley Galbreath, and freshmen Bryce Noble and Charlie Watson managed to win their conference championship and advance to the regional meet as a team. Bryce Noble also advanced to the semi-state meet as an individual. The season also had several other team accomplishments, such as finishing third place at the Hammond-Gavit invitational meet and fourth place at this year's sectional meet. While cross country teams are generally closer together than other teams, this year's team was especially close because they had to lead warm-ups. It was during this time when the team bonded most, joking around and getting to know one another. These bonding sessions between all of the runners helped develop teammates instead of individuals simply fighting for themselves. This gave all of the runners motivation to continue in the later parts of the season, even when everyone was exhausted from the long season.

While this season showed great improvement for the team, there is still more to come in the future. None of the members of the team are graduating this year, and there is promising talent coming up from the middle school. The team is on the brink of greatness, but it is up to them to achieve it.

FUN FACT:

Not as Fluffy, but Still Preferred

In a survey of 55 people, 32 people said that they would rather run a 5k than have a spider crawl on them for five minutes. While only maintaining a 16 percent advantage over the spider, the race was still preferred over spending quality time with one of nature's more feared animals.

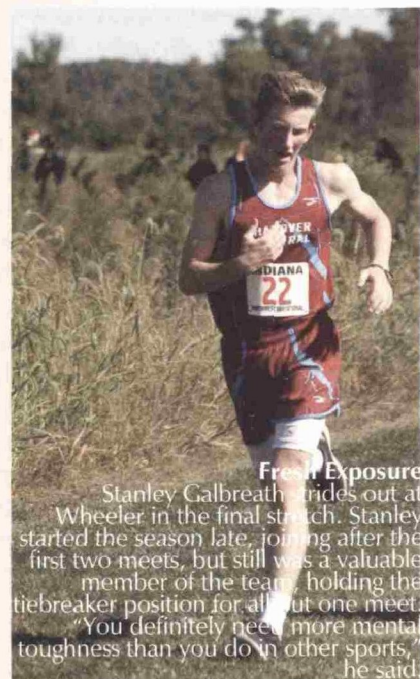

Waiting to Strike

Kyle Thibideau hangs behind runners from Crown Point and Munster and waits for an attempt to pass them at the Lowell Invite. Kyle finished the meet with a time of 18:56, his third highest time of the season.

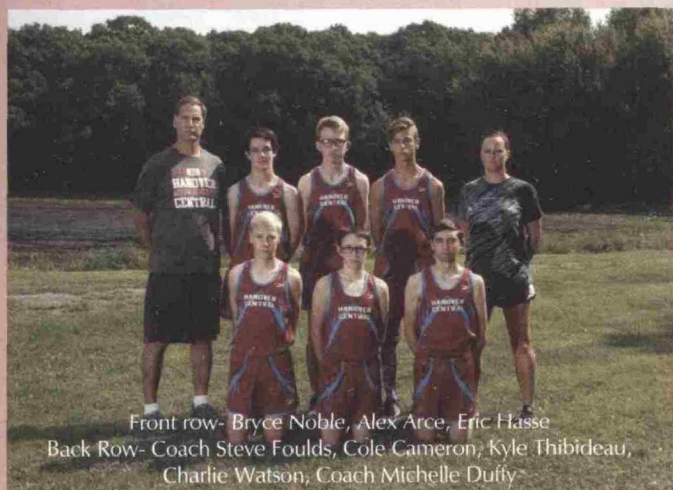

Striding Out

Alex Arce strides out at the Rensselaer Invitational. Alex finished in tenth place in the meet, giving him his second best placement of the season.

Fresh Exposure

Stanley Galbreath rides out at Wheeler in the final stretch. Stanley started the season late, joining after the first two meets, but still was a valuable member of the team, holding the tiebreaker position for all but one meet. "You definitely need more mental toughness than you do in other sports," he said.

Front row- Bryce Noble, Alex Arce, Eric Hasse

Back Row- Coach Steve Foulds, Cole Cameron, Kyle Thibideau, Charlie Watson, Coach Michelle Duffy

Front Row: Chloe DeBoer, Carina Bolanos, Madeline Kartz
Back Row: Coach Steve Foulds, Malia Butler, Maria Davenport, Maya Butler, Coach Michelle Duffy

Can't See the Haters!

Carina Bolanos, who is on her third year of being on the team, has a lot of love for her teammates and cross country. She said, "I love this group of girls a lot, but I miss Angie so much!"

Six Girls. One Goal. Cross Country is an intense sport to say the least. The girls work hard during the season and even harder in the off season. They train and train for the season and come out strong in the meets and invites. The team consisted of six strong females, but in the beginning of the season, sophomore Chloe DeBoer unfortunately became injured and was named manager of the team. "It was very upsetting that my season was cut short, but I very much enjoyed being the manager." Another sophomore, Madeline Kartz, went all the way to Semi-State this year. She also played soccer during the fall season. She said, "Playing both sports was hard. I did not get home until seven every day. I was often very tired, and I still had homework to complete." It was very grueling for her.

Sisters Maya and Malia Butler rivaled throughout the season. When asked about running against her sister, Maya said, "Malia made me run harder because I did not want her to beat me." She also said, "She pushed me to improve my personal record, and I am grateful for that." Her breakout meet was conference. She really pushed herself and is becoming a better runner. Junior Carina Bolanos had a big responsibility this season, being the oldest one on the team. When asked about how she felt about having no one to look up to, she said, "I became a better runner because I had to push myself for myself." A lot of improvements were made for these girls, and with everyone returning next season, there is so much in store for their futures in cross country.

Shoot to Score

By: Savannah Ferry

On the brink of not having a returning team, the boys 2018 soccer team had a very difficult season. They had to replace significant spots from last season, and it was a big transition for the team. Some players found themselves in spots they have never played before in order to benefit the team. Many of them were struggling at first, but then they figured it out quickly. The boys overall record was 7-6-3. As a small school, they faced many challenges compared to the larger schools against whom they competed; furthermore, the boys are now searching for boys to join for the next season. With 11 seniors this year, they did not even have enough boys for a junior varsity team.

Next year looks uncertain as the team is searching for a new coaching staff and more numbers to boost the program once again. But if Hanover history has taught us anything, we do not quit when times get tough. We persevere, and so will this soccer program.

Most Valuable Player

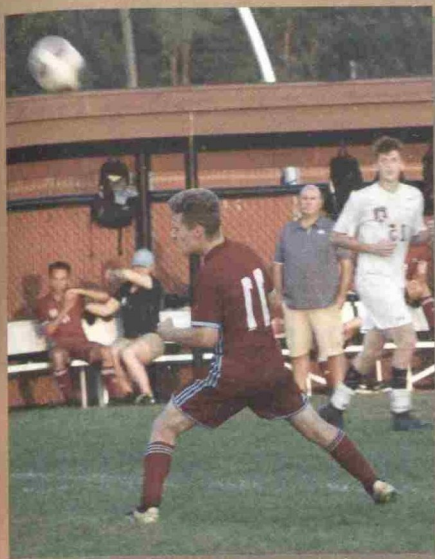

Watch out! Goalie Noah McWilliams, a senior, punches away the ball during a corner kick. This game he had 5 crucial saves, leading the Wildcats to another victory. "The thing that makes the season different is that it is my senior year and will likely be my last time playing competitively," he said.

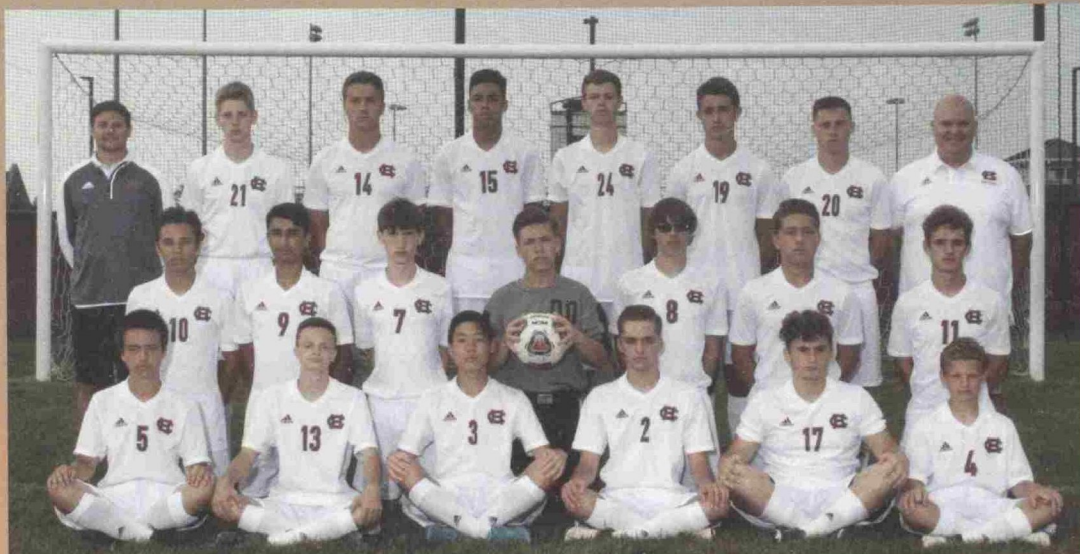

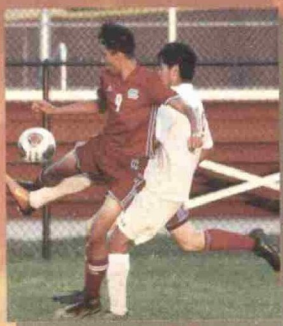

Tradition!

After the game ends, the boys run out to the stands to thank their fans for coming. This tradition began when Coach Grunewald began coaching. He said that "the fans are part of the journey and need to be thanked."

Header! Kamden Sarkey uses his head to pass the ball. Later this evening, he assisted two goals and scored one as well. "I learned that if you are going to put your time into something, you better give it your all unless you are not getting any better," Kamden Sarkey expressed.

Whose Feet? Senior Westin Baker reaches over defender for a ball, but there are some extra feet. Just after, he went on to dribble past his defender. "I learned that hard work pays off," he said after the game.

Christina De Lange swipes away the ball from her opponent.

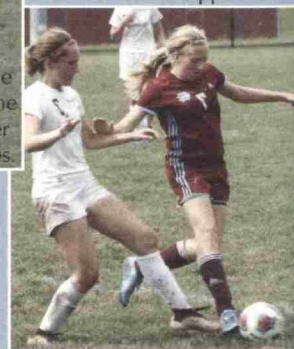

Go #1

Sam Basile dribbles the ball to her teammates

Kachow!

Ellen Connor is dribbling the ball at lightning speed from the back line to make a pass.

She Shoots, She Scores

2018 was the year for hard fought battles and nail-biting victories.

By: Maddy Victor

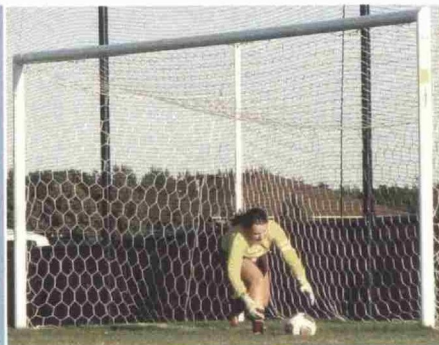

This year's girls soccer was a successful one even though it had a difficult start. They had to replace four important seniors from the previous year. For the first time ever, they were ranked top ten as a team in Northwest Indiana against teams like Crown Point, Lake Central, and Wheeler. It was also the team's first time beating Griffith with a score of 2-1. Savannah Ferry scored in the first thirty seconds of the game. In the second half, the Griffith offense snuck through and got a goal. Shortly after, Savannah came through again and shot the game-winning goal! In the rivalry game against Lowell, the girls defeated them 4-3. This game was not only difficult in competition, it was also very aggressive. A girl from Lowell had a seizure and was flown to the University of Chicago, and another girl on her team tore her meniscus.

On our team, Taylor Curtis girl got a concussion, Morgan Curtis sprained her wrist, and Alexis Vera was out most of the first half because she took a bad hit to the neck. Determination led these girls to their win. The first goal was scored by Savannah Ferry, followed by Alexis Vera's goal, then Briana Nirtaut's goal. Savannah also had the game-winning goal in that game. The girls closed out their season 11-6-1. Coach Jim Pattison earned his 100th win with the Hanover Central Girls Soccer team in that game against Lowell. They won their first Sectional game in double overtime with Camryn Sterkowitz scoring the game-winning goal. Sadly, they fell short against West Lafayette and didn't advance to regionals. All of the coaches and teammates are proud of their teamwork and achievements.

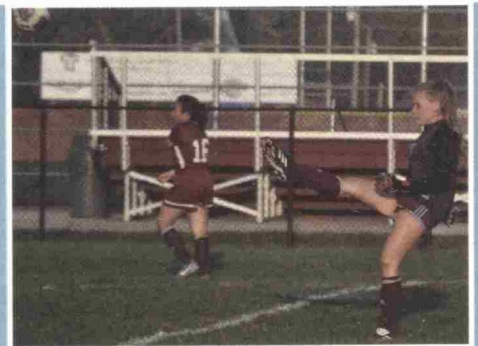

Go, Fight, Win!

Savannah Ferry fights for the ball. Afterwards she said, "When I play soccer, nothing else is on my mind but soccer"

What a Save

Arianna Arce, a spectacular goalie and great team leader, will do anything to save the ball. She was the main varsity goalie and is also a senior, which will leave pretty big shoes to fill for next soccer season.

Next in Line

Audrey Harris makes a beautiful kick away from the net. Perhaps Audrey will be just the replacement that the team will need next year. With hockey in her background, Audrey understands how to protect the net.

Send Offs Lead to New Beginnings

This season our Wildcat boys all had to adjust to their new head coach, Coach Parker, after saying goodbye to previous coach Pete Koulianos. These new changes were difficult on the team as a whole because the coaches' new normal would take time to get used to. On the other hand, it allowed room for growth. The boys trained and learned new plays. Freshman Alexis Napoles (the kicker) said, "With our playbook our plays have become more advanced and better throughout the season. I believe the coaches have tried as hard as they can, especially considering we have a new head coach." The other coaches spent their own time helping the new coach, too. Coach Larry Govert said, "He did well for it being his first time as head coach. He's very dedicated to his job and had a good and consistent season."

The Wildcats had 5 wins and 6 losses, and Coach Govert believed "a couple of the games decided this season. We had some tough losses against Boone Grove and Wheeler. The kids responded well. They ended the season on a good note. We won against Wheeler in sectionals."

As one can expect in football, the season was filled with all kinds of injuries ranging from simple sprains, to concussions, to injuries leading to hospitalization. This team faced some hard battles that forced them to find a balance between the new and the old.

That's All You

Leo Diaz celebrates with Brandon Demoff after an amazing catch. This was part of an awesome comeback during the Homecoming game against Boone Grove.

Underclassmen On Fire...

Top: Cole Hernandez was on a roll at the Lake Station game in October. He gave us 1st down, allowing room for us to score.

Bottom: Sophomore number 8 on the team Samuel Primozic was one of the MVPs of the Lake Station games both JV and Varsity. He scored twice in a row in the Varsity game, and you can sense his overwhelming excitement he felt in doing so. We had 57 points from Sam getting a touchdown and a two-point conversion with a total of 59 for the Wildcats.

Don't Hurt

On a VERY muddy field, seniors Sammy Young, John Miller, Sam Momcilovic, and juniors Michael Simon proudly show off their filthy uniforms.

First Person Account...

When asked what went through his mind before he's put in to play, junior Tyler Fruehling said, "I feel excited and get mentally ready for what I have to do. I go over our plays and what the other team does." He says, "I just think about my role and all the plays that we will run. I also think about the other team and watch film on them. I have not been nervous for a game this year." With that he has had many personal wins, "My accomplishments this year are I threw for 1300 passing yards, 16 passing touchdowns, 4 rushing touchdowns, rushed for around 300 yards, and I also broke two school records for passing".

Awards and Comments

MVP: Brandon Demoff- A tireless worker who plays with lots of heart. Had 40 receptions and 5 touchdown passes. Pre-season *Times* Player of the Year

Rookie of the Year: Evan Momcilovic

Scout Team: Sam Primozic

Mental Attitude: Leo Zichterian-Diaz

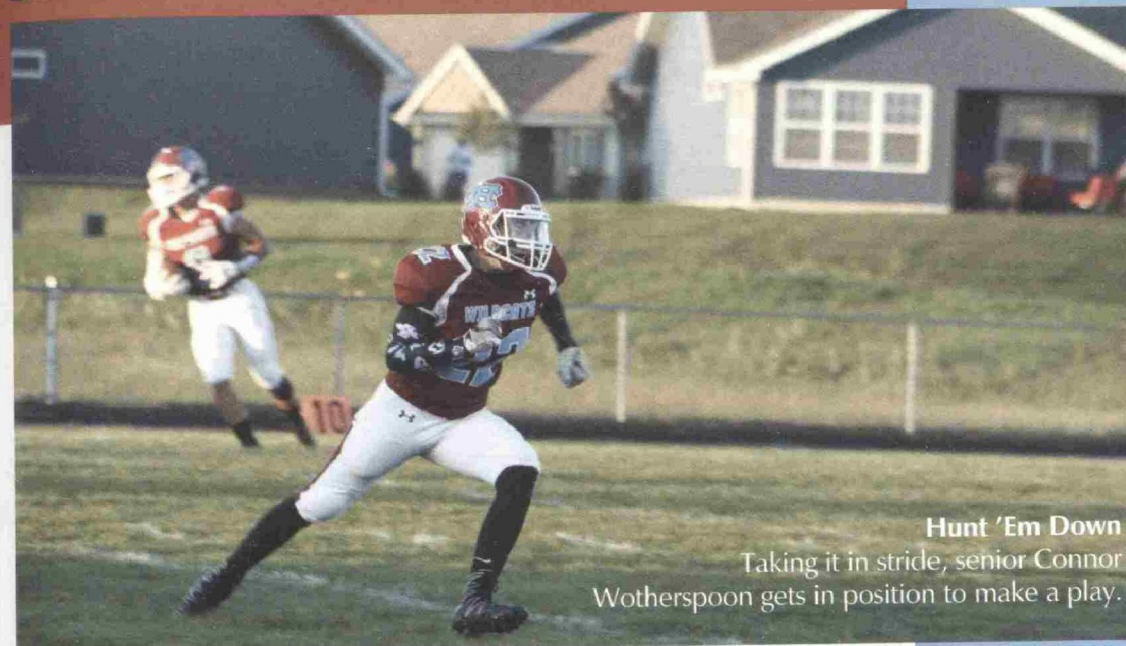

Sportsmanship: Brett Driscoll- Embodies what it is to be a true athlete. A guy we have no problem sending out to represent Hanover Central Football.

"The Superstar"-Adam Graham

Lineman: Max Kocka- voted by teammates.

Most Improved: Tyler Fruehling- He showed up from day one ready to work.

Wildcat Attitude: Connor Wotherspoon- Someone who embodies what it means to be a Hanover Central Wildcat.

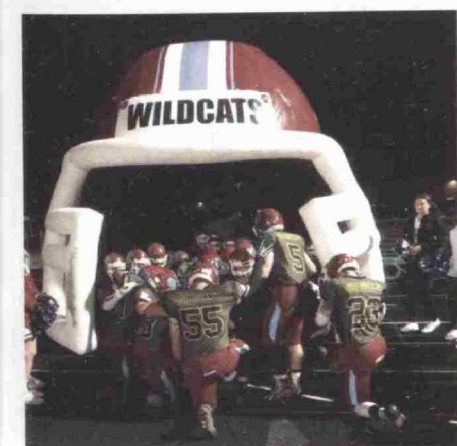

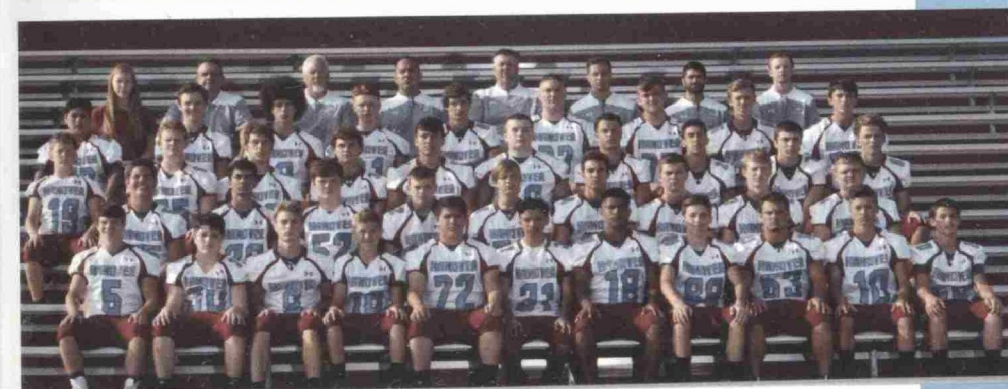

Hunt 'Em Down

Taking it in stride, senior Connor Wotherspoon gets in position to make a play.

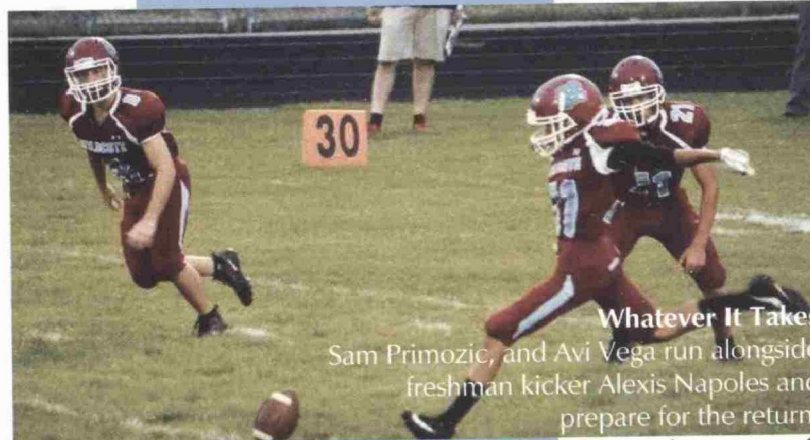

Honoring a Friend

Instead of cardinal red and Columbia blue, students showed their love for former classmate, Arlen Bradley ("Buck") by wearing purple. Sadly, Arlen passed away at the beginning of the school year.

Faith is Key...

In the image to the left Brett Driscoll, one of the team captains, is leading team prayer before a home game in the tunnel. Before every game someone leads the team and gives a kind of speech to incite faith and hope that they will win the game.

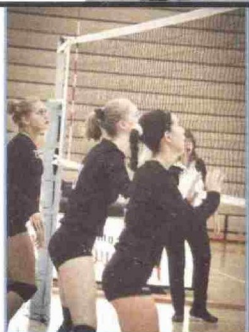

Whatever It Takes

Sam Primozic, and Avi Vega run alongside freshman kicker Alexis Napoles and prepare for the return.

The Windup
Sophomore,
Madelyn
Opilka follows
the ball to get
ready to block.
Madelyn won
Rookie of the
Year and this
season was her
first on varsity.

BLOCK PARTY

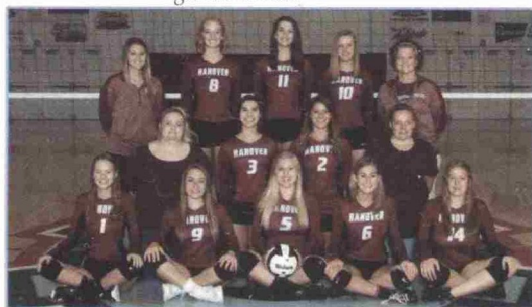

Flying High

Sophomore Katie Jackowski serves to start the point.

Ready, Set

Amanda Schreiber, Kari DeYoung, and Peyton Frost prepare themselves at the net to get the block.

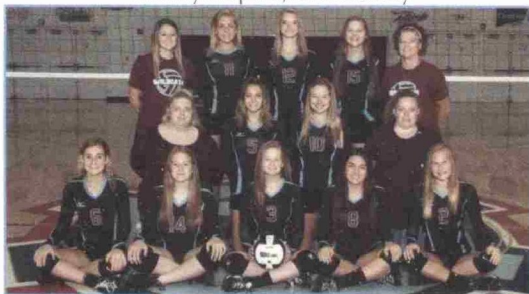

Varsity

Front Row: Jenna Voticke, Abigail McCampbell, Sydney Reinbold, Jessica Meier, Phoebe Ruiz

Middle Row: Cheyenne Somervell, Peyton Frost, Norah Heeter, Mallory Fitch

Back Row: Coach Brasseur, Kari DeYoung, Katie Jackowski, Madelyn Opilka, Coach Scally

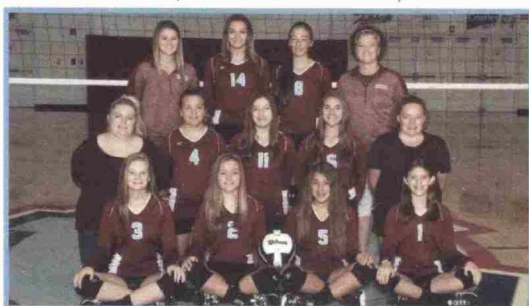

Junior Varsity

Front Row: Jessica Meier, Phoebe Ruiz, Madison Sulek, Kristina Ustanik, Megan Clark

Middle Row: Cheyenne Somervell, Riaha Stearns, Lauren Koontz, Mallory Fitch

Back Row: Coach Brasseur, Amanda Schreiber, Reagan Noel, Ashley Haemker, Coach Scally

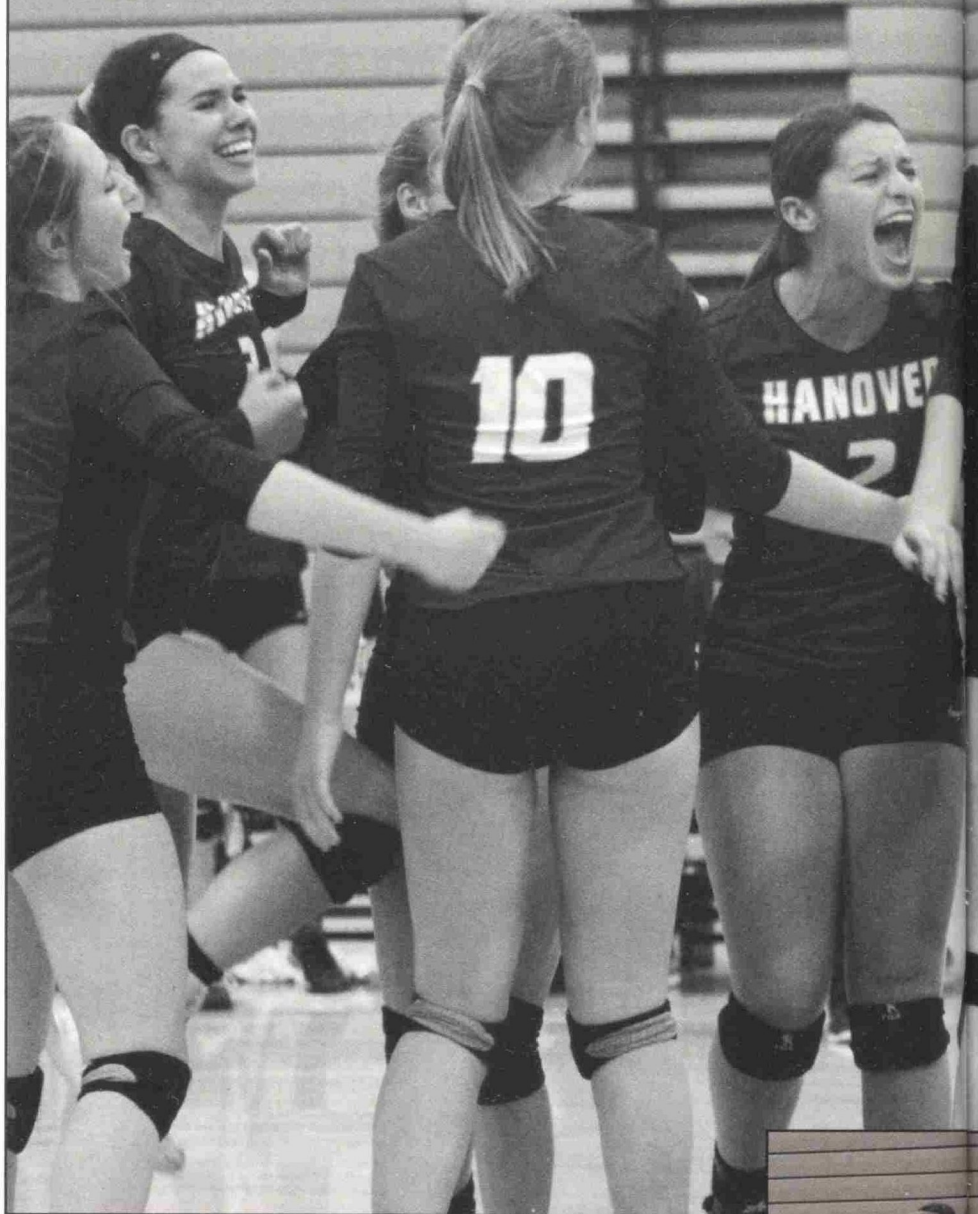

C Team

Front Row: Madison Sulek, Arianna Rybakowski, Allison Mueller, Katie Sarna

Middle Row: Cheyenne Somervell, Lexus Rybakowski, Elaina Willy, Kailee Moran, Mallory Fitch

Back Row: Coach Brasseur, Riaha Stearns, Chloe Reitsma, Coach Scally

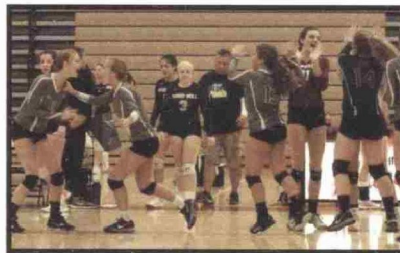

the perfect match

Cause for Celebration

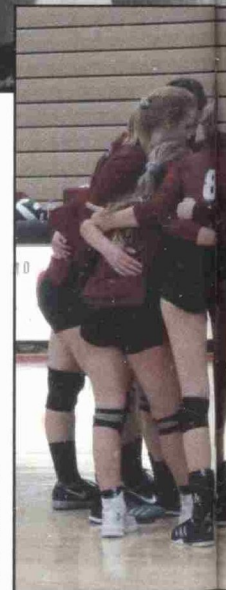

The junior varsity team celebrates after defeating long time rival school, Bishop Noll.

Reagan Noll, Megan Clark, Allison Mueller, and Phoebe Ruiz high five the varsity team while coming off the court.

Everybody In

The team huddles before a match as a good luck tradition with their right foot in. They tell each other "kick butt and don't suck!"

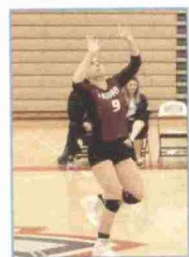

can you?

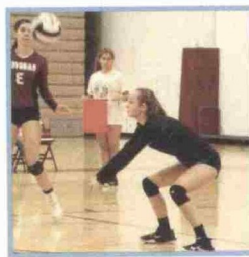

By Natalie Haitsma

Game Face

Seniors Jenna Voticke, Kari DeYoung, and Norah Heeter show their serious side on the net.

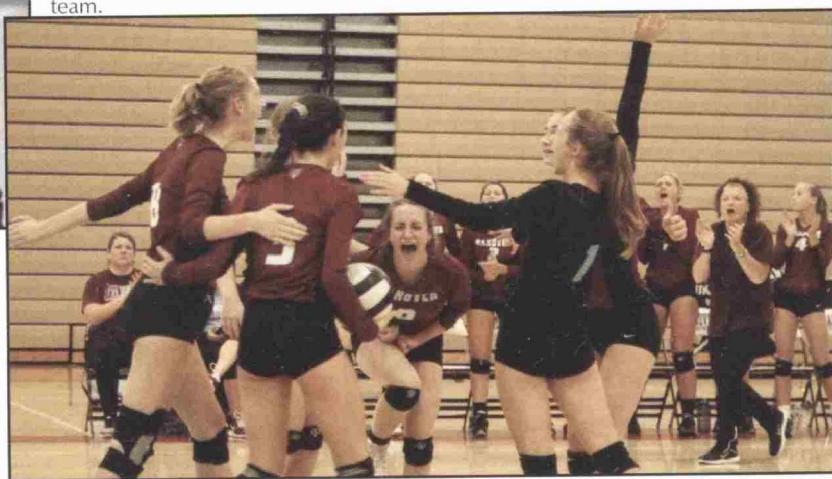

Set it Up
Abigail McCampbell prepares to set up her outside hitter. Abigail won the Most Improved award for the season as she stepped up to set for the varsity team.

Eye on the Ball
Libero Jenna Voticke concentrates on making the perfect pass. Jenna ended her high school career with 1,637 digs from her four years on varsity.

Coming off of a winning season last year, winning their first Sectional Championship in twenty years, and losing key players to graduation, this season's team had their work cut out for them. With the help of a practically all new coaching staff, head coach Rochelle Scally, JV coach Tina Brasseur, and returning C Team coach Misti Perez, the team had to work to reinvent themselves. Coach Scally stated, "This year was interesting for me. There was definitely a learning curve, but the girls were a lot of fun, which made it fun for me." Two seniors, Kari DeYoung and Norah Heeter, suffered injuries at the beginning of the season, which left them unable to play in matches for two weeks. However, the girls showed their support by cheering loudly from the sideline. The team did come out with another successful season with a record of 14-9 and also won their first round of sectionals against Twin Lakes. Senior Jenna Voticke explained, "This season we really had to work harder for our success. We had a lot of new, young players on our team." New additions to the varsity team included sophomores Abigail McCampbell and Madelyn Opilka, juniors Jessica Meier and Amanda Schreiber, and senior Norah Heeter. Other players also had the opportunity to dress for varsity and get some experience playing with the team.

Loud and Proud

The Wildcats celebrate after a big point while the bench jumps to their feet. Kari DeYoung, Abigail McCampbell, and Jenna Voticke scream their lungs out with Coach Scally. It was Coach Scally's first year coaching at Hanover.

Rising Above

Cheering on the mats, courts, and fields. By Ella LaLonde and Kylie Clay

The most common misconception about cheer is that it isn't a sport. Well, considering that the cheerleaders compete against other schools, cheer IS a sport. This year, the cheerleaders competed at 3 different competitions. The girls went to Greenfield High School to qualify for state. The scale of competition was beyond anything that they had ever seen, so they did place last; however, they learned from the experience. Throughout the year, the girls had to adapt to other changes as well since the squad changed several times. This made the path leading to competition harder. Formations had to change, and stunt groups had to be switched up.

Ultimately, these adversities only made the team stronger. At the team's second competition at LaPorte High School, they took first place. The girls then traveled to LaVille High School where they took first place again. Beyond competition season, the cheerleaders had the opportunity to travel with the boys basketball team to all their sectional games. When they won sectionals, the girls were able to cut down a net of their own, proving the significance of their presence to the team. With the results from this year, the team will continue to have success and improve in the years to come.

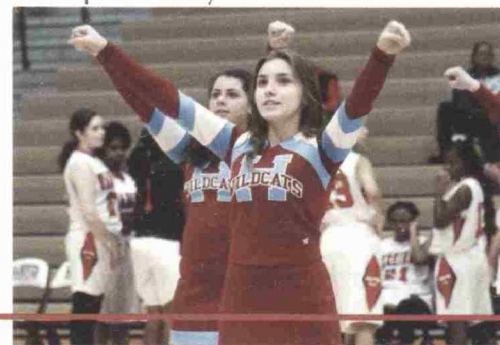

Competition Time!

JV and Varsity traveled to LaVille High school for a competition. The girls placed first place for their division!

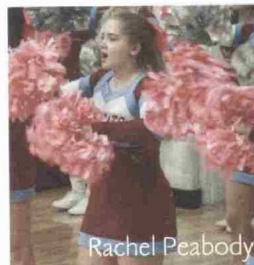

Stayin' Tight

McKaylah Nieto puts up a high V during a timeout. McKaylah was on JV and was a backup for varsity.

Rookie of the Year: Julia Schuldes & Ally Holtcamp
MVP: Alexis Rapacz, Rachel Peabody, & Gabby Ramos

Junior Varsity

Ella LaLonde, Avery Booker, Lauren Smith, Julia Schuldes, Isabel Lopez, McKaylah Nieto, Madison Koontz, Coach Hoover, Alaina Giglio, and Coach Foster
 Not Pictured: Payten Smith

Varsity

Nerissa Fezler, Rachel Fleszewski, Kylie Clay, Mia Forbes, Angela Hinojosa, Gabby Ramos, Hailey Gricich, Alexis Rapacz, Ashley Owen, Kylie McAllister, Brooke Zieminski, Cassidy Clay, Rachel Peabody, Coach Hoover, Lauren Demoff, Amanda Kwintera, Elizabeth Dinga, Maddy Miller

The Real Deal

JV and Varsity joined together to perform their competition routine for the crowd during the basketball game. Avery Booker balances in a lib with the help of Ally Holtcamp and Payten Smith.

Third Quarter Show

Mia Forbes, Ella LaLonde, Ashley Owen, and Hailey Gricich stunt together during a quarter cheer. Mia doesn't usually base, but she decided to go out of her comfort zone and try it out!

In Sync

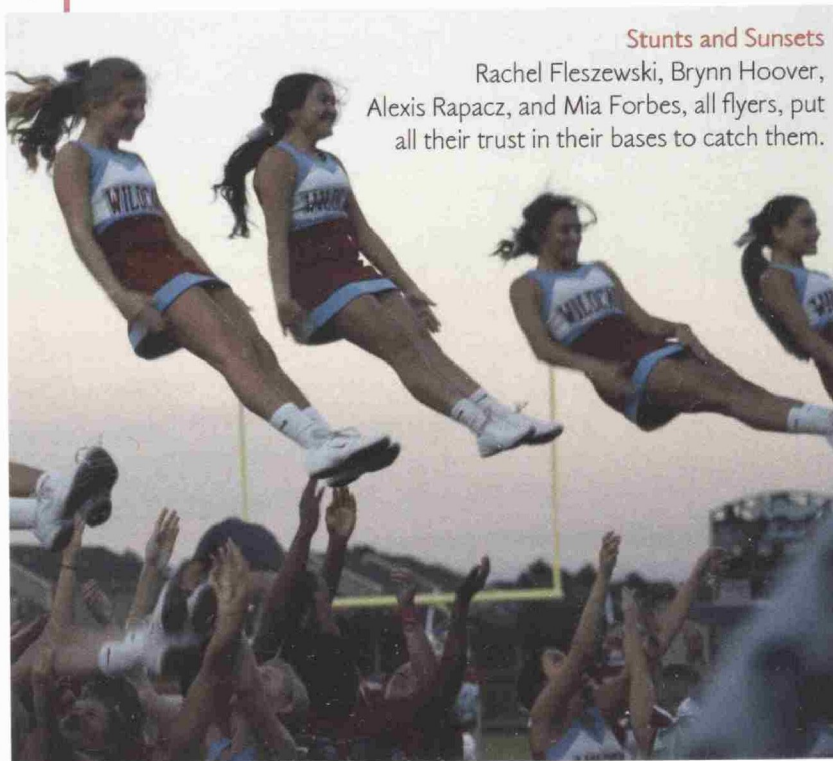

Amanda Kwintera, Elizabeth Dinga, and Lauren Demoff all say the cheer and smile for the crowd.

Hit the Herkey- The girls pump up the crowd at the Regional boys basketball game.

Stunts and Sunsets

Rachel Fleszewski, Brynn Hoover, Alexis Rapacz, and Mia Forbes, all flyers, put all their trust in their bases to catch them.

They Clean Up Nicely

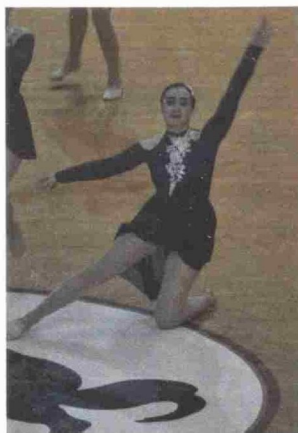

Brooke Zieminski, Kylie Clay, Gabby Ramos, Cassidy Clay, and Ella LaLonde coordinate in black for the winter sports banquet.

Take Life By the Hand And Dance

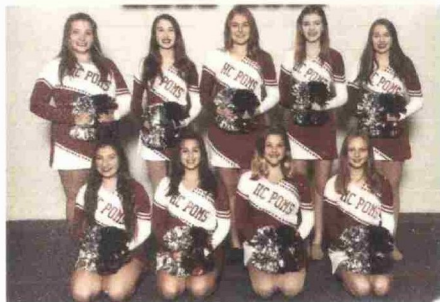

The JV squad hold hands at the end of their jazz routine at State to the song "Old Friends" by Ben Rector.

Feel the Music
Beautifully choreographed and emotionally executed, the Pom Cats draw in the audience as they perform their jazz routine. Abbie Marciano leaves no question of the heartfelt nature of her performance.

JV

Front: Ana Blagojevic, Madison Kegley, Haley Wigboldy, Megan Wright
Back: Hannah Schneider, Sarah Fleming, Madison Setser, Corinne Meekma, Bella Weisbrodt,

Varsity

Front: Kylie Zieminski, Myah Niemeyer, Josie Knapik, Kayla English, Sydney Szymanski
Middle: Kylin Tucker, Skyler Lea, Bianca Gutierrez, Abbie Marciano, Sydney Szymanski
Back: Olivia Sroka, Arin Voltolina, Madison Radowski, Lucia Novelli, Michayla Ferguson

I Never Felt So Strong

Kylin Tucker is held up during their jazz performance to the song "Coming Home" by Skylar Grey. The movements of the routine replicate the lyrics to the song in many ways. Performing lifts is a critical component of the girls' routines, and this lift impressed every crowd who witnessed it and brought the lyrics to life.

On the Dance Floor

By: Brooke Zieminski

"When you dance, your purpose is not to get to a certain place on the floor. It's to enjoy each step along the way."

Wayne Dyer.

The girls on the Poms team have a passion for dance. Most of the girls have been dancing since middle school; some have been dancing since they could walk. They enjoy dancing because it allows them to tell a story. They can all be themselves and express themselves. Dance is very time consuming; they practice three times a week for two and a half hours so they can perfect their routines. While they entertain the crowds at halftime of football and basketball games, all of the hours of practice are really in preparation for competition season, which begins in the second half of the year. It is always a goal to advance to State.

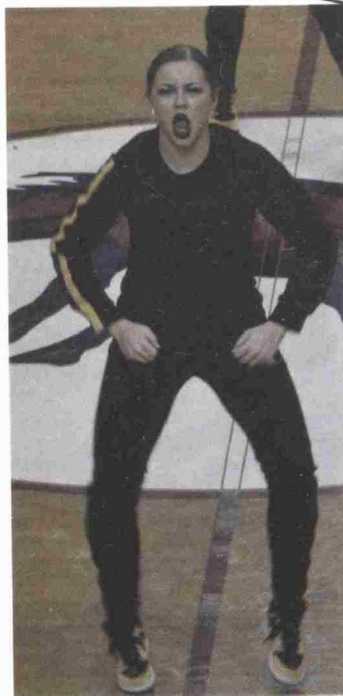

State is a memorable time for the team because they get to see all of their hard work pay off. This year, Varsity was runner-up in Jazz and Hip-Hop. Junior Varsity danced the best they could, but they did not place in top three. The girls have formed many new friendships and have shared great memories together.

Most notably, this year was Coach Darnell's last year coaching. She has coached for over 35 years, which is unheard of today. Coach Darnell has coached for so long because she "Loves the kids and has a passion for dance." Mrs. Darnell has impacted all of the girls' lives in ways that they could not have imagined, and the girls will always remember the things Coach D has done for them.

All About That Bass

The varsity squad performs their pom routine at Lafayette Jefferson High School for the State competition. Although the girls did not place where they had hoped, they still nailed their performance.

Of Course, I Have An Attitude: I'm a Dancer!

Myah Niemeyer showcases great facials while performing their runner-up hip hop routine at state.

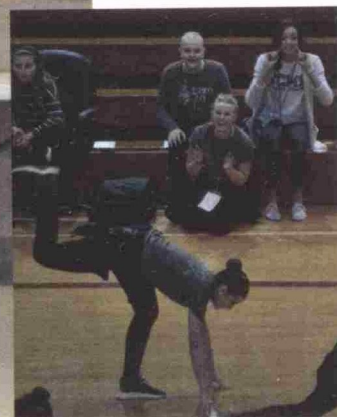

Smile If You Love to Dance

Kylie Zieminski, Josie Knapik, Myah Niemeyer, Olivia Sroka, and Arin Voltolina watch the football homecoming game.

"Great dancers are not great because of their technique, they are great because of their passion." Martha Graham

Family Forever

Pom Cats hold up Haley Wigboldy before they head off to state. Haley may not have been able to dance with her teammates, but she was cheering Cora Bogenschneider and the rest of her team on from her front row seat.

C-Team

Front Row: Julian Biggane, Eric Rucinski, Alex Arce
Middle Row: Cole Hernandez, Nathan Splant, Josh Kazmierski, Bryce Noble
Back Row: Coach Miller, Tyler Kralek, John Merkel, Bennett Welch, Drayk Castner

Junior Varsity

Front Row: Blaze Cano, Gunnar Howes, Sam Primozic
Middle Row: Stanley Galbreath, Aidan Beilke, Sergio Felix, Cade Walker
Back Row: Bret Matthys, Coach McClelland, James Kelly

Varsity

Back Row: Christian Dane, Eli Vukmirovich, Coach Viehman, Coach Clouse, Coach McClelland, Coach Miller, Zach Neurohr

On the RISE

By:Lily Bachar

The 2018-2019 season for boys basketball at Hanover Central was absolutely phenomenal. Varsity ended their season with a record of 16-8, JV with 10-9, and the C-team with 6-7. Thirty-three years ago the Hanover Central Wildcats pushed through their season and made it all the way to sectionals and won, and this year our Varsity boys created their own history and magic. They overcame an aggressive Calumet in a riveting Sectional championship game with an final score of 50-42. The team and the student section alike absolutely lost their minds as the clock hit zero. Everyone was on their feet jumping and screaming with excitement.

After eight seasons as head coach, Coach Clouse was perhaps the most ecstatic of all, congratulating the boys on their astounding feat that night. Drenched in sweat and glory, each team member went up and took their piece of the net, radiating happiness.

Through blood, sweat and tears, everyone involved with boys basketball this season made it the fantastic experience it was. While the team will lose tremendous talent in Luke Barach, Ryan Raczkowski, Keith Koontz, and Dillon Koontz, the team returns immense talent and is most assuredly on the rise.

Awards

Defensive Player on the Year: Joey Glidewell
Free Throw % Leader: Luke Barach

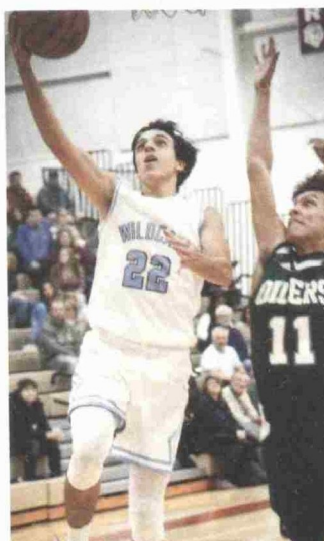

Boys Basketball

Coaches Corner

The Start of Something Great
Landen Babusiak, a freshman, gains possession in the opening seconds of the Sectional championship game. With three years left, Landen will be an asset to the varsity program.

WE ARE HC!

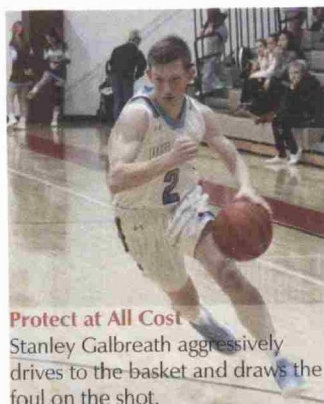

The team celebrates with their fans, friends, and classmates as they hoist the championship trophy together. Competing against Calumet in their home gym gave them a significant advantage, but our fans took over the gym and left no room for doubt that they were behind their team.

Lead by Example Dominic Lucido confidently goes up for a lay up on a fast break and gets the foul. A leader on and off the court, Dominic was instrumental in the success of the team this year.

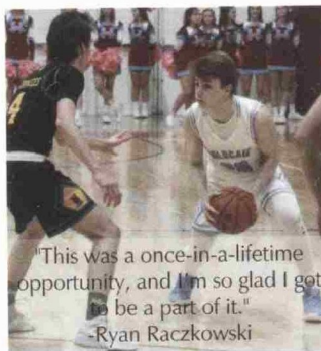

Teamwork Together TJ Burt and Kole Popko work as a unit to defend against Gavit. TJ was new to Hanover this year and an asset on the court. When commenting on the Sectional championship, TJ said, "I'm so glad I got to be there with great people."

Protect at All Cost

Stanley Galbreath aggressively drives to the basket and draws the foul on the shot.

"This was a once-in-a-lifetime opportunity, and I'm so glad I got to be a part of it."
-Ryan Raczkowski

Numbers Speak for Themselves

Luke Barach is guarded heavily by Bishop Noll's defense, but as usual, Luke moves the ball to his teammates and into scoring position. While Luke was a leader in scoring, he was also an exceptional captain for his team. Upholding the values of sportsmanship, Luke represented Hanover with poise and grace and was a player younger Wildcats tried to emulate.

"Boys, Congratulations on winning the sectional championship! You will always be tied to one another for this great accomplishment and you will always be called sectional champs! It was a privilege to coach you guys. Thank you for the great ride. You brought pride to our wonderful community and they rallied behind you. Seniors, there is not a better way to go out. We will miss you and we thank you for your contributions to the basketball program. Good luck in the future." -Coach Clouse

"To the JV wildcats: I would like to thank you all for allowing me to be your coach this year. It was a great season and I hope you all enjoyed it. You also got to be a part of an historic program at Hanover and you'll always remember that. I hope you all continue to play basketball and I wish you luck in whatever else you do." - Coach McClelland

"The C team worked very hard this season and you all deserve to be very proud of your accomplishments. During this long season, we endured together through injury and move-ups to JV with a very respectable 7-8 record. The best accomplishment of the season came when we were able to defeat Highland on their home floor during the Holiday tournament after being beat by them a month prior by over 20 points. It really was a nice way to end the season on a high note. Overall, I was very impressed by everyone's will to fight hard in every game and I wish you all nothing but the best in your future years at Hanover." - Coach Miller

Top Honors

At this year's Winter Sports Banquet, the following awards were given:

MVP: Amanda Schreiber

Rookie of the Year: Julia Blue

Most Improved: Nevaeh Govert

Sportsmanship Award: Madison Fanta

Mental Attitude: Kaylee Huyser

And One

Junior Amanda Schreiber drives to the basket hard doing a Euro step to go around her opponent.

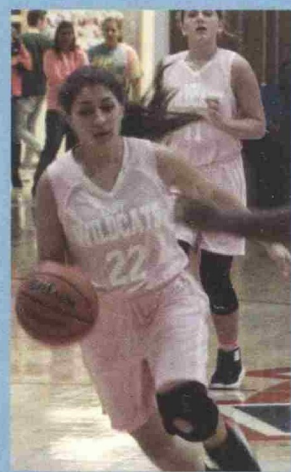

"Driving to the basket is my favorite thing while the most important to practice. The best move I have is the Euro step; I have worked on it since middle school, and now it's perfect. It helps me drive to the basket and score while distracting the defender," Amanda said.

team	us	them

Weaving In and Out

Allison Mueller works to avoid her defender and drives towards the basket. In her junior year, Allison became a key ball handler for the team.

Shoot your shot

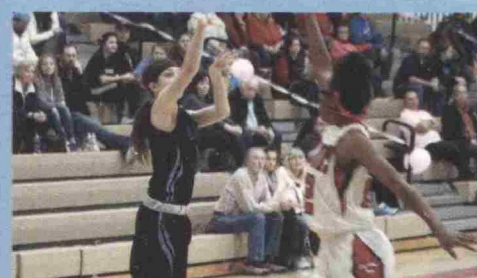

Sophomore Julia Blue pulls up for a three against Bishop Noll. "Sometimes you just have to shoot your shot and have confidence it will go in. Even if your first few shots do not fall, keep shooting and they will," Julia said.

Junior Varsity

Where It All Starts

Shoot to Score

Freshman Alexis Yuhasz shoots a free throw during a non-conference game against Hammond Clark. "Little things like making free throws can change the whole game," said Alexis.

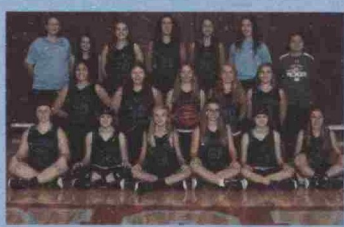

Shoot for the Stars

Freshman Kayla Bollinger pulls up for a three over her defender. "Shooting threes is my favorite thing to do," said Kayla. This year Kayla started JV.

This year's JV team consisted of mostly freshmen and a few sophomores. The girls were coached by "Girl Sam" and Coach Marie. Their record was 8-13. There was a point during Christmas time when about 7-8 girls were injured or sick with the flu. They had a rough time, but they managed to pull through.

Learning and mastering plays and skills was critical because some of them could be on varsity next season. "No matter who we were playing, we worked hard and still managed to have fun," Alexis Yuhasz. Even though the girls did not win all the games they would have liked, they had fun, and that's a win every time.

Front Row: Maddie Stutsman, Briana Bollinger, Savanna Morgan, Brianna Behling, Kayla Bollinger, Madeline Kartz
Middle Row: Star Sanchez, Alexis Yuhasz, Laci Snell, Maria Davenport, Kaitlyn Kil
Back Row: Coach Marie, Sabrina Siems, Ashley Haemker, Sarah Piepho, Joy Gliwa, Coach Girl Sam, Manager Hope Huyser

On the COURT

By: Julia Blue

This year's girls basketball season started with a bang. From the start of practices, the coaches told them how important it was to stay together and to always high five each other when good plays or baskets were made. Practices were fun, and we got to play music through the gym speakers (the boys got jealous because they couldn't play any). The girls started off the season with a huge win against Portage, who normally blow them out. That game was one of their best. The girls played as a team and kept each other hyped. Shortly after this, things started going downhill, and we lost the next six straight games. Practice started to include more running and a drill called gauntlet, a lay up drill where they had to do full court lay ups with about two to four minutes on the clock. If anyone missed a lay up, a ball would come off the rack. When there were

no more balls left and still time on the clock, the girls ran. A lot of people hated this drill, but we got through it as a team. Also, our coaches thought that having team bonding would also help us. The Blue family hosted it one Saturday after practice. This day was full of eating and different "icebreaker" activities. Shortly after this things started to get a little better, and players were closer. Some practices were harder than others, but we managed to push through. This team's favorite memories included team dinners, teepeeing our coaches house, and spilling a J&C shake on the court during halftime of a JV game. Although the season did not go as planned, we made it to the sectional championship but fell short to Knox. We will miss our two seniors Kaylee and Madison a lot. Once a Wildcat, always a Wildcat.

Front Row: Nevaeh Govert, Madison Fanta, Kaitlyn Kil, Savannah Ferry, Allison Mueller, Madeline Kartz

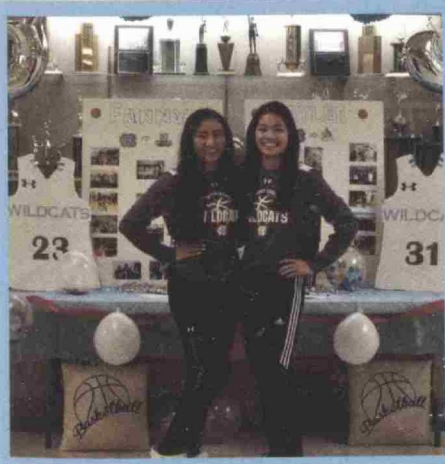

Middle Row: Kaylee Huyser, Star Sanchez, Amanda Schreiber, Sarah Piepho, Reagan Noel

Back Row: Grace Hanlon, Julia Blue, Coach Roldan, Coach Boy Sam, Camryn Sterkowitz, Manager Hope Huyser

Up Strong

Sophomore Nevaeh Govert goes up for a lay up during a fast break. She said, "My biggest fear is missing a lay up during a game." In this game against Kouts, the Wildcats narrowly won by one point.

Senior Night!

Seniors Kaylee Huyser and Madison Fanta hold back their tears on their last home game. Both girls have been playing basketball since freshman year. "I will definitely miss basketball and this team. This team becomes your family after awhile, and you create friendships with the girls you have played with for two or three years," Kaylee reflected.

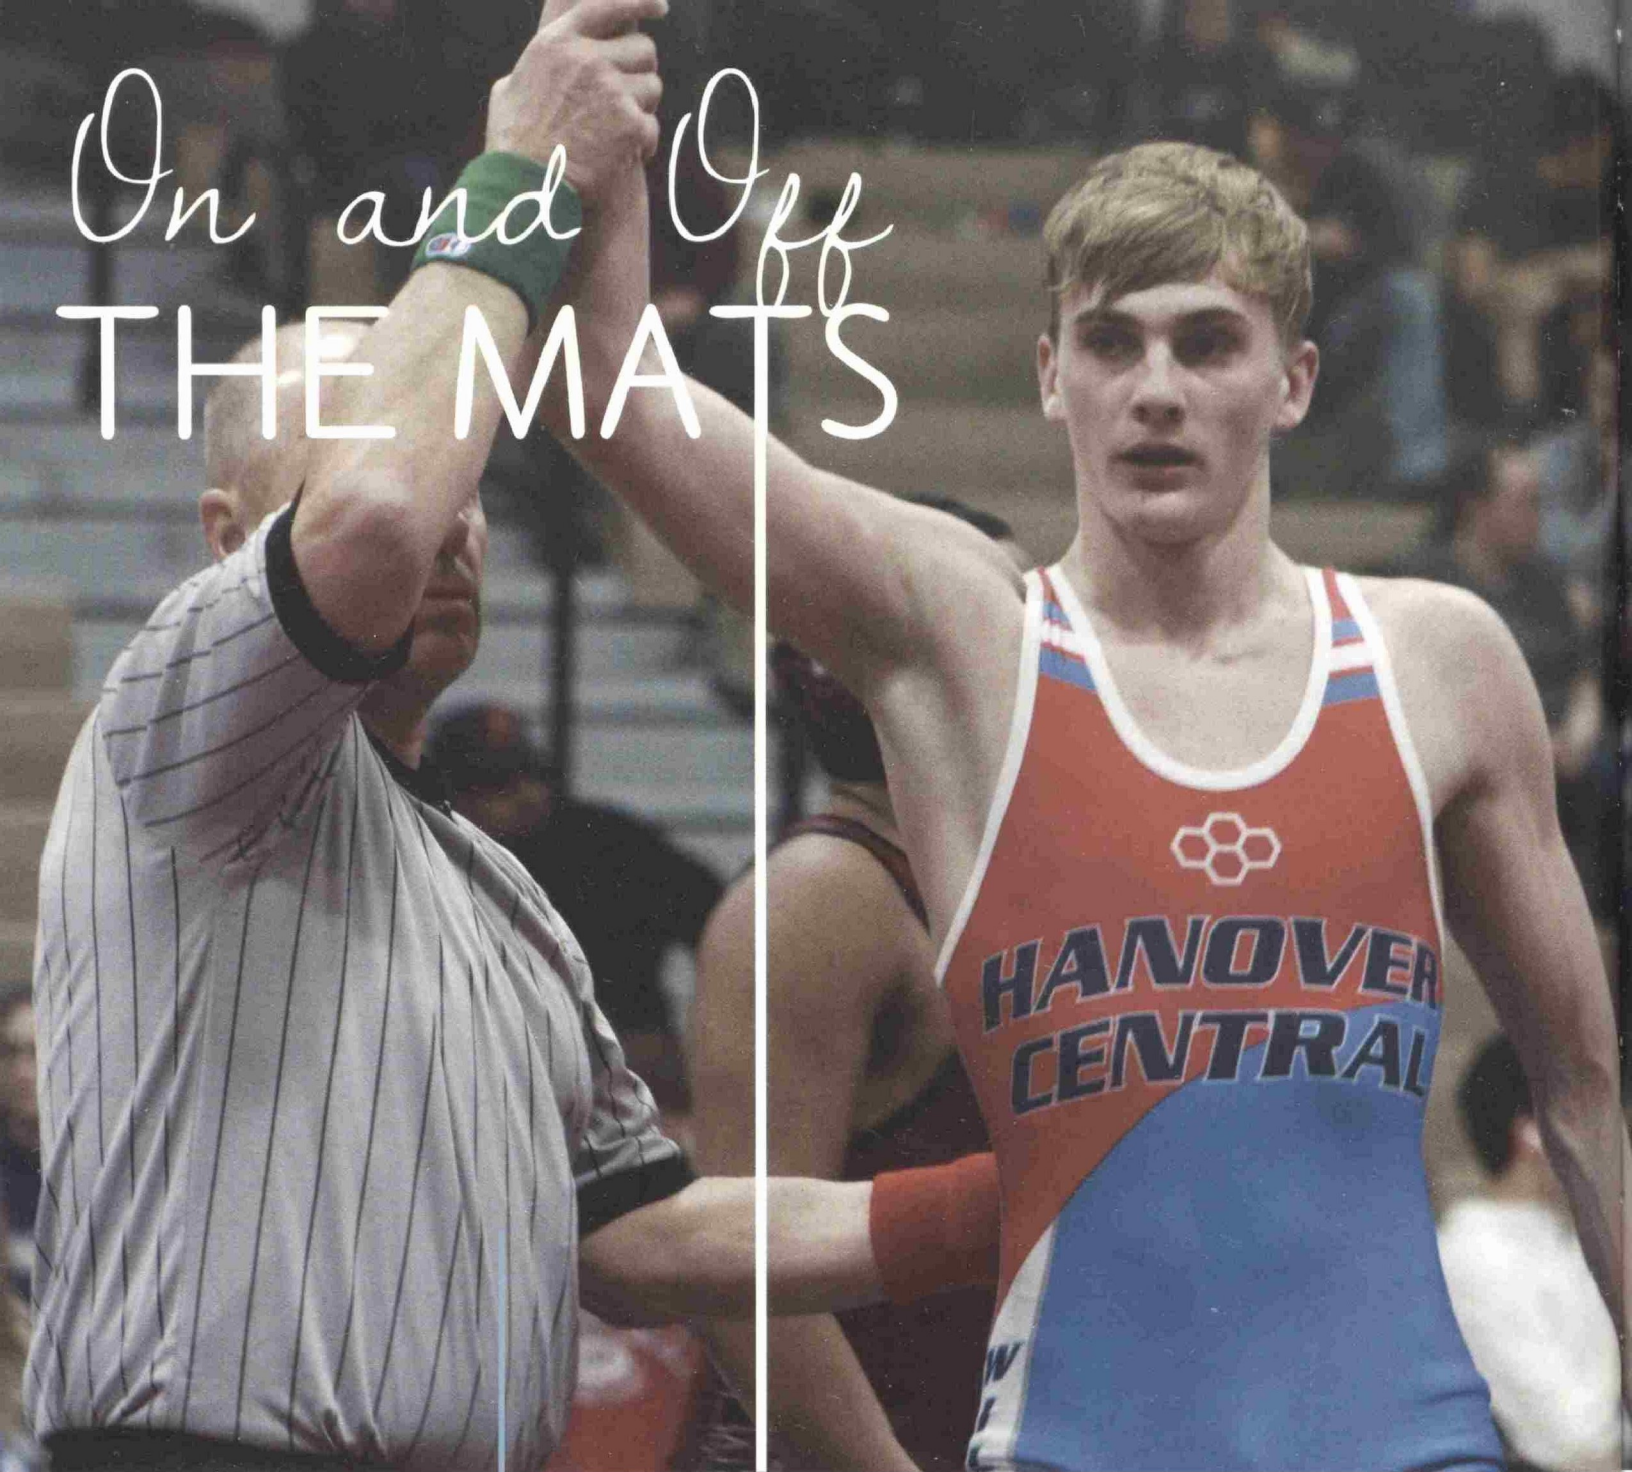

Look Out

The girls run out to their song "Stir Fry" by Migos against Bishop Noll. Every home game the cheerleaders make the basketball team a hoop to run out of, and they are always on the sides cheering the girls on. "My biggest fear was that I would not be able to rip through the paper," senior Madison Fanta said. The seniors were the first ones to run through the paper, followed by juniors and sophomores.

Girls Basketball

On and Off THE MATS

Wildcat Wrestling

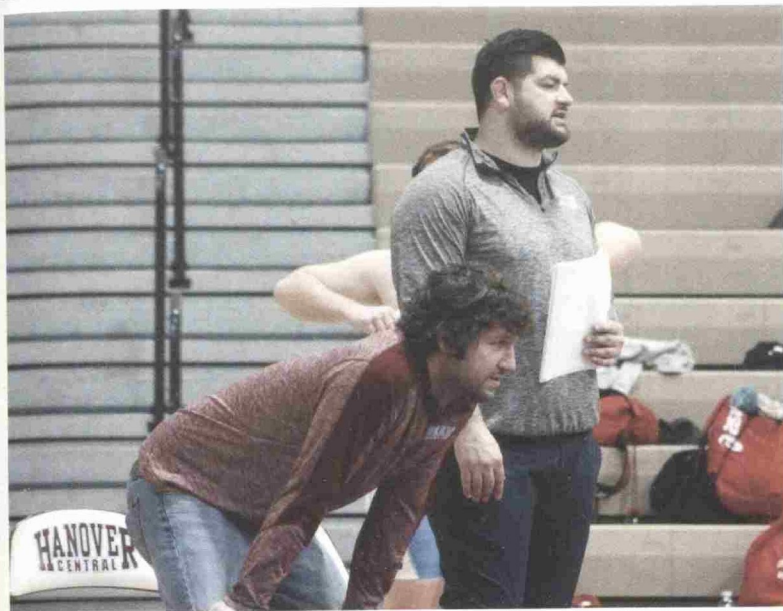

Front Row: Kyle Hoover, Skylar Iverson, Diego Zuniga, Sebastian Priego, Tony Tuley
Middle Row: Aidan Padilla, Julian Ramirez, Colten Zableckis, Hunter Kuhns, KC Sink, Bryan Hoover
Back Row: Coach Hoover, Coach Vukobratovich, Ryan Breedlove, Johnny Willems, and Coach Sobkowicz
Not Pictured: Ethan Karpik, Frank DiGiovanni, Brant Hathaway, Alex Ramos, Ian Thompson

Young Blood Junior standout Ryan Breedlove is victorious over his Warrior opponent. Without any seniors on the team, Ryan accepts the role of team leader and carries the weight of that role on and off the mats. A hardworking student and athlete, Ryan leads by example and was just one of two wrestlers who competed at Regionals this season.

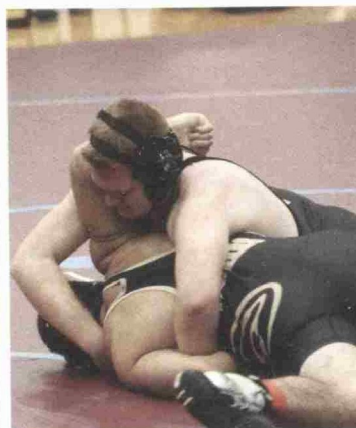

Award Recipients

MVP and Mental Attitude- Ryan Breedlove
 Most Improved- Tony Tuley
 Sportsmanship- Johnny Willems
 Rookie of the Year- Skylar Iverson

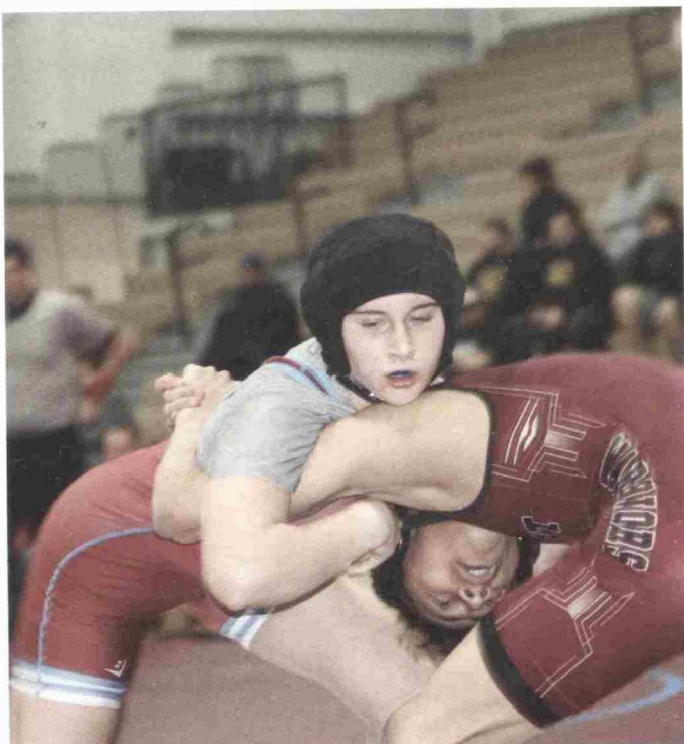

Returning Home

The Wildcat wrestling coaching staff received a complete makeover, and yet, the faces and voices responsible for leading are not new to Hanover. Kyle Sobkowicz and Roger Vukobratovich are both 2006 grads, and assistant coach Sean Hoover is a 1998 graduate. These coaches earned the respect of their athletes and promise to lead the Wildcats to the greatness this program is known for. "Roger had never coached a girl, but he gained my trust to coach me very quickly because he treated me like every other wrestler," Skylar Iverson said.

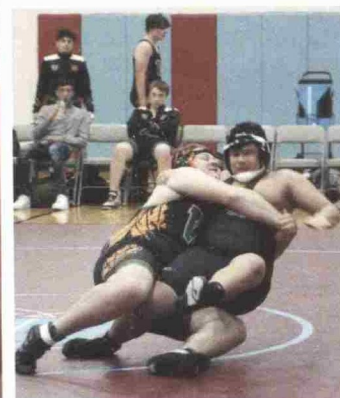

In a Tough Spot

Putting his Griffith opponent into a very uncomfortable position, sophomore KC Sink gains an advantage in his match.

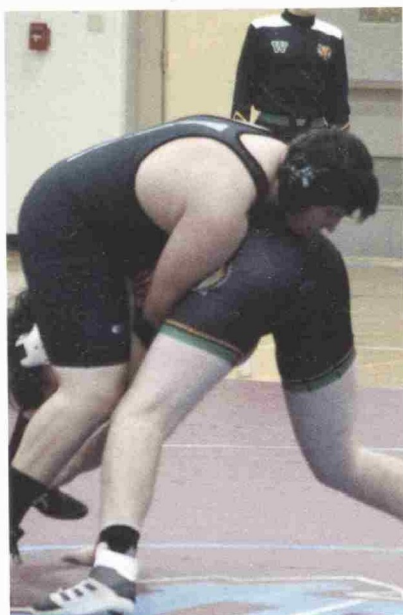

Take Down

Diego Zuniga goes down hard against his Wheeler opponent at the John Willems Memorial Super Duals. One of the many freshmen on a squad full of underclassmen, Diego looks to be an asset for the team over the course of his high school career.

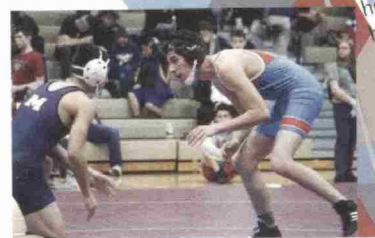

Breaking Barriers

As she did many times this season, Skylar Iverson makes a move against her opponent. While this is not the first time Hanover has had female wrestlers in the program, it is the first time that one advanced to Regionals, which is an accomplishment that does not come without effort. "This is all I have here, so I train all year round. I don't need a break or want one."

Strategy on the Mats

Aiden Padilla maneuvers around his Bearcat competition and establishes his position before grappling him to the ground.

A Welcome Return
After a year off, junior Johnny Willems found catharsis in a sport his dad taught him to love. With Coaches Sobkowicz and Vukobratovich at the helm, Johnny knew his training was in good hands: "Roger and Kyle were wrestlers under my dad and are the reason I came back. Their coaching style is to cement moves and positioning into instinct."

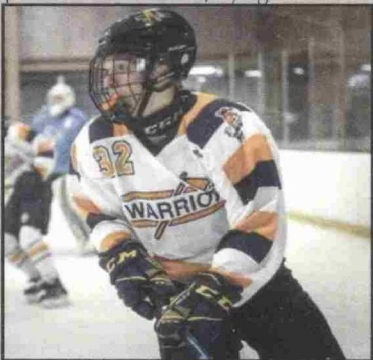

Focus! Ryan Curtis, a freshmen, plays for Bishop Noll Institute. Ryan skates down the ice trying to get the puck out of the zone. He says, "Pucks to the net, boys to the net." He plays defense and enjoys winning.

Pass the Puck Robert Marciano plays for Bishop Noll Institute and wears number 23 on his jersey. He is rostered on both JV and Varsity and plays both offense and defense. Robert passes the puck to his teammate, trying to score.

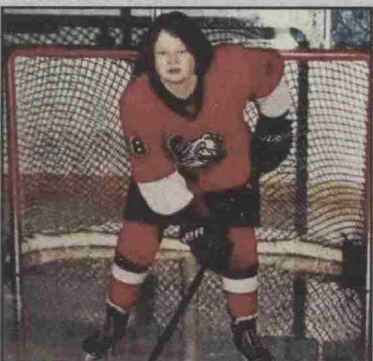

Balance is Key Luke Rycerz is a senior, and he plays for Bishop Noll Institute. He is also an assistant captain. Luke enjoys playing with his teammates and having fun on the ice.

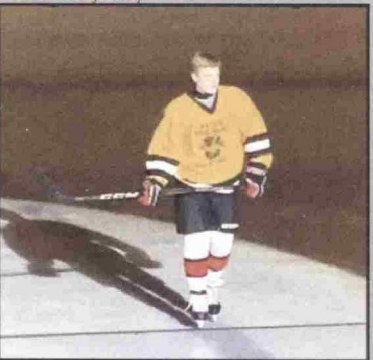

Nice Edge! Owen Rycerz is a freshmen who plays for Bishop Noll Institute. He plays offense and is number 32. Luke and Owen are brothers, and they play on the same team.

Caught in the Moment Conor Sivak, a sophomore, focuses hard during a game. Conor plays for the Crown Point Bulldogs. He proudly wears the number 54 on his jersey.

Ready to Go Jakob Zimmer is a junior and plays for the Crown Point Bulldogs on varsity. He is number 18, and he plays forward.

Spotlight on the Ice Connor Phillip is a freshman, and he plays for the Crown Point Bulldogs. He skates down the ice with the spotlight all on him.

Defense! Alex Nisevich, who plays for the Orland Park Vikings and plays 15U Central States, passes the puck to his teammate. His team was runner up in the State Championship game.

Skate Skate Skate! Jason Stern, a senior, focuses on the play that is going on in front of him. Jason plays for Lake Central Indians and is on Varsity. He is number 10 and is one of the assistant captains for his team. Last season, he played for the Chicago Blues and came back to play for Lake Central.

Be Aggressive! Kristopher Kritikos, a senior, skates down the ice, focusing on his next move. Kris plays for the Lake Central Indians on Varsity. He also plays for Team Indiana. He wears number 15 and is an assistant captain for his team.

Speed is Key Ryan Greene rushes down the ice to get in the play. Ryan plays for Lake Central's Varsity team. He wears 89 on his jersey and helmet, along with the assistant captain patch stitched to his jersey.

KEY TERMS

Hat trick: when a single player scores three goals in one game.

Check: getting hit.

Puck: the "ball" of the hockey.

Shut out: when the goalie lets zero goals in the whole game

Off-sides: when the player crosses the blue line before the puck does.

The "Crease": the blue paint outside the net.

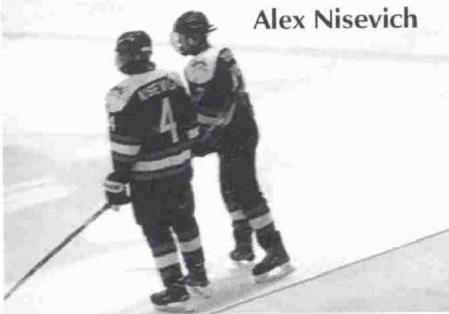

on the RINK

Hockey at Hanover by Ella LaLonde

Some might say hockey is the best sport out there. In the game of hockey, your only objective is to keep the puck out of your zone and score some goals for your team. It can't be that hard, right? Well, actually, you have to do all that while gliding on ice with thin blades on your feet. You also have the risk of getting checked by another player or hit with a puck. For these guys, hockey is something they grew up with and has meaning to them. Hockey takes hard work and dedication, even if that means leaving school early for practices, games, or tournaments.

At Hanover Central, we do not have a hockey team, so the students who actually want to play have to play for other schools or clubs. Luckily for them, they do not have to enroll in that school just to play for that team. There aren't many hockey teams in the Region, so there is not much to pick from. Hockey takes a lot of talent, and it is truly a wonderful sport. The boys featured on this spread are very talented and should get a lot more recognition than they already do. They have accomplished a lot in their hockey careers, even if it is a big save or a hat trick!

A Fresh

From Barely having a coach, to winning conference, our Lady Wildcats bowling team had an amazing season.

Frame

By Ruthie Rakowski

Many people think that bowling is easy. I mean, it's just throwing a ball at pins right? Bowling is so much more than that. It takes a group of girls that have a passion for one common thing. Winning. Throughout the bowling season, our girls faced many different obstacles this year. One main obstacle was losing our head coach for half a year. That was the hardest part for our team.

Before the official season started, the Lady Wildcats competed in a preseason tournament, and sadly lost. The girls don't get discouraged easy though. Throughout the first couple weeks the girls were on top of the leader board. Then we received some very interesting news. Our coach was in the hospital.

When the team found out the news, we didn't know how to react. How is one supposed to react when they hear that their coach of four or five years is in the hospital? More importantly, who was going to coach us? Luckily, Ruthie's Dad, Coach Bryan, stepped up and brought us to the end of the season. Along the way, we always had our minds on Coach Wes. At one point, his condition rapidly declined, but our girls kept strong and helped when we were needed. Before Coach Wes came back, we competed in Sectionals and Regionals.

Our Lady Wildcats were on a mission, and that was to take conference from our rivals, Crown Point. The Lady Wildcats fought hard and they pulled through to take conference championship. A couple weeks later, we competed in sectionals and had a great win. Our ladies became sectional champs with the great leadership of Coach Bryan and special help from Coach Jody. That next week we competed in Regionals and took runner up. Then the next week we had Semi-State and we didn't expect Coach Wes to come back, but miraculously he was. With our coach back and our team on a streak, we were ready to compete in Semi-State. Our Lady wild cats fought long and hard to make it to state, and we took 4th, which was just enough for us to advance. Finally, state weekend came and our girls were as nervous as ever. Even though we have had the best season in Hanover history, we wanted to win it all. Our ladies had given everything they had, and they finished in 4th place, missing championship round by 6 pins. It was a great season for our ladies, but next year will be an even better year.

The Dream Team

Some of our Lady Wildcats (pictured left to right, Phoenix Schreiber, Marissa Metcalfe, Coach Wes, Ruthie Rakowski, and Isabel Sitkowski) were honored to be part of an all conference team, made up of girls from all around the Quad County Conference.

Sectional Champions

Our ladies fought long and hard to take the title of sectional champs from Crown Point, the team's rivals.

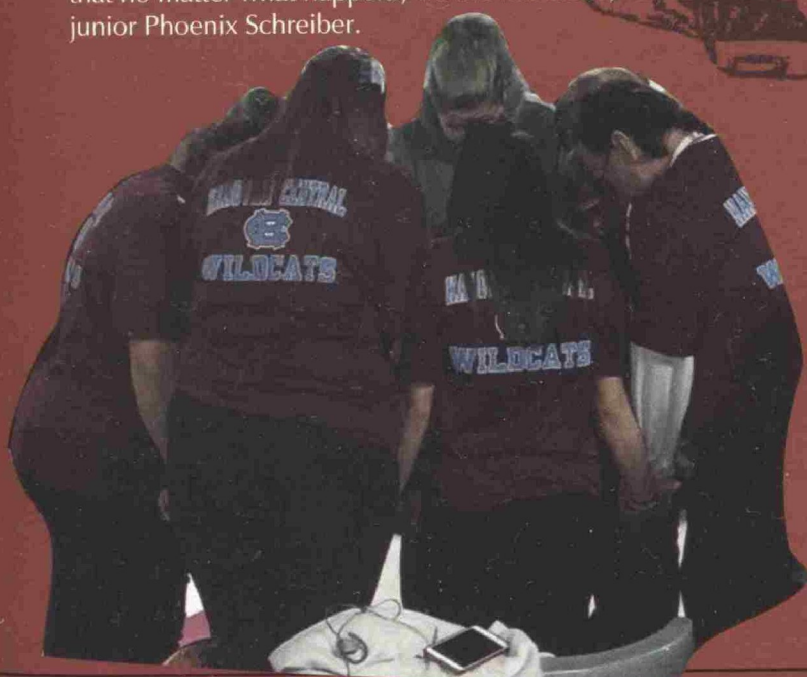

Lady Wildcats

From L to R: Marissa Metcalfe, Isabel Sitkowski, Phoenix Schreiber, Ruthie Rakowski, Hope Walkowiak, Alora Kelly, and Brenda Metcalfe

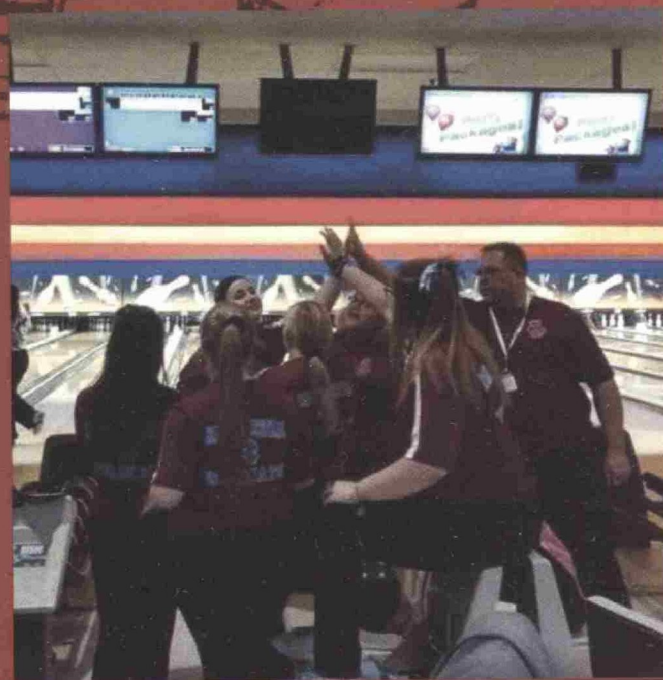

All Huddled up

For the last time in the season, our Lady Wildcats huddled together to say a prayer before state. "The prayer circle we have before we bowl, to me, those few seconds or minutes, is a time to gather our thoughts and to relax before we start our event. I know that no matter what happens, we are not alone," says junior Phoenix Schreiber.

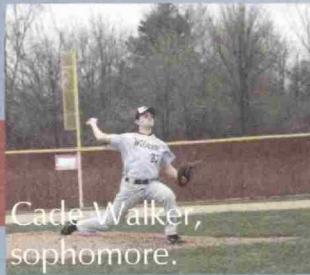

Wildcat Win

Our girls were ecstatic to win the Region Rumble. "I always imagined our team coming together to win something like this," Ruthie Rakowski said smiling. "It truly is an amazing thing."

BNI	W 10-5
Sectionals	L 2-0

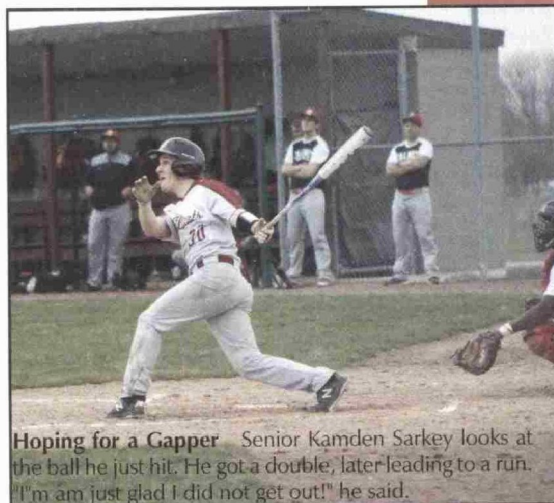

The Team is in Good Hands. That's Nolan's Stand. Talking over a play with Coach Bridges, Nolan Tucker accepts whatever constructive criticism he can take. While someone will be wearing number 5 in the year's to come, these last four years have belonged to this senior. Playing primarily short stop for the Wildcats, Nolan gave all of his time to the game he loves, and this season made it easy: "It was my favorite season of all four years. It was the closest team we've had in my time here, and it was the most fun we've had in my time at HC. There are a lot of talented underclassmen, and because of that, the team will be very good these next couple of years. We needed some younger guys to step up, and they definitely did."

Let's Have a Catch For pitcher Evan Momcilovic (left) and catcher Sam Momcilovic (left/middle), they have what some might consider an unfair advantage. Brothers on the field and off, these two have had the opportunity to hone their baseball skills together, and because of that partnership, they have been a dynamic duo their whole lives. In their final game together against the would-be state champion Andean 49ers, Evan said that the 2-0 loss was one of his favorite memories: "That was the first game everyone came together as a team," and, fortunately, Sam had the pleasure of catching for him one last time.

Chin Down, Turn, and Drive It Jared Comia hits a double, crushing the ball. Jared, only a sophomore, has been a valuable varsity player for the last two years. This season he committed to play for the University of Illinois when he enters as a freshman in 2021-'22.

Hoping for a Gapper Senior Kamden Sarkey looks at the ball he just hit. He got a double, later leading to a run. "I'm am just glad I did not get out!" he said.

On the Right Path

A sophomore slogan became the season's spark.

By: Priscilla Seniw

Leah Mokos created the theme for the 2019 season: It's all about "holding the rope." When someone makes an error, you have to pick each other back up. It's all about who you want to be holding the rope when you are falling, and that is exactly what the team did this season. When someone made a bad play, someone else would swoop in and pick them up by getting a good hit or making a good play.

Applying this mantra to every game led the lady Wildcats had a very successful season with Varsity going 20-4-1 and Junior Varsity going 9-9. Not only did the team win conference, but they won Sectionals in spectacular fashion. Priscilla Seniw hit a double, and freshman Ally Holtcamp came in to pinch run and scored the game-winning run, stealing home on a passed ball! The Wildcats went on to win the Regional title as well, but fell short in the first game of Semi-State.

The future for this team is promising for next year, even after graduating three four-year varsity players, 11 will be returning to the varsity roster. Out of the 11, though, seven will be seniors. The Lady Wildcats are on the right path for next year!

Varsity Front Row: Ally Holtcamp, Jenna Upchurch, Alyssa Albrecht, Taylor Towry, Michayla Ferguson, Tyler Chambers
Middle Row: Camryn Veteto, Jessica Meier, Leah Mokos, Madison Miller, Priscilla Seniw
Back Row: Coach Bolden, Elise Kratkoczki, Sydney Kuzma, Ashtyn Barnett, Coach Nolan, Coach Antkiewicz

Junior Varsity Front Row: Jordyn Sadzewicz, Ali Radanovich, Sam Szymanski, Sadie Oakes, Morgan Reich
Middle Row: Hannah Pierson, Alaina Giglio, Elaina Willy, Darian Forsell, Julia Schuldes, Hailey Palomo
Back Row: Coach R. Myers, Coach Giglio Alexis Yuhasz, Amaya Graves, Chloe Reitsma, Coach M. Myers, Brianna Behling

Sectional Champs! After a tough loss last season, the girls redeemed themselves and took the W in a 5-4 win against Highland.

Senior Leadership

Michayla Ferguson, Madison Miller, and Camryn Veteto, all seniors, display their Regional championship banner. In a tight 8-7 victory against the host Jimtown Jimmies, these ladies were able to celebrate yet another tremendous accomplishment with their team. While their season and career at HC came to an end the following weekend with a 15-3 loss to Yorktown, they can move forward with Coach Bolden's words guiding them: "You can be upset about the day, but don't be upset about the season." Words to live by.

Launch It Morgan Leigh fires past Ali Radanovich from left field.

Meet on the Mount

Ashtyn Barnett calms Taylor Towry. A catcher and his/her pitcher is one of the best relationships in sports. These two are a great pair.

Hold the Rope

Leah Mokos prepares to enter the box and looks to her coach for the sign. Leah hit a nice single after this.

Small but Mighty

Hauling in the 4x1, junior Brett Driscoll proves why he is such a force on the track team. Though hurt some of the season, Brett was determined to participate as often as he could.

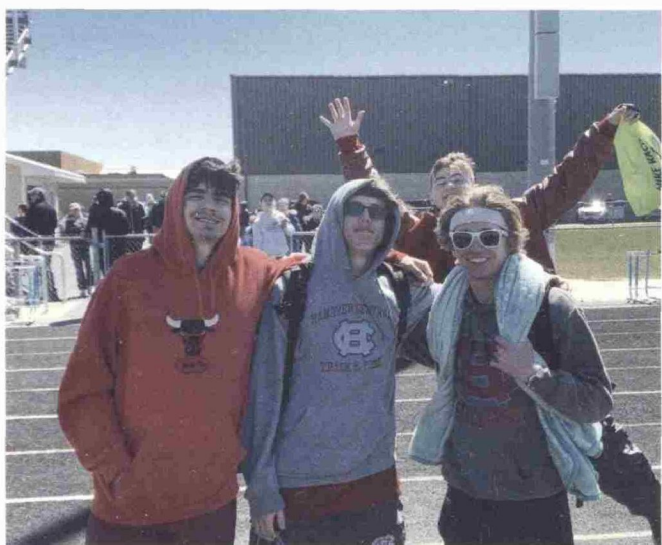

The Legend Himself

Tyler Mason rips through the hurdles for the 110s. He is the leader of the boys track team, and he is the only track athlete who qualified to the State meet in the 300M hurdles. Tyler placed 19th in the State with a time of 40.44 in a field of 27 runners.

Blast Off!

Charlie Watson, gets a solid push out of the blocks in the 200M Dash. Running both cross country and track, Charlie leaves no question which is his favorite. A sprinter at heart, Charlie excels when it comes to speed..

The Best Senior Night

Tim McKay, Tyler Mason, and Alex Neurohr were the pride and joy of the team and will be missed.

Not Feeling So Hot

Austin Fanta was not in the right mind set for this 200 meter dash but had to push through the pain.

Track Family is Forever

By: Austin Fanta

Track is a very competitive sport and extremely fun. Yes, it's a lot of wear and tear on your legs and body, but you feel so accomplished when you PR. You will never feel left out because the bond the team has is truly remarkable. They are not just teammates; they are brothers. They will never break apart and will always cheer you up. Anyone should look into doing track and field. This sport keeps you active and will always bring amazing memories. The team is on the brink of winning conference next year.

The Big Moment

Tim McKay prepares for his final jump in high jump as Cole Cameron, Alex Neurohr, Dominick Amadio, Jacob Czak, Tyler Mason, Charlie Watson, Maria Davenport, Jaron Rodriguez, Garret Schreiber, Bryce Noble, and Don Olivares III wait with anticipation.

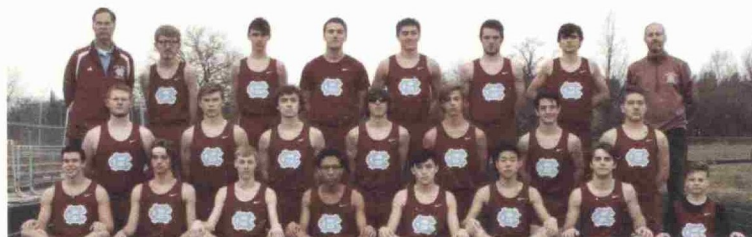

The Brains of the Team
Luke Maurer guns down his opponents in the 100M Dash. The anchor in the 4x1, Luke also competed in pole vault and advanced to Regionals.

Big Throws Only
Colton Zableckis, only a freshman, follows through on his throw. He shows great promise for the coming years.

Not Afraid of Heights
Max Warchol vaults into the air to clear the bar on his first attempt.

Varsity Front Row: Brett Driscoll, Alex Neurohr, Bryce Noble, Don Olivares III, Julian Ramirez, Austin Fanta, Dominick Amadio, Blake Rogers
Middle Row: KC Sink, Max Warchol, Jimmy Pope, Tyler Mason, Charlie Watson, Cole Cameron, Jacob Czak
Back Row: Coach Foulds, Kyle Thibideau, Jackson McKay, Nic Zajac, Leo Gliwa, Luke Maurer, Tim McKay, Coach York
Not Pictured: Eric Hasse, Sam Hinojosa, Michael Simon, Niles Anderson, Jack McCarroll, Noah Czak, Jayden Gregory, Colten Zableckis

Smile For the Cameras

Madeline Kartz shows off her beautiful smile along with her Hanover pride by coming in first place in the 1600 meter race.

Back in Black

The unexpected cancellation of the track meet led to the girls wearing their underclothes they they usually wear under their uniforms. Wearing Coach Neitzel's favorite color, the girls look like they're ready for ninja training.

Friendship

The girls quickly realized the key to having a good team is to have a close bond. Girls who run together, stay together.

Better Watch Out!!

Maya Butler is gaining on her competition, which appears to have an untied shoe so it should be an easy task.

Hope of a Better Tomorrow

By: Maddy Victor

The 2019 girls track team had very small numbers this year with only about 20 girls on it. That is half as many as there were in 2018. The small numbers did not discourage anyone. Every day the girls ran, threw, jumped, and vaulted their butts of for Coach Neitzel and Coach Oliver to make up for the lack of girls. This season was focused on getting better individually so in the future years, we will rock.

On your marks, Get set, Go!

Jade , Maria Davenport and Madeline Kartz are taking off at the start for the open 800 meter race.

Hittin' the Road

After one of the away meets, the valedictorian, Sydney Maciejewski, locked her keys in her car so the other seniors, Kaylee Huyser, Ellen Connor, and Rebecca Oliver, decided to stay with her until her mom arrived with the spare key. They took a quick trip to DQ to buy Dilly Bars. They are all sad that their high school track season is over.

Small in Numbers. Big in Talent

Kaylee Huyser, Rebecca Oliver, Ellen Connor, Sydney Maciejewski, Allison Mueller, Grace Hanlon, Malia Butler, Carina Bolanos, Sabrina Siems, Maya Butler, Mia Forbes, Rachel Thibideau, Maddy Kartz, Nevaeh Govert, Maria Davenport, Jade Westerhoff, Kailee Moran, Eva Holm, Maddy Victor. Not Pictured: Abby Kiel

Home Stretch

Maria Davenport finishes strong in the last 100 meters of her 800 meter run at North Newton.

Kick it

Jade Westerhoff is in the middle of her kick at the last straight of her 800.

Need for Speed

Nevaeh Govert takes off after she grabs the baton from Allison Muller to finish out the 4x1 relay.

Leap Frog

Ellen Connor leaps over the hurdle in the 300 meter race. She is just ahead of her Highland competition.

10 quotes every golfer should know...

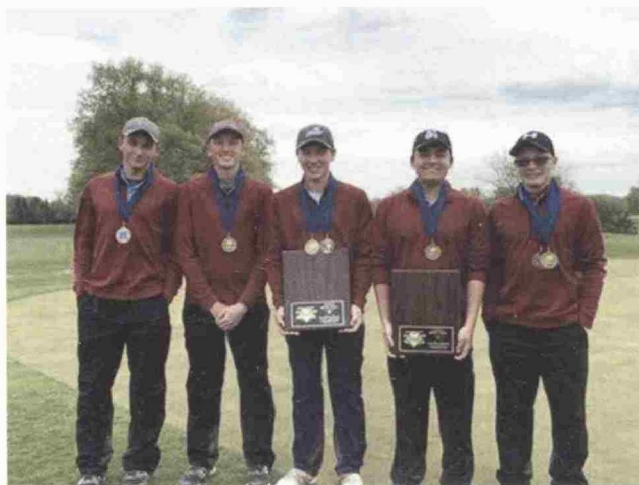

Eye on the Prize

Anticipating his next swing, sophomore standout Cody Donovan measures his shot.

'Twas a Good Day

Like so many of our outstanding Wildcat teams this year, the boys golf added some hardware from the GSSC Conference meet, taking first place honors. Shown are Trevor Victor, Zach Fleming, Cody Donovan, Blake Schultz, and Alec Rogers.

- 1 "Success in this game depends less on strength of body than strength of mind and character." -Arnold Palmer
- 2 "Stay true to yourself and listen to your inner voice. It will lead you to your dream." -James Ross
- 3 "If you worry about making bogeys, it makes the game that much more difficult... It makes a difference to take it easy when things aren't going right." -Sergio Garcia
- 4 "There's no such thing as bad weather, only inappropriate clothing!" -Anonymous
- 5 "A good golfer has the determination to win and the patience to wait for the breaks." -Gary Player
- 6 "Achievements on the golf course are not what matters, decency and honesty are what matter." -Tiger Woods
- 7 "For this game you need, above all things, to be in a tranquil frame of mind." -Harry Vardon
- 8 "As you walk down the fairway of life you must smell the roses, for you only get to play one round." -Ben Hogan
- 9 "Golf is a science, the study of a lifetime, in which you can exhaust yourself but never your subject." -David Forgan
- 10 "A good player who is a great putter is a match for any golfer. A great hitter who cannot putt is a match for no one." -Ben Sayers

Extreme Focus and Expert Intensity

With years of experience under his belt, senior Trevor Victor helped guide his team to a conference championship

Long Shot at Beechwood

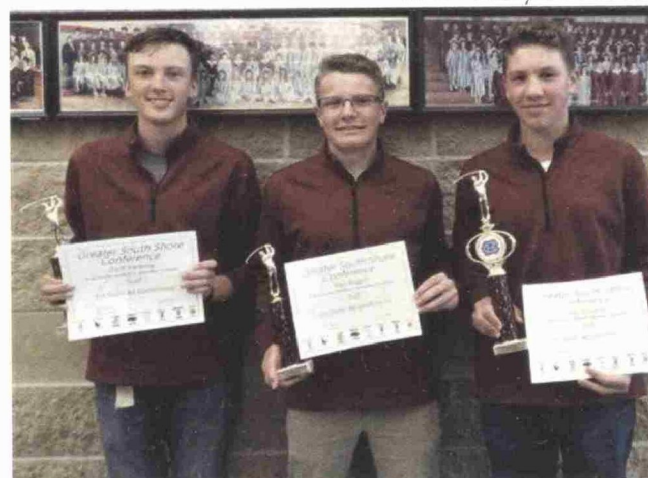

Alec Rogers pulls his weight at the LaPorte Sectional where he shot a 100. At the conference meet, Alec was third overall, with a score of 89.

Fantastic *on the* Fairway

With a new coach the season was uncertain; however, the weather was the one true factor that impeded the season. As it did for all spring sports, Mother Nature made meets, matches, and games nearly impossible to complete. When the boys could compete, though, the growing boys teams found success in a very young team, a theme for all sports this year, it seems. An opening loss to Rensselaer was quickly followed by victories over conference schools, Griffith/Calumet and Whiting/Wheeler. More wins than losses occurred during the season, and the biggest one came with the conference championship on May 17 in Whiting. In the post-season, as he had done throughout the year, Cody Donovan led the team at Sectionals, finishing 2nd overall, and advancing to Regionals. The boys team finished 5th with a score of 384.

hit and valley

By Natalie Haitsma

At the beginning of the season and after losing six seniors from last season, positions were up in the air as to who would fill them. Coach Holden and Coach Whitacre were unsure how the season would unfold. To their surprise, the season was marked by unexpected victories over long time rivals, including Lowell and Whiting, beating both 3-2. The team stormed the court after 2 doubles team Megan Clark and Paige Kubiak defeated Lowell in a third set to win the game for the team.

The Wildcats tied for second in their conference and ended their season with 12 wins and 4 losses. The JV team who had to patiently wait for teams they could play against (because most teams could not supply enough players) ended their season with 9 wins and 2 losses.

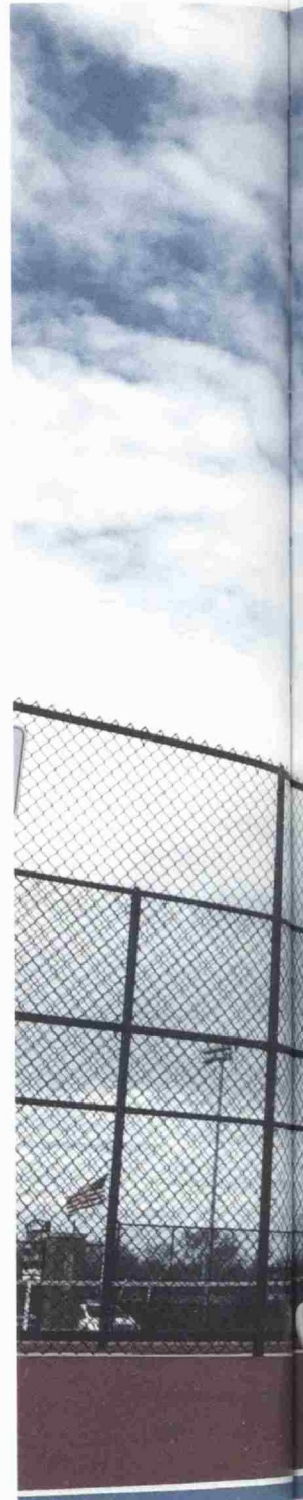

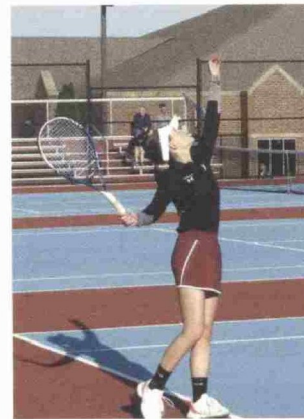

The varsity team also added to the HC All Time Records Book. Natalie Haitsma tied for the third most #1 singles wins in a season, third most #1 singles wins in a career, second most singles wins in a career, first most matches played, and third most wins all time. Sydney Reinbold tied for third most wins at #1 doubles in a season, tied for fourth most wins at #1 doubles in a career, tied at 17th for most matches played and most matches won. Ariana Arce tied for the third most wins at #1 doubles in a season. Paige Kubiak and Megan Clark are first for all time wins at #2 doubles in a season.

It's A Beautiful Day for Tennis

Megan Clark warms up before the match against Griffith. It is a tradition to say "It's a beautiful day for tennis," even if there is 20mph winds and rain.

Love All

Natalie Haitsma serves the first point of her last home game of the season. Natalie beat Morton 6-1, 6-1.

5-0	Rensselaer Central
1-4	Kankakee Valley
0-5	Lake Central
4-1	Calumet
5-0	Lake Station
4-1	Hammond Gavitt
4th	South County Invite
4-1	Griffith
5-0	Boone Grove
5-0	Bishop Noll
5-0	River Forest
3-2	North Newton
0-5	Wheeler
3-2	Whiting
3-2	Lowell
5-0	Hammond Morton

Jenna Voticke commits to play Division III volleyball at Rose-Hulman Institute of Technology. She has been playing volleyball since 5th grade. She started playing club in 7th grade at Ignite Elite. She picked this school because she wanted a small school, and it is the number one undergraduate engineering school.

Brandon Demoff signs to play football for Olivet College in Olivet, Michigan, a Division III school. Brandon was a wide receiver and linebacker for Hanover.

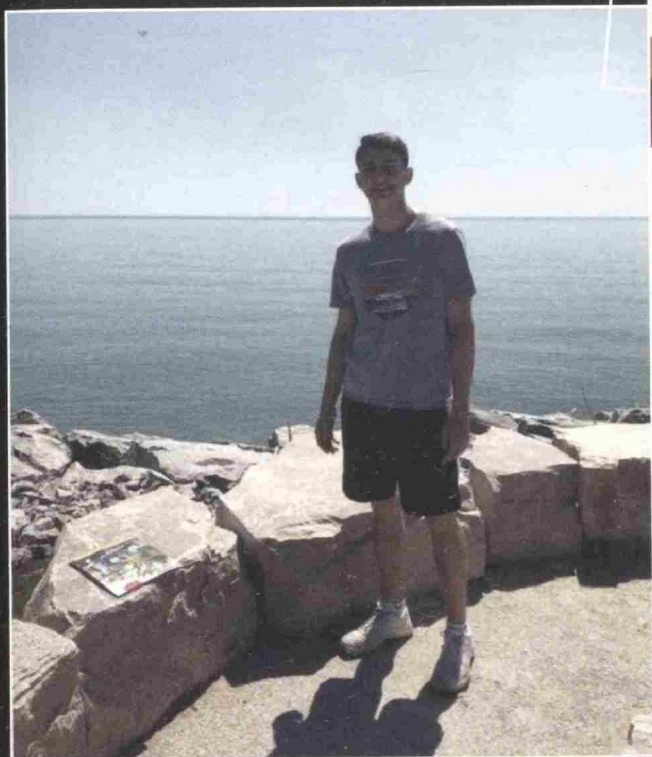

One of two seniors from this year's Semi-State-qualifying softball team, Michayla Ferguson commits to playing at Prairie State in Illinois next year.

...moving on

By: Julia Blue

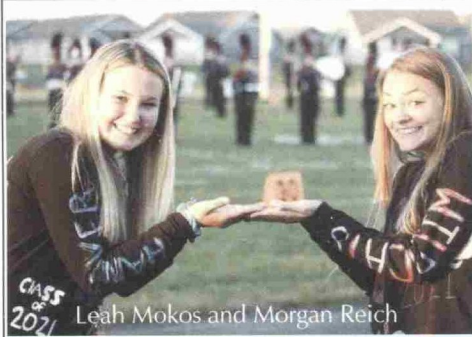

Our Hanover Wildcats have always been exceptional academically and athletically. While we are small in number compared to some of the larger schools in the area, we have remained competitive and have caught the eye of colleges and universities near and far. Six of our athletes committed to playing beyond HC's courts and fields. With a Lilly scholar in Ariana Arce, these are our featured athletes who will continue their athletic careers in the years to come.

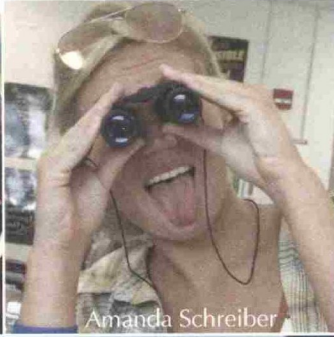

Nolan Tucker signs to Valparaiso University to play Division I baseball. He is a middle infielder. He picked Valparaiso because he thinks he has a good chance of playing as a freshman.

Luke Barach signs to Carthage College to play Division III basketball. He has been playing basketball since he could basically walk. "I am excited to play in college and see what the future holds."

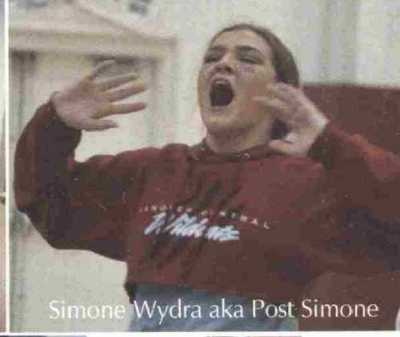

Kari DeYoung is going to play Division I volleyball at Jacksonville University in Florida. She has been playing volleyball for eight years. She played for the school team and for her club team called Ignite Elite.

Stats

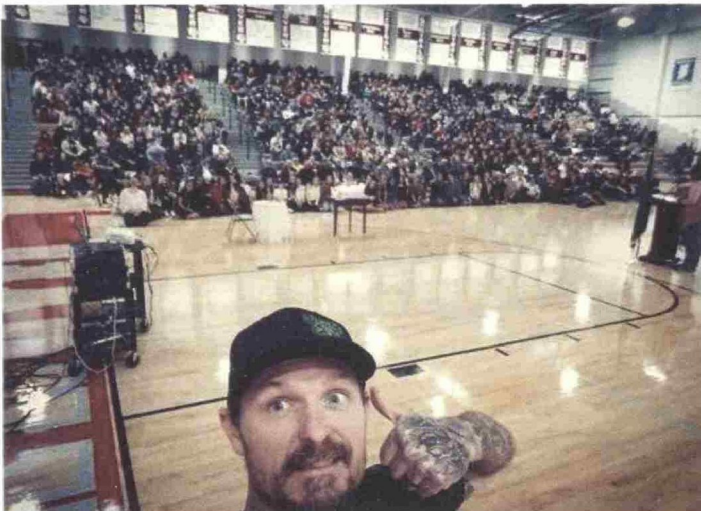

52 students donated blood to the Red Cross.

43 pints of blood were collected.

29 first-time donors selflessly gave.

'Tis the season of giving-giving blood, that is. For Hanover Central, the Blood Drive is held twice annually. Student Council again teamed up with the Red Cross to prepare for this purposeful event. Donating your blood could save someone's life or even several lives; blood is used for anemic children, women with complications during pregnancy, medical and surgical procedures, and much more. The process to give blood is simple and easy as long as you meet the age requirement, which is 16 with parental consent. As a donor, students are provided with a Red Cross t-shirt, water bottle, sticker, and snacks.

building a REPUTATION

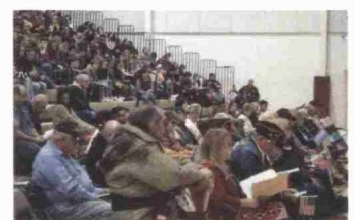

Jason Zaideman was invited to speak about "Operation Combat Bikesaver" which is something he and his wife created for veterans who suffer from PTSD. Jason explained to the students the difficulties of adapting back into society after returning from the service. Operation Combat Bikesaver allows a positive atmosphere for veterans who feel accepted to distract themselves with passions or hobbies of theirs.

At a home in Canandaigua, New York, a son left to fight in World War I. While he was gone, his mother lit a candle in the front window to welcome him home upon his return; while the son never returned, to this day, the glowing candle has continued to burn. Each year Hanover demonstrates a candle lighting ceremony in honor of fallen soldiers, and this year junior Skyler Lea had the honor.

It's our time to salute those who have fought for our freedom. Every year Hanover presents a touching video to the audience, which includes numerous photos of students with their veteran. Veterans of the students were welcomed to stay after to enjoy refreshments and snacks provided by the Student Council members, led by Mr. Gustas and Miss Ayers. This year service dogs were brought in to greet the visitors, which was different from past years.

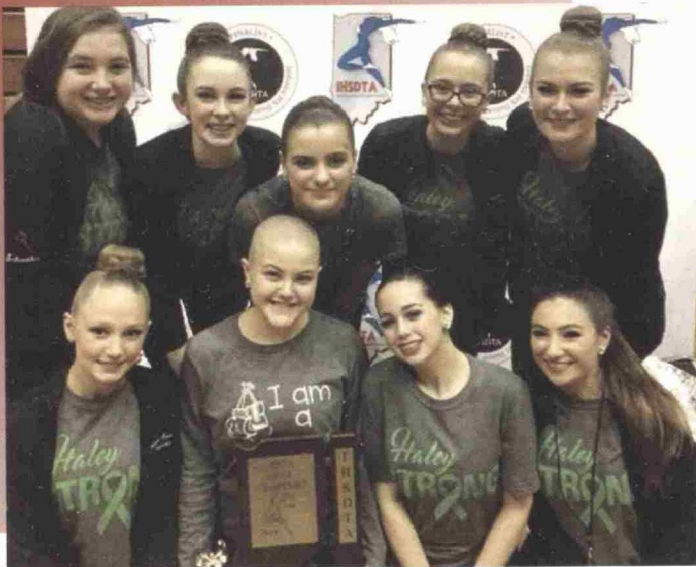

Wired for Success

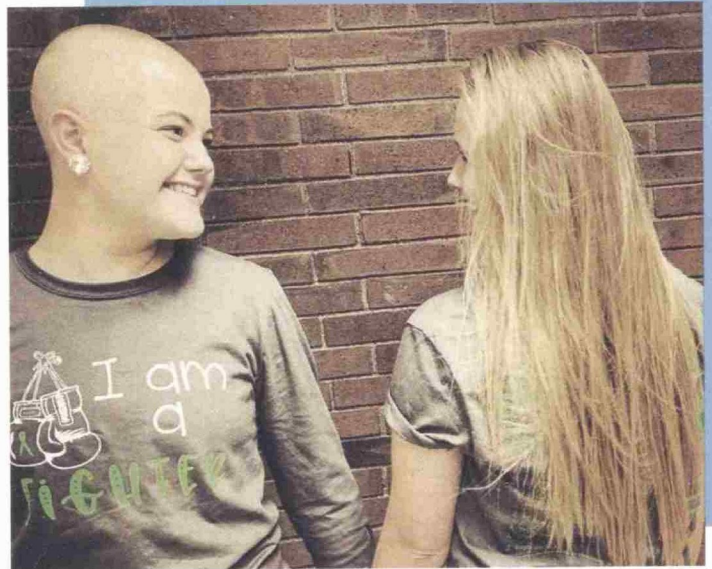

Katie Jackowski, Maddy Setser, Lynda Hinojosa, Ellen Connor, Norah Heeter, Jessica Meier, Brooke Centanni, Kate Corcoran, and Cecelia Phillips

Student Council is always looking for ways to improve Hanover Schools and its environment. Once a year, selected members from Student Council are invited to attend a conference where they are able to collaborate with students from other schools. At this two-day conference, representatives from each school explain to small groups how they manage their stress before finals week. Activities for spirit week, creative homecoming themes, and many more ideas were also discussed. Lynda Hinojosa, a senior who has been involved in student council since freshman year, said that she joined for one reason and for one reason only: "She wanted to better the school environment."

Lynda also shared some highlights from the convention: "Student Council state convention is the best part of the year for us student council members. This convention is a time to learn and grow as a leader. The best part of this year's convention was having the ability to speak to students from all over the state about SLI (Student Leading Indiana). Every year is better than the last. For myself this year was a really important year as it is my senior year, so I went into convention with an open mind to learn new things that we could bring back home."

Hanna Schneider, Sarah Fleming, Cora Bogenschneider, Bella Weisbrodt, Madison Setser, Megan Wright, Haley Wigboldy, Madison Kegley, Ana Blagojevic

Haley Wigboldy and Pom Cat coach Becca

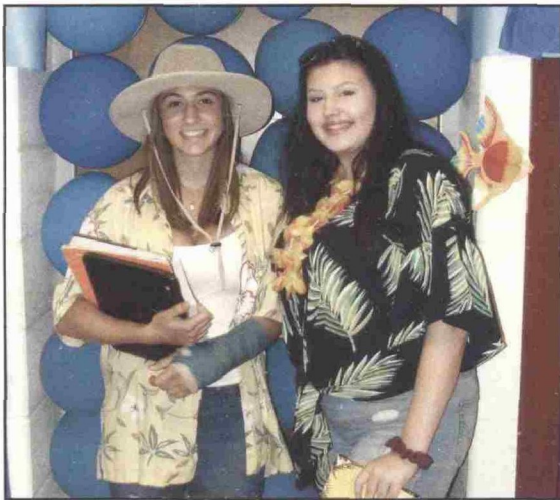

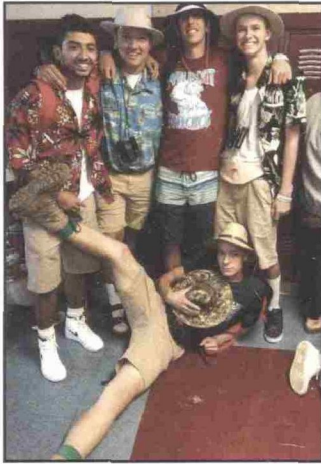

During the 2018 and 2019 school year, student and classmate Haley Wigboldy was diagnosed with lymphoma, a cancer of the Lymph nodes, which begins in infection-fighting cells of the immune system called lymphocytes. Haley was humbled by the realization that she was supported fully by her friends, family, and classmates, who purchased shirts with her name on them to show their support. All of the money raised by the shirts went directly to Haley and her family to help with her surgery. Nearly \$2,000 was raised for Haley by students and teachers as well as parents of students and many other people. Haley said that the shirts were a huge help and thanked everyone for the support they provided and still provide to her.

Deckin' in That 80s Wear

The decades day was loved by everyone, which could be because it was not in last year's spirit week. Simone Wydra and Norah Heeter were icons of those decades looks. "I was very inspired by Jane Fonda, Richard Simmons, and other 80s icons. This one piece of mine was my grandma's, and I hope she thinks I look cute," Simone says while explaining her decades wear.

Tacky Seniors?

Seniors Matteo Montalvo, Daniel Austgen, Avi Vega, Theodore Hoffman, and Keith Koontz took on the tourist day as well as everyone else. "Being a senior, it was my last spirit week. Tacky tourist day was pretty special cause I feel like a lot of people participated that day; it was one of the most enjoyable days," Matteo Montalvo sums up.

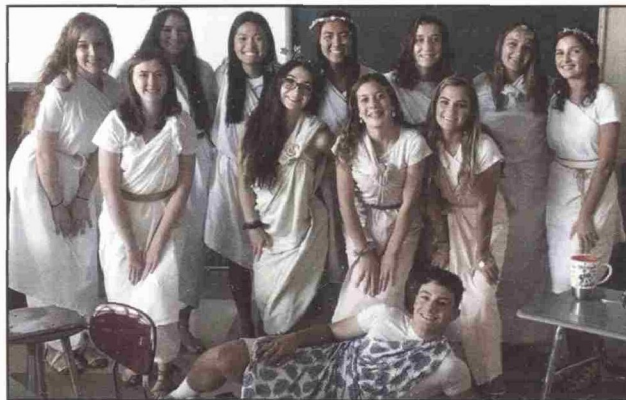

Don't Be Tacky. Be a Tourist!

Nevaeh Covert and Brinn Reed booked that trip and dressed the right part. "I can't believe how many people dressed up! I think it was one my favorite days to take part in, and I hope it is included in next year's homecoming spirit week!" Brinn Reed states.

Senior Year is Better TOGather

After four years of waiting, seniors FINALLY got to dress in their amazing looking togas. Seniors Kathleen Corak, Taylor Lamparski, Amberlee Carlin, Kaylee Huyser, Madison Fanta, Nerissa Fezler, Brooke Zieminski, Ellen Connor, Morgan Curtis, Ariana Arce, Natalie Haitsma, and Nolan Tucker look godly in their creations.

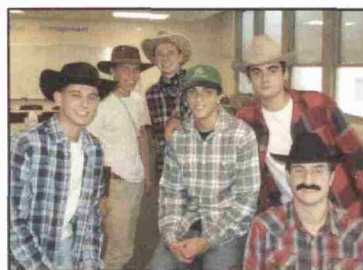

"Never in my wildest dreams would I ever believe I would be a senior in high school, let alone being top royalty of the school. I had been looking forward to dressing up in a toga since freshman year, and did it feel great stepping on all the trash bags' toes (figuratively)," Nerissa explains.

Battle of the Classes

Spirit Wars at Hanover

By: Kylie Clay

The best week of the year finally comes to Hanover! Wildcat students dress up during the week to celebrate the preparation of homecoming. Monday was Decades Day, and everyone did their best to fit their part of the past years. Tuesday had everyone getting tacky while touring their favorite location. Wednesday was Western Day, and that had everyone kicking out their country boots and hats. Thursday wasn't as big as a hit as the other days, but there was some participation. That was the day where the students presented their class. Friday had everyone's participation to dress up representing Hanover overall.

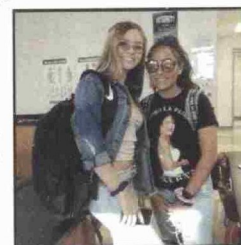

Crazy for the Spirit

Sophomores Savannah Ferry, Star Sanchez, and Julia Blue went all out for spirit day. "It's fun dressing up especially on Friday because you make your own shirt and get to see other people's shirts! For sure the highlight of my week," Julia explains about spirit day.

Decades Upon Decades

Juniors Natalie Novorita and Andrea Avila. "Homecoming week in general is only fun when people actually take part in it, but decades day was one my favorites because a lot of the old trends are slowly coming back in newer styles," Andrea Avila stating facts.

Ladies of the Decades

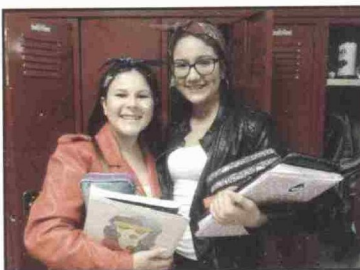

Sophomores MacKenzie Shepard, Jillian Moscinski and Joy Gliwa went back a few decades and really showed us what was rocking back then! "I personally at first didn't want to participate in decades day, but I have been dressing up in this every year. I thought I would keep the tradition alive," Jillian Moscinski explained.

Schools Got SPIRIT

Battle of the Classes by Ella LaLonde

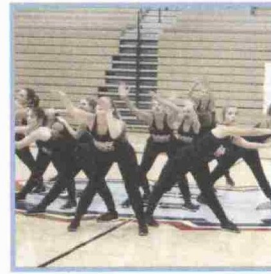

Dominic Amadio

Cheerleaders

Pomcats

Darian Forsell

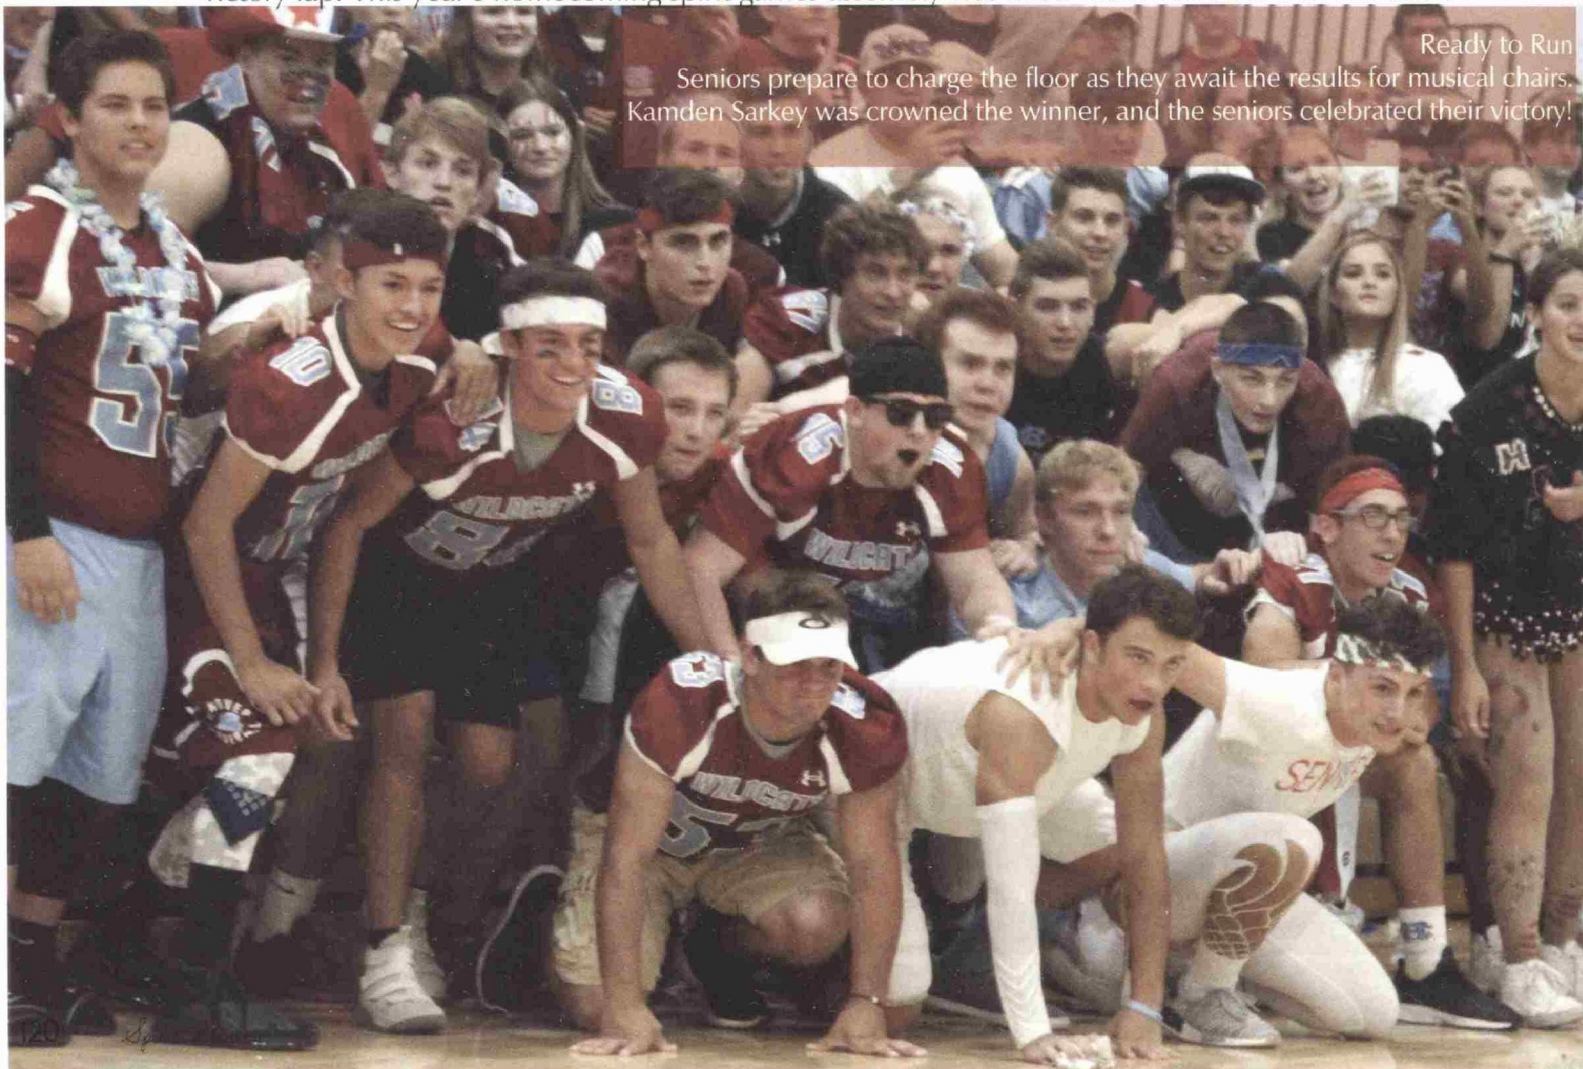

Spirit games don't seem like that big of a deal, right? Isn't it just a whole bunch of games played by the

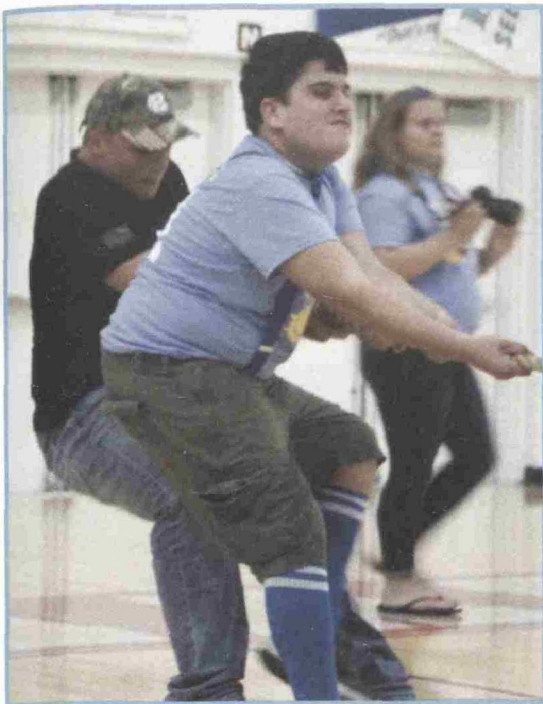

students the day before homecoming? Spirit games are more than just games, though. Every year, spirit games present an opportunity for endless selfies and great memories. Unlike in years past, the music actually worked, and the games went just as planned. This year, Mr. Gustas and Miss Ayers were the student council sponsors and brought new life to the games. The assembly started off with the band playing the national anthem, and it was followed by the school song performed by the cheerleaders, Pomcats, and the Pride together.

Seniors started off with a legitimate win as they captured the Mummy Wrap with the team of Norah Heeter, Nerissa Fezler, Nolan Tucker, Ciera Baswell, and Isabella Hathaway. For the tricycle race, the sophomores won. The tricycle race is a new game this year; the students race down the basketball court on extremely tiny bikes. The Scavenger Hunt was very nerve wracking with the sophomores winning again. This game was new, too; the class officers had to find something specific from someone in their class. For the Hungry Hungry Hippos game, juniors won by a landslide with Rachel Fleszewski, Amanda Schreiber, Dominic Lucido, and Jacob Schuldes. Tug-o'-War was played by the seniors and sophomores, and the seniors pulled through with the win. For the very last game, the classic game of Musical Chairs had students at the edge of their seats. The final three players were Jared Comia, Kylie Zieminski, along with Kamden Sarkey; and Kamden Sarkey ended up winning. The seniors ran out onto the gym floor and took a victory lap. This year's homecoming spirit games assembly was filled with memories that will last forever.

Ready to Run

Seniors prepare to charge the floor as they await the results for musical chairs. Kamden Sarkey was crowned the winner, and the seniors celebrated their victory!

Super Strength Frank DiGiovanni and Troy Sikma pull with all their might to pull out the win! They both have tons of school spirit and are ready for homecoming! The seniors won the tug-o'-war game against the sophomores.

Mummified Ryan Curtis, a freshman, gets wrapped up in rolls of toilet paper by his fellow classmates. The freshmen were too slow at this task, finishing last in the mummy wrap game. Ryan Curtis explains, "It felt really weird being all wrapped up but it was really fun."

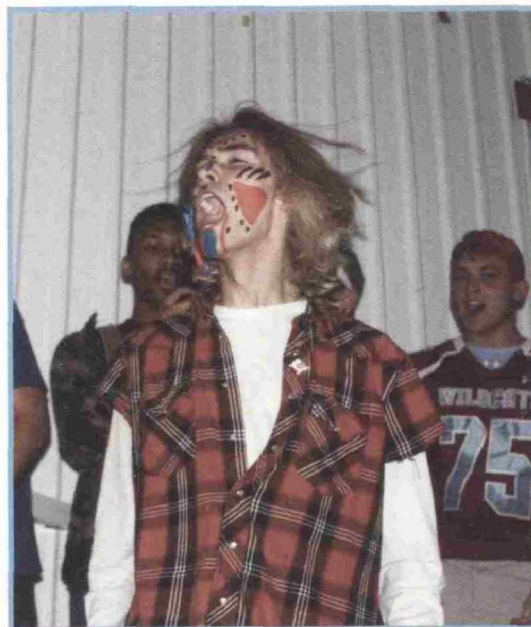

Watch Out! Chloe DeBoer is riding around on a bike that's a little too small. Thanks to the speed of her teammates and her, the sophomores won the first ever tricycle race. Chloe DeBoer says, "At first I thought the tricycle race was going to be weird, but after I got down to the gym floor and saw how to do it, it was actually pretty fun."

The Suspense is On... Jared Comia, Kylie Zieminski, and Kamden Sarkey all fight for the last chair. The winner, Kamden Sarkey, said, "I was pretty nervous when I was in the last two because I was like, 'I have to win it because the whole class will go crazy', and it was pretty crazy when I won, and the whole senior class rushed to the floor."

Juniors Got Spirit! Alyssa Albrecht, Jessica Meier, Megan Clark, Lauren Koontz, Natalie Novorita, Priscilla Seniw, Nicole Novorita, Tyler Fruehling, Brett Driscoll, Amanda Schreiber, and Camryn Sterkowitz all pose for a picture in their spirit wear.

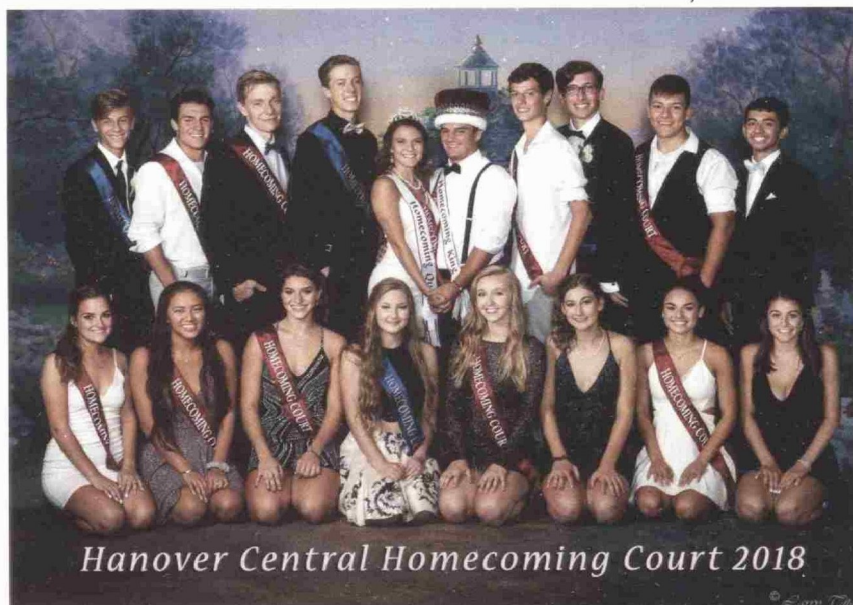

Screamin' for Spirit Garrett Barlo, a senior, prepares for battle. His face paint looks on point as he cheers for his classmates participating in the games.

Hotter than Hades

By: Julia Blue

Hanover Central Homecoming Court 2018

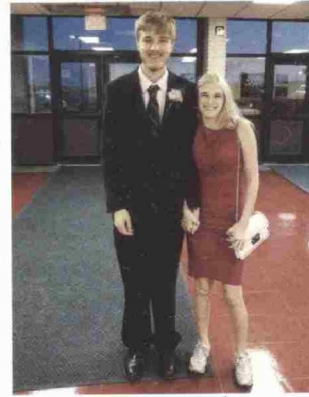

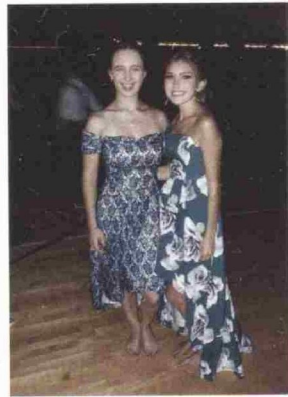

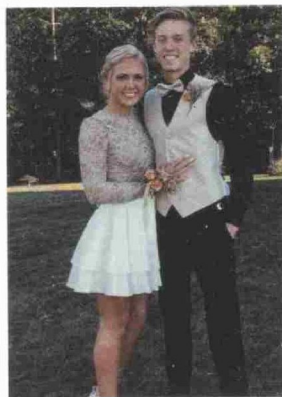

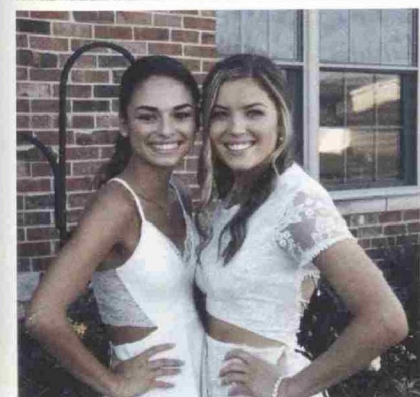

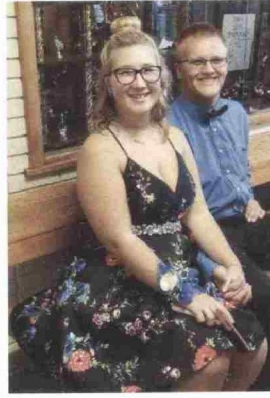

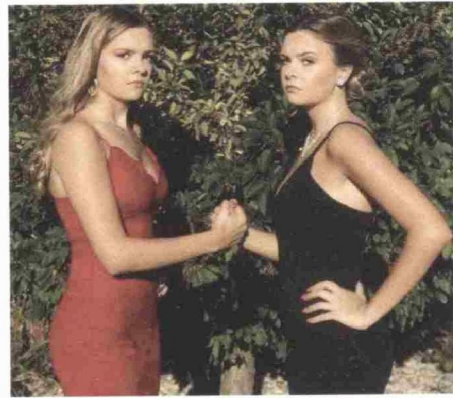

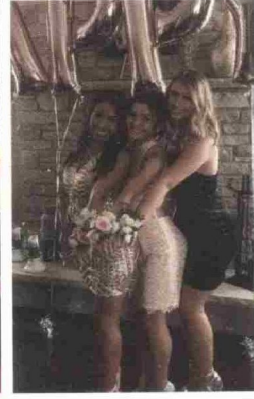

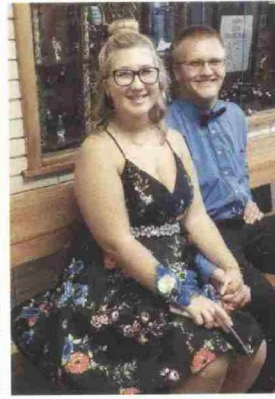

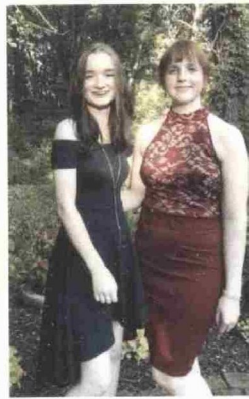

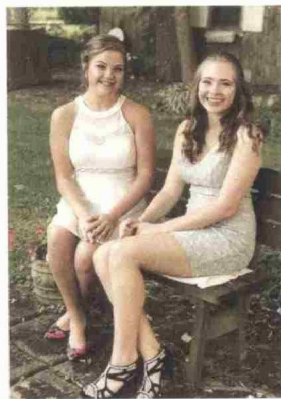

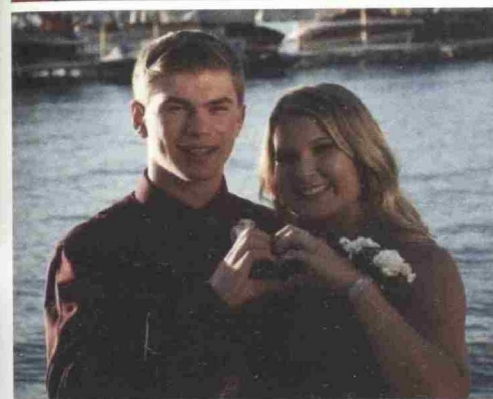

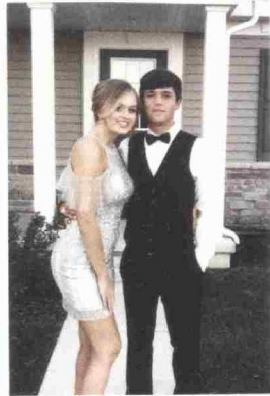

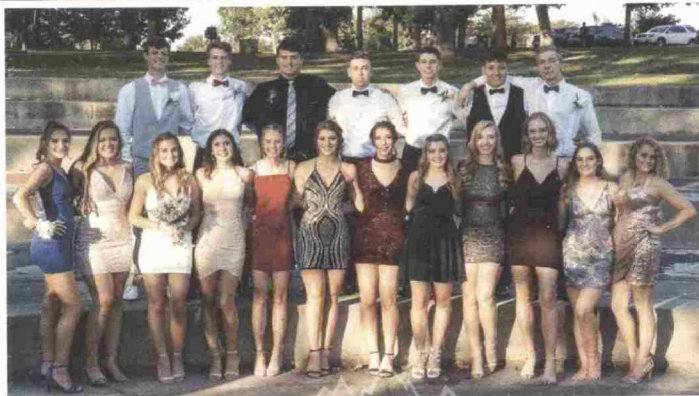

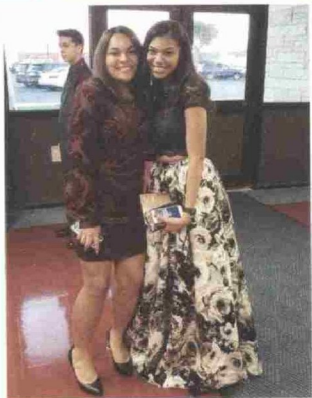

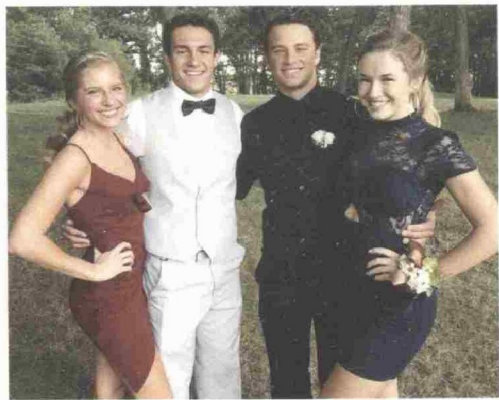

Back Row: Charlie Watson (Fr.), Evan Momcilovic (Sr.), Keith Koontz (Sr.), Kyle Anderson (Jr.), Alexis Rapacz (Sr.), Sam Momcilovic (Sr.), Dillon Koontz (Sr.), Jacob Schulman (So.), Daniel Austgen (Sr.), Matteo Montalvo (Sr.)

Front Row: Morgan Curtis (Sr.), Madison Fanta (Sr.), Norah Heeter (Sr.), Madison Graves (Fr.), Madison Miller (Sr.), Jessica Meier (Jr.), Ana Momcilovic (Sr.), and Nevaeh Govert (So.)

*Photo Courtesy of Larry Titak Photography

This year's Homecoming King and Queen were Sam Momcilovic and Alexis Rapacz, who have been dating since freshman year. Also on the court were two other couples, Madison Miller and Daniel Austgen and Dillon Koontz and Morgan Curtis. All three of these couples have been dating for a year or longer. All the Momcilovic triplets made it on the court. Everyone on the court felt honored to be picked to represent their class. "Ever since I was younger, I used to imagine myself being on the court and my dreams came true" said by senior Madison Fanta. She also had the opportunity to be paired with Evan Momcilovic, who is one of her best friends. Even though neither of them won, they both were happy for Sam and Alexis. "I kind of had a feeling that we would win before the game a lot of people were telling me they voted for us" said King Sam Momcilovic. The junior court was Bradley Kotecki and Lily Denvit from Jane Ball.

This year's Homecoming Dance had a whopping 430 students. With everyone in the East gym, it was packed with sweaty high schoolers. "I would say the DJ was definitely better than last year's," said sophomore Ariell Baker. The most popular dress was sparkly. Almost every girl had some sort of sparkle on her. Even if you did not have any sparkles on your dress, they would end up all over you.

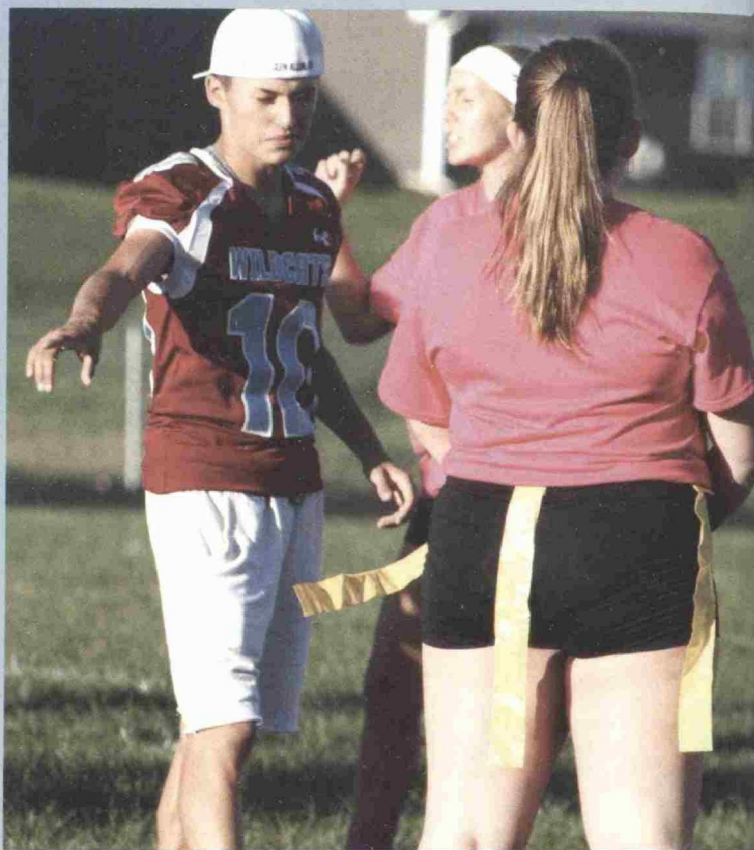

The Grasshopper Becomes the Master

By Ruthie Rakowski

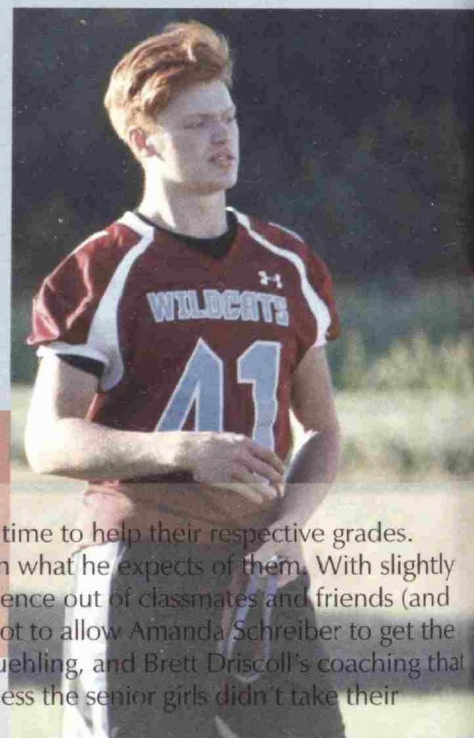

When you think of Homecoming, what do you think? I think of the Homecoming football game. You also may think of the Homecoming Powder Puff game. Although this has not been a long-standing tradition at Hanover Central, dating back only five years ago when Hanover saw the return of a football game for Homecoming, Powder Puff has been around for some time. On October 20, 1945, at Eastern State Teachers College, the first documented Powder Puff game took place. Hanover Central carries on that tradition with our game. Many people would expect the senior girls to win, but this year, the junior girls pulled a victory. Some of our boys from the football team offered their help in coaching our ladies.

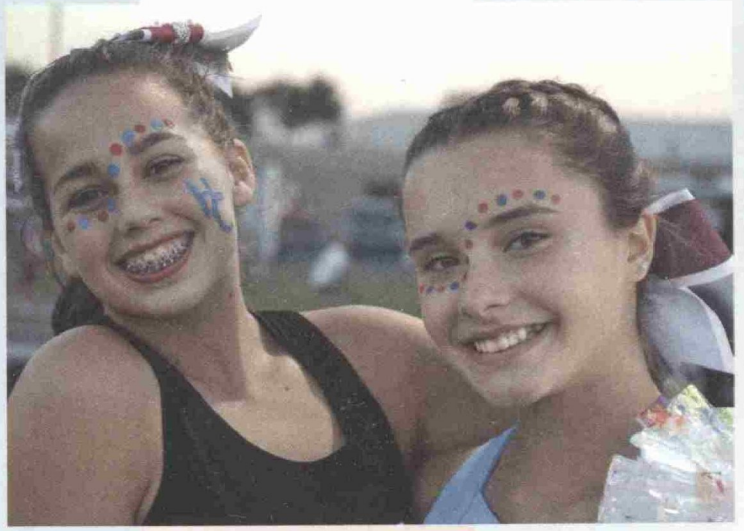

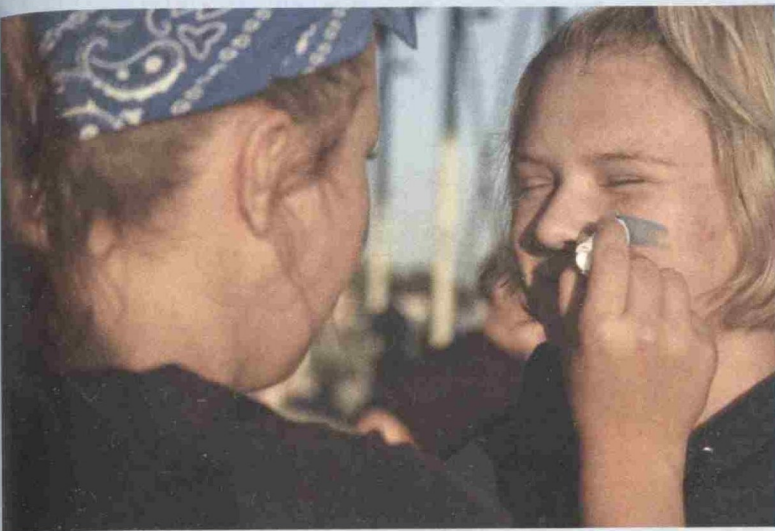

On Friday, September 14th, 2019, it was sunny and bright outside. Students filled the stands as game time approached. Students started going crazy with anticipation. When the game began, it didn't look good. We started to make a comeback, but sadly, the Hanover Central Wildcats fell to the Boone Grove Wolves. "I was super pumped, and it was nerve racking," Kylie Clay said laughing, "but no matter how we did, I'm still proud of the boys."

Role Reversal

Continuing with tradition, while the girls play the game, the football players volunteer their time to help their respective grades. Blaze Cano exercises patience as he explains to both the freshmen and his sophomore team what he expects of them. With slightly less patience and much more passion, Brandon Demoff and Sam Momcilovic expect excellence out of classmates and friends (and sister) Norah Heeter, Ashley Lakomek, Madison Fanta, and Ana Momcilovic that they are not to allow Amanda Schreiber to get the ball. Michael Simon, Tyler Fruehling, and Brett Driscoll. But it was Michael Simon, Tyler Fruehling, and Brett Driscoll's coaching that led to a victory. The junior class dominated the senior class in the championship game. I guess the senior girls didn't take their coaches' advice.

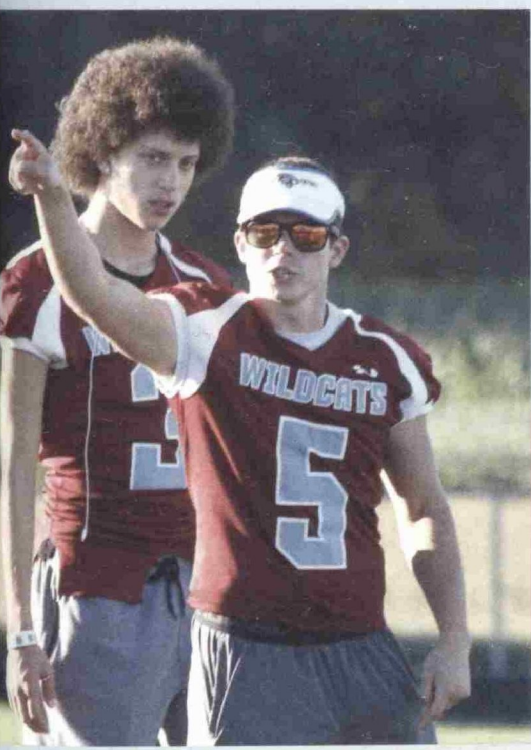

We've Got Spirit!

Freshman Makayla Togtman and Alexis Yuhasz (left) are preparing for their first homecoming game in high school. "This is honestly so great to be a part of this." Said Makayla. At the Homecoming game, sophomores Madison Kegley and Mia Forbes display their spirit as well and prepare to perform for both the dance team and cheerleading squad.

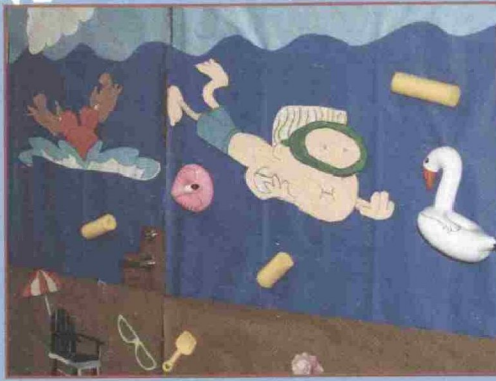

Pretty in Pink

Madison Fanta reaches for Lauren Koontz's flag, and while she may have obtained it, the juniors took the whole game. In a dominating and some may say surprising upset, the junior class defeated the seniors. Celebrating their victory, the players pose with their coaches: Tyler Fruehling, Michael Simon, Brett Driscoll, Priscilla Seniw, Jordyn Schierberl, Amanda Schreiber, Reagan Noel, Allison Mueller, Jessica Meier, Megan Clark, Camryn Sterkowitz, Alyssa Albrecht, and Lauren Koontz.

Homecoming Ready
For these boys, cardinal red and Columbia blue, pads, and cleats are the best attire for the only Homecoming that matters: Friday night's game. They're ready for the run out.

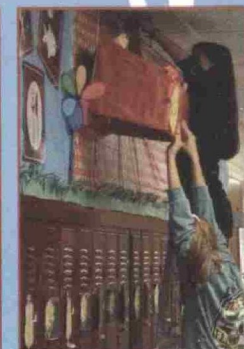

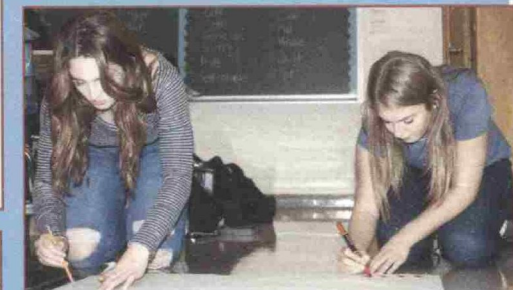

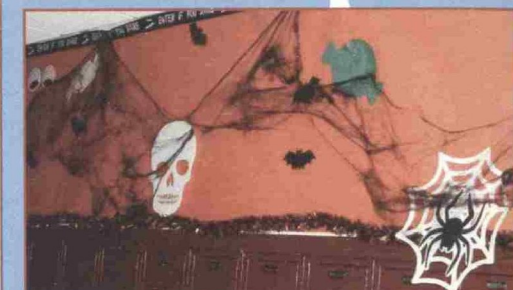

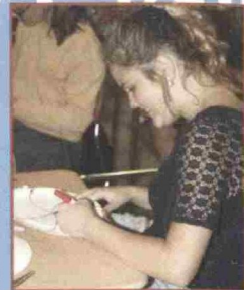

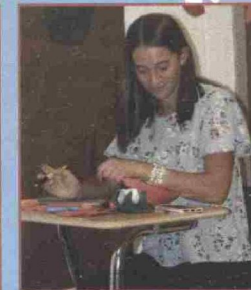

Powder Puff Homecoming Game

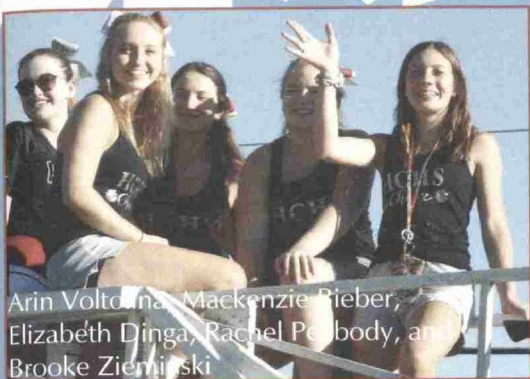

on the Brink of Homecoming Pulling it all together

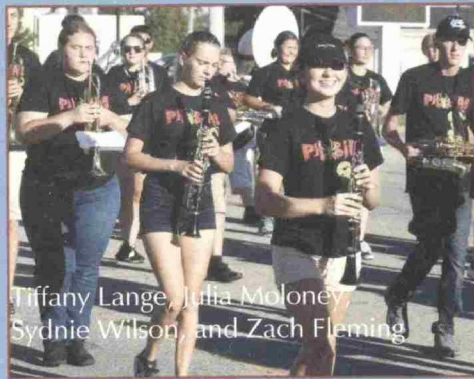

Homecoming excitement is felt in the air as we see our classmates working together to decorate our hallways, bringing this great event alive. The homecoming hallway decorations were amazing this year. Our theme this year was seasons: Freshmen had fall, sophomores had winter, juniors had spring, and our seniors had summer. Our students put a lot of effort into the decorations, coming in early to make them, and staying until 10 P.M. to finish setting them up. The winner of the hallway decorations were the seniors, with Mrs. Duffy as their sponsor. Congrats! The decorations throughout all the hallways proved to be creative and beautiful. It is also a great way for students to use their teamwork in a friendly competition.

Front left to right we see Natalie Novorita and Simone Wydra, juniors applying their creativity by preparing a school banner to go up in the hallway. A masterpiece done by Ashley Lakomek for everyone to enjoy as they travel to their classes. Priscilla Seni and Madison Radowski, juniors, help one another tackle the task of cutting grass to brighten their spring hallway. Allison Holtcamp, freshman, artistically drew leaves to add to the big day for her class. Haley Wigboldy, sophomore, attempts to make peppermint candies. The freshmen's fall decor added a hint of Halloween in it. Katelynn Corcoran and Madison Setser, sophomores, make candy canes on the floor with sharpie red marker, leaving a stain on Mrs. Mesko's floor (oops!). Angelina Burroughs, junior, places flowers for their spring hallway over the hall mural that she drew. Isabel Lopez, sophomore, puts up the Christmas tree. Kaylee Huyser and Jenna Voticke, seniors, hang up Kari DeYoung's grill creation, which was tricky since nothing can "hang" from the ceiling. Nolan Tucker, Jenna Voticke, and Natalie Haitsma, seniors, have fun decorating their hallways for their final year. This was the seniors' third year in a row winning the competition.

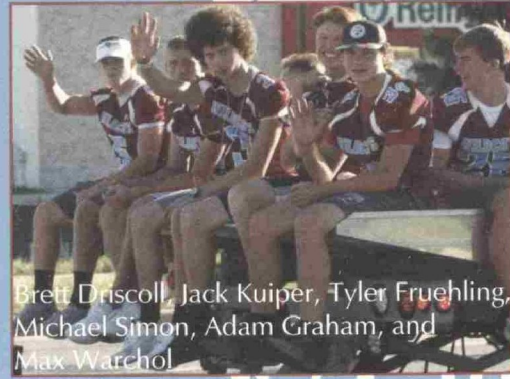

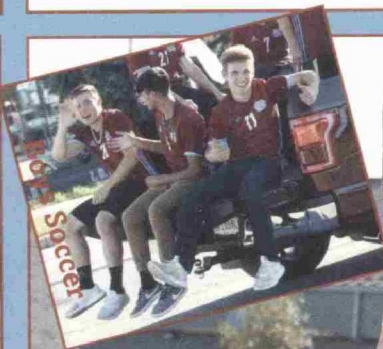

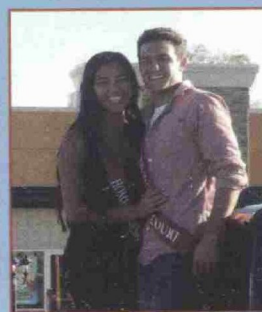

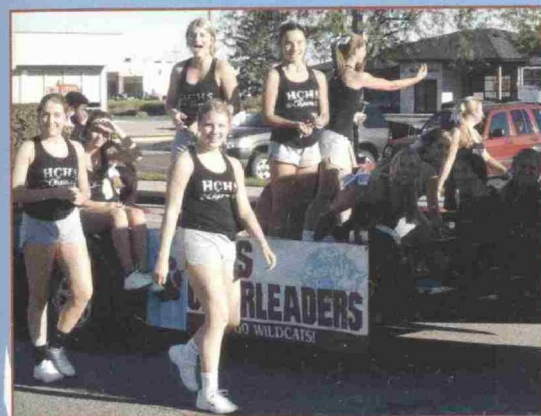

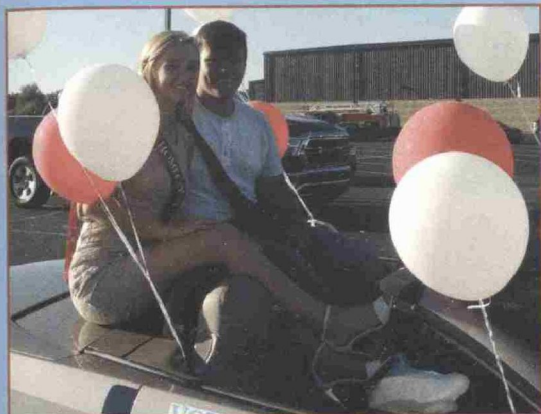

Arin Voltona, Mackenzie Pieber, Elizabeth Dinga, Rachel Polbody, and Brooke Ziemiński

Tiffany Lange, Julia Moloney, Sydnie Wilson, and Zach Fleming

Students Get Hyped for Homecoming

The 2018-2019 Homecoming parade was incredible. The different sports teams represented our school with their own floats, along with the Homecoming court. Everyone was involved, not only were our students on floats, but they also walked alongside the trucks. There were candies being thrown, as well as a lot of enthusiasm. As the students yelled in support of their favorite team, the energy was unbelievable. There was an exuberance as the whole community came together. It was a great way to bring everyone together to get pumped up for Homecoming game!

Senior cheerleaders were on the fire truck waving down to the people below them while the band performed their one-of-a-kind pieces that they have practiced over and over again. The football team got really energetic for their upcoming football game for Homecoming. Seniors Madison Miller and Daniel Austgen as well as Madison Fanta and Evan Momcilovic posed for the camera and were four of the senior representatives on court. Cheerleaders Alaina Giglio, Ashley Owen, Mia Forbes, Julia Schuldes, Angela Hinojosa, Amanda Kwintera, Rachel Fleszewski showed support. Sophomore Pomcats Madison Kegley and Madison Setser were able to cheer on the team, too. Madison Graves and Charlie Watson represented the freshmen class and looked their best as they prepared to ride along in the parade. Boys soccer players Zach Willson, Westin Baker, and Kamden Sarkey clearly had fun. Cross Country made their debut and proved to be the loudest and most cheerful float out of the procession.

The Four Pillars of Distinction

By: Savannah Ferry

The four pillars of National Honors Society are scholarship, service, leadership, and character.

According to its definition of scholarship, National Honors Society has very high standards. Some of these standards include a high GPA, dressing a certain way, and acting a certain way. Members have to live up to their expectations of being part of Nation Honors Society.

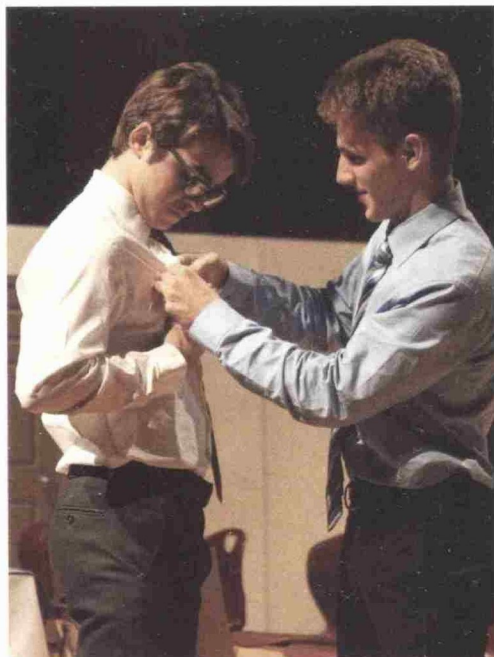

Prospective members have to write an essay to get in and have to earn high grades and make a good impression on their teachers.

Students also have to be leaders. They have to know what is right and wrong and how to do the right thing in tough situations. A lot of community service goes in as well. NHS members have to take time out of their days to help out their community. Lastly, it looks good on a college application because NHS has high standards and a high profile.

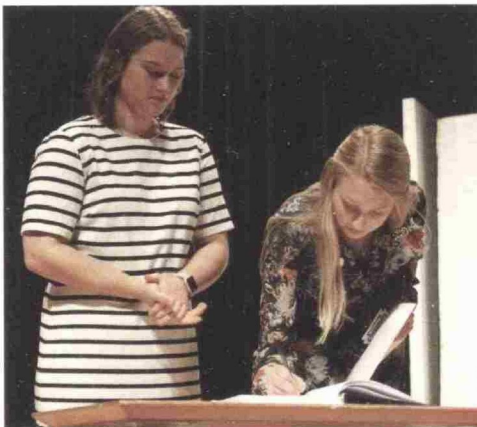

"Tonight, you represent a prestigious organization, and while that honor bears a title, and while that honor carries weight, remember that it is exactly that: an honor. You have been chosen as a leader with distinction. A leader with honor. Don't just be a leader in title alone. Lead by example in every facet of your life- in the good situations and the bad- because as Olympic gold medalist Abby Wambach said, "If you cannot lead from the bench, don't call yourself a leader on the field. You're either a leader everywhere or nowhere." You don't get to choose when you want to be a leader. It is not relative to certain situations. Being a great leader might mean knowing when to allow someone else to take center stage or allowing someone else's voice to carry over yours. Own your role by doing what is right for others always."

Mrs. Duffy, keynote speaker

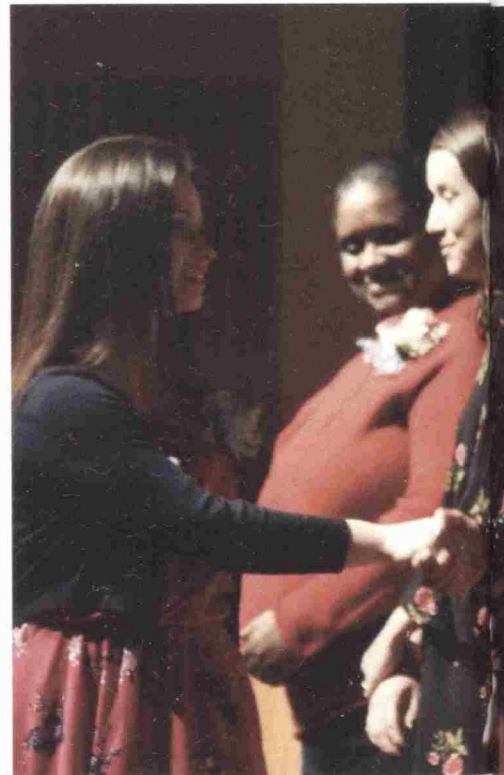

Pin It! As part of the introduction ceremony, Kamden Sarkey pins Dominick Amadio. New members are pinned with the torch logo, making them an official member of National Honor Society.

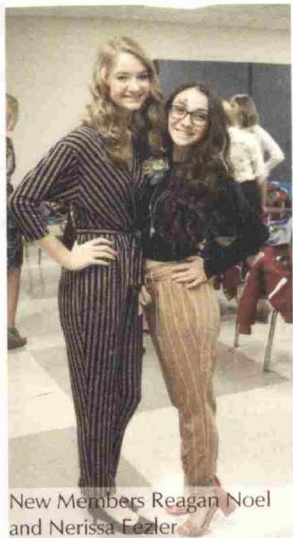

Congrats! Senior Rebecca Oliver stands behind new member Christina De Lange as she "signs her life away." This, once again, makes induction official. "This was a big day for me, and I am very proud." Christina explained.

Welcome! To the right, Cecilia Phillips is being inducted and congratulated by the officers Ellen Connor, Sydney Maciejewski, Natalie Haitzma, and Jenna Voticke. It is Cecilia's first time doing this, and she was very excited.

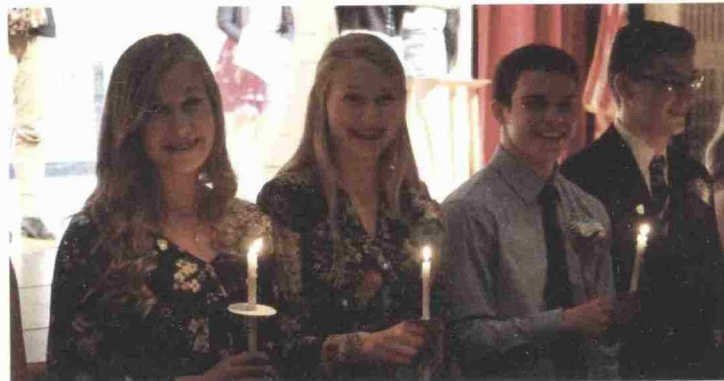

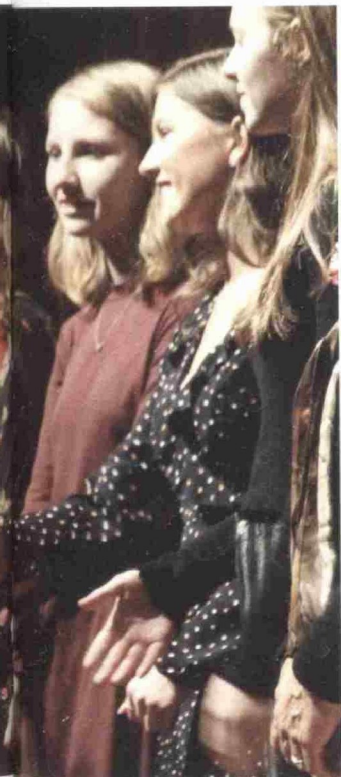

New and Old Members Unite: front row (left to right): Lauren Koontz, Megan Clark, Rachel Fleszewski, Brooke McCune, Megan Mace, Cecelia Phillips, Nerissa Fezler, and Jessica Meier.

Back row (l to r): Christina De Lange, Tiffany Lange, Reilly Parker, Sydney Reinbold, Elise Kratkoczki, Sadie Naughton, Marissa Metcalfe, Leo Gliwa, Reagan Noel, James Erickson, Carina Bolanos, Brianna Nirtaut, Phoebe Ruiz, Amanda Schreiber, Phoebe Tomac, Brett Driscoll, Jade Westerhoff, Dominick Amadio, Kamden Sarkey, and Nolan Tucker. Middle section: Kari DeYoung, Amber Carlin, Taylor Lamparski, Rebecca Oliver, Sydney Maciejewski, Ana Momcilovic, Ashley Lakomek, Ariana Arce, Natalie Haitsma, Cathryn Reasor, Madison Fanta, Ellen Connor, Kaylee Huyser, Jenna Voticke
Sponsor- Mrs. Nelson

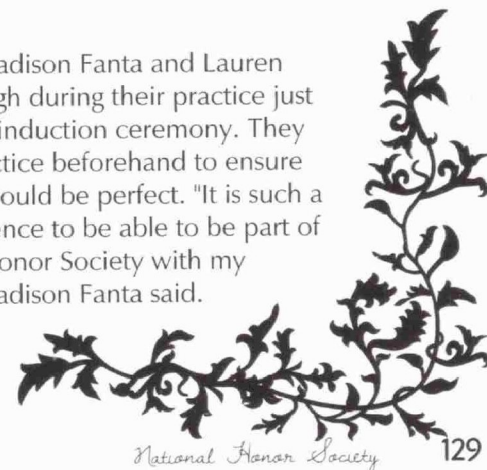

New Members Reagan Noel and Nerissa Fezler

Smile! Megan Clark, Christina De Lange, and Brett Driscoll smile holding their induction candles. The Candle Lighting Ceremony highlights the four core values of National Honor Society. "Becoming a member of National Honor Society is a huge achievement," Brett explained.

Besties! Madison Fanta and Lauren Koontz laugh during their practice just before the induction ceremony. They had to practice beforehand to ensure the night would be perfect. "It is such a fun experience to be able to be part of National Honor Society with my friends," Madison Fanta said.

Prep Work

Colton Zableckis, Danny Kelly, and Joy Gliwa prepare pancakes for the Easter Bunny Breakfast. The families who come to the breakfast are able to eat as many pancakes as they would like.

Why The Key?

Key Club initially chose a key to represent its club because the program represented the key members of the school for volunteering.

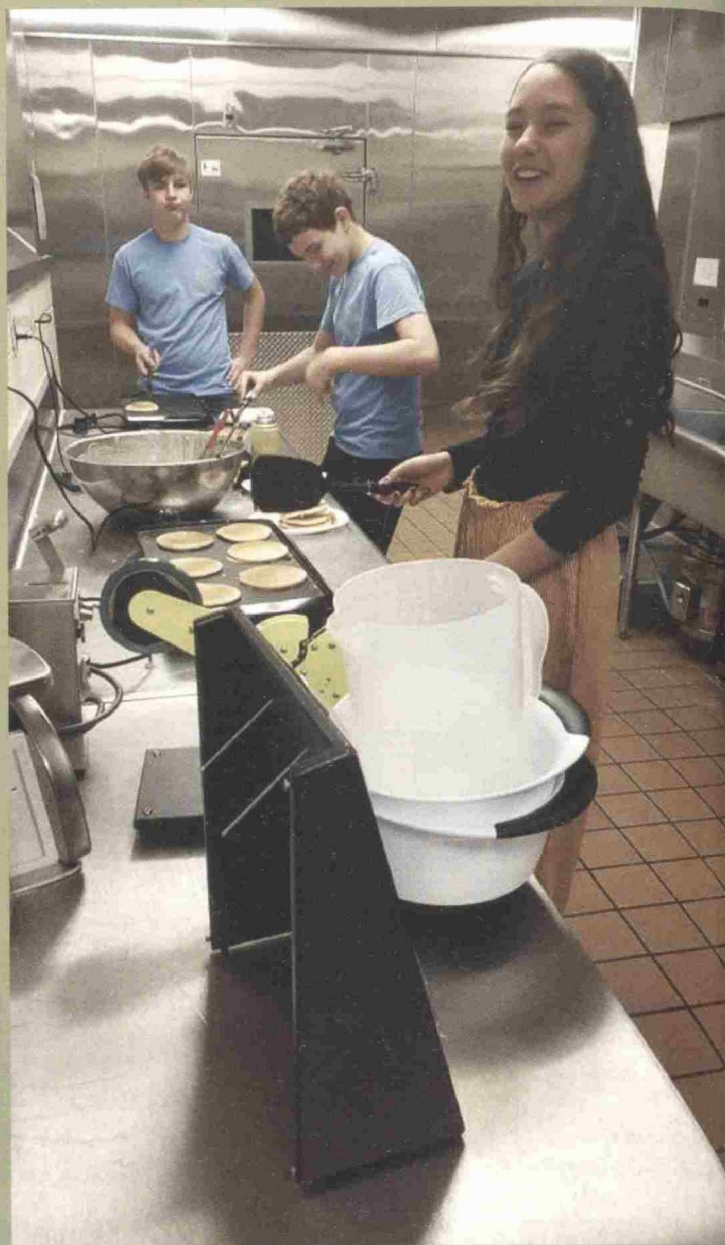

Sweet Memories

Alora Kelly (left) and Ashtyn Barnett (right) are chatting during Key Club's Ice Cream Social. The Social serves as a way to say thank you by Mary Joan Dickson to all Key Club members for volunteering.

Helping Around

Mary Joan Dickson, Tiffany Lange, Jade Westerhoff, and James Erikson assist a young girl at the Free Fitness Fair. James has said that his favorite part of Key Club was hearing the new ideas that members come up with and trying to implement them.

Key to the Future

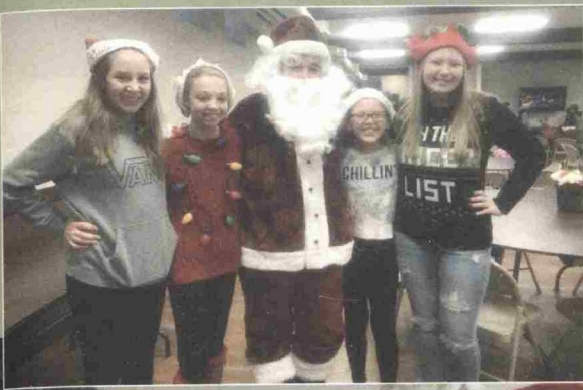

By Cole Cameron

Key Club is a volunteer organization for high school students that is branched off from Kiwanis. The organization was started in 1925 in Sacramento, California, by Frank Vincent and Albert Olney. Today Key Club holds international programs, nationwide conferences at prestigious universities, and celebrations of service across the globe. Key Club is the longest standing high school volunteer organization in the country.

Hanover's Key Club hosts and works at several events throughout the year such as Night Out in a Box, Turkey Bowling, Penny Wars, Breakfast with Santa, Breakfast with the Easter Bunny, Special Olympics, and the Annual Free Fitness Fair. Key Club is always open to new members who are willing to volunteer. As Mary Joan Dickson says, "You're joining Key Club. It's the best club at HC."

Top Row- Caroline Armstrong, Rachel Thibideau, Nathan Faraher, Colton Zableckis, Josh Rivera, James Erikson, Cole Cameron, Danny Kelly, and Joy Gliwa. **Second Row-** Frank DiGiovanni, Madison Setser, Ashtyn Barnett, Jessica Wiersema, Sammy Corey, Thea Puente, and Thomas Armstrong. **Third Row-** Jade Murphy, Danielle Schmal, Hannah Schneider, Ashlyn White, Tiffany Lange, Sophia Ponto, Nicole Kane, Anna Wilk. **Bottom Row-** Carina Bolanos, Phoebe Ruiz, Brianna Nirtaut, Marissa Metcalfe, Christina De Lange, Jade Westerhoff, Reilly Parker, Kennedy O'Neal, and Mary Joan Dickson.

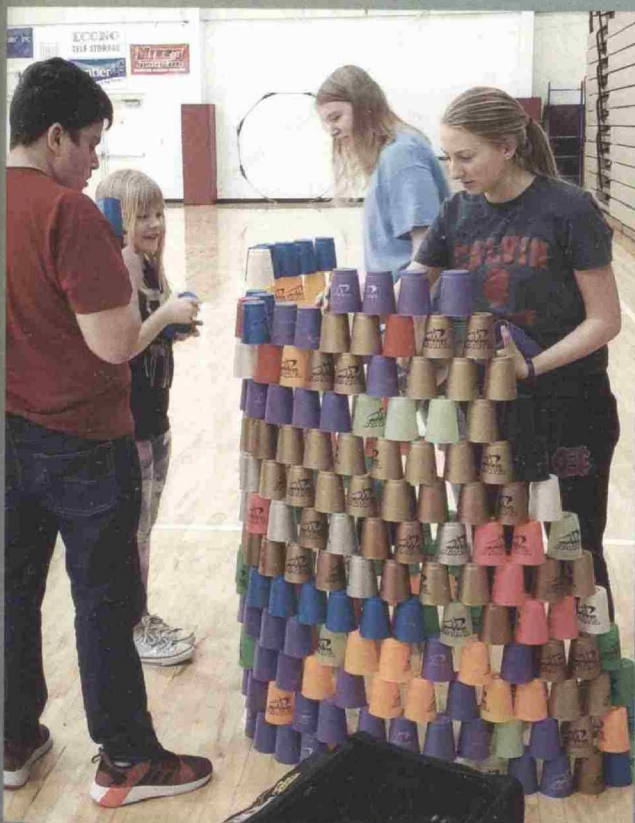

Snapshot with the Elves
Hannah Schneider and Ashlyn White take a photo with Builder's Club members. Builder's Club is the middle school's version of Key Club, helping inspire volunteers from a young age.

Delivering Gifts and Memories

Hannah Schneider as Santa talks to a little girl at Breakfast with Santa. The yearly event gives families a pancake and sausage breakfast and allows children to meet with Santa for only 5 dollars a person. All the children who visit Santa are given a present.

Stacking Up

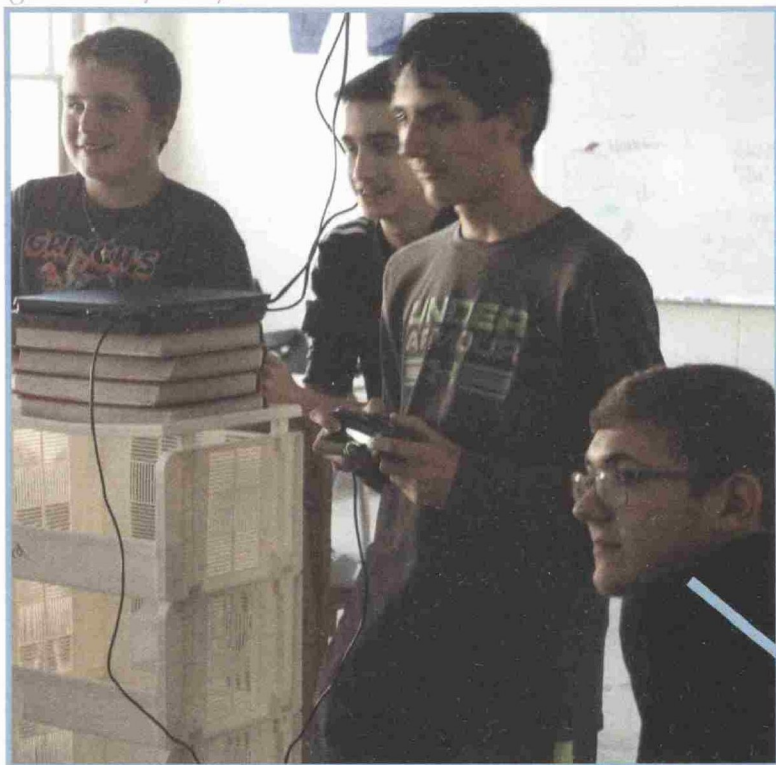

Frank DiGiovanni, Rachel Thibideau, and Christina De Lange stack cups at the Free Fitness Fair.

Pied for Pennies

Jacob Maniel pies Mr. Rowinski after his class won this year's Penny Wars competition. Mrs. Davlantis' class also received a doughnut breakfast for collecting \$63.97 dollars.

Clubs Ready *for* Growth

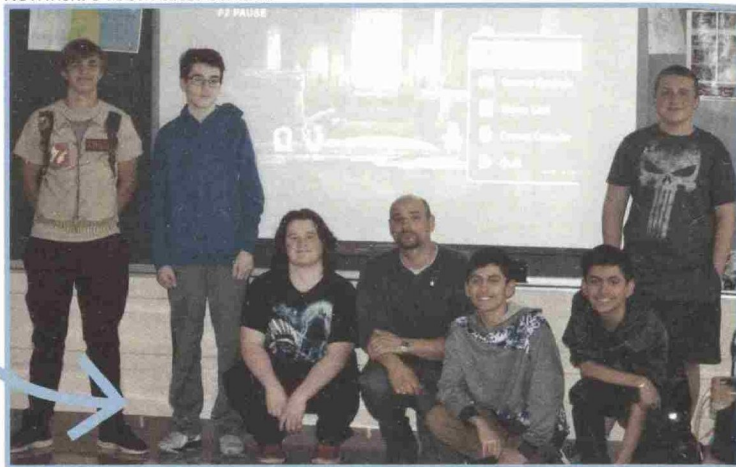

These clubs are old and new, but each one is small and ready for new growth. By: Hailey Doeden

Gaming Club

Gaming in School!

As of this year, the school now has a gaming club. It is run by Mr. Rowinski and has already got a lot of members. Even with the club now, they still play during the morning and lunch. Below, Colten Zableckis, Nickolas Guffey, Evan Tustison, Mr. Rowinski, Diego Flores, Sergio Flores, and William Abbott. (right photo, right to left) William Abbott, Blaze McKinney, Xander Hernandez, and Gavin Ruiz are playing a game in Mr. Rowinski's room after school.

Trap Shooting

The Shooting Begins

Trap Shooting is a brand new club at Hanover, becoming official this year. The club is the sport of shooting at clay pigeons released from a spring trap. Though new, many students are already involved in the club. In the picture to the right are the captains Max Warchol and Michael Casten. In the picture below are the members of trap shooting (Back left to right) Coach Owen, Colten Zableckis, Luke Maurer, Rob Marciano, Michael Casten, Coach, Nathan Bielak, Coach Scott (Front left to right) Dani Miller, Ashley Owen, Lily Bachar, Hope Walkowiak, and Katelynn Corcoran.

Forging a New Path

Mrs. Walley began the Girls in Tech group this year towards the end of 2nd semester, so not much has been discussed or acted on yet; however, next year these young ladies, Grace Goodlander, Erika Lopez, and Danielle Schmal, will learn more about coding and the future of technology.

Girls in Tech

Recycling for a Better World

The Environmental Club's goal is to increase the current recycling efforts of the school and bring recycling awareness to the student body. The sponsor of the club is Mr. Ciaslko. Members of the club go around and collect the recycle bins of the school and empty them. Below left to right: (back row) Timothy McKay, Mr. Ciaslko, Jackson McKay, and Aslan Mutuwa. (front row) Julia Siska, Garrett Barlo, and Alexander Wachadlo

Environmental Club

Art Club

A School of Artists

Art club is for those who are interested in art outside of regular art class. The club draws many of the murals in the school and is filled with many amazing artists. Below back row: Angelina Burroughs, Christina Aliaga, Jimmy Kane, Mr. Cotey, Amberlee Carlin, Nikolas Mondello, Jenna Haskins. Front row: Lucia Novelli, Taylor Lamparski, Jennyfer Silva, Nicole Kane, Naomie Avila, Emma Gunka, Jillian Moscinski, Katie Sivak.

Snowball

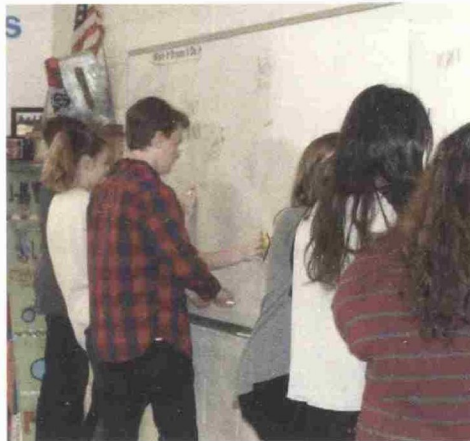

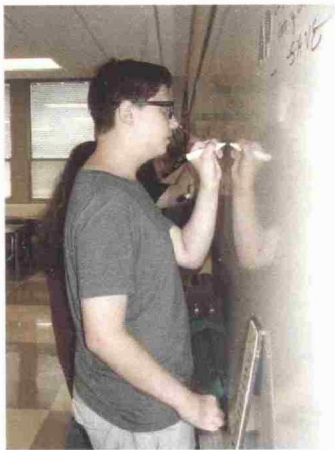

Rolling into a Healthier Life

Snowball is a club that focuses on supporting and encouraging a healthy lifestyle for students. It focuses on participating in at least two volunteer opportunities outside of school, having two fundraisers throughout the year, and positively impacting the student body one student at a time. Below back row: Ms. Sheehy, Jenna Schulman, Autumn Pifferetti, Grace Hanlon, and Grace Goodlander. Front row: Kylie McAllister, Analicia Cortez, Haley Wigboldy, Brianna Behling

How Do You Spell Victory?

4 divisions, 30 teams, two words ..Spell Bowl. In this season the ranking system is different from years prior. The winners last year were chosen from the top 5 scores of each division in state and the next 5 scores. Each year they get around a total of 3,400 words. This year's list came out May 15th, with a total of 2,700 words. Members include students from freshmen to seniors; anyone can join. The members are Christina Aliaga, Taylor Aliaga, Kayla Denklau, Nathan Faraher, Taylor Lamparski, Nikolas Mondello, Aslan Mutuwa, Sadie Naughton, Van Naughton, Brianna Nirtaut, Cecilia Phillips. They compete from regional competitions up to state. The team's leader is Mr. Gustas. Mr. Gustas' prior teams went to state 6 times, and the highest in state was ranked in 6th place. They practice by reciting 20 words over the summer 2 times a day. They go over about 100 words a day since day one of school until the first meet takes place. Last year the qualifiers took place in Lowell, and State took place in Purdue Lafayette.

Speech and Debate

Mrs. Anderson, Kayla Denklau, Paige Kubiak, Johnny Willems, Aslan Mutuwa, Angelina Burroughs, Simone Wydra, Nicholas Faraher

Improv Group

Mr. Gustas, Natalia Flores, Jessica Wiersema, Katrina True, Brianna Kraus, Autumn Pifferitti, Nicholas Faraher, Quinton Gessner, Jasmyn Burton, Ruthie Rakowski, Mr. Szanyi, and Samantha Corey

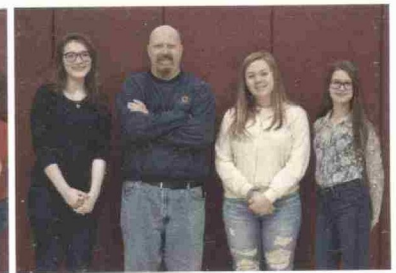

Learning Outside of the Classroom

There are a total of five academic teams: math, history, science, English, and Fine Arts. The administrators in charge of them are John Cotey for English and Fine Arts, Chuck Ciastko for science, Patrick Joyce for math, and Justin Denton for history. Each team must have at least four people to participate in the competitions. They hold three competitions: general competitions called invitational, the 2nd one does not have a name, and the other competition is called Interdisciplinary where all the team captains compete as a team against other schools. The second competition was at Merrillville, Invitational was in Lowell, and State was in Indianapolis.

This year's theme was Egypt and Fertile Crescent areas. Social studies teams learned about Egypt and Fertile Crescent's history and its pharaohs. Science teams learned about things like Egyptian astrology and how they studied anatomy with cows and pigs. Math teams learned how they calculated the positions of things for their architecture. Fine Arts and English teams learned about the literature and famous pieces from Egypt and Fertile Crescent. The teams won third place in science, social studies won second in the division, and fine arts won first in their division. There are two divisions, one for smaller schools like ours, and another for bigger schools like Lake Central and Munster.

The team practices with packets of questions. Practice became difficult when Mr. Ciastko broke his arm and couldn't attend the meetings because of appointments. His absence caused the team to double up on self-studying time. Every teacher has had a way to practice and teach the material. For math, Joyce would split the material, 500 total questions, but with 5 people each gets 100 questions to memorize. This way when the team goes up, they know they covered all the material given, even if it is just a little.

Math Team- John Salata, James Erickson, Tiffany Lange, Cole Cameron, Dominick Amadio, and Mr. Joyce

History Team- Gavin Ruiz, Alex Wachadlo, Quinton Gessner, Cole Schultz, Brianna Nirtaut, James Erickson, Lauren Schmal, and Mr. Denton

Science Team- John Salata, Cole Cameron, Mr. Ciastko, Lily Bachar, and Reilly Parker

English Team- Angelina Burroughs, Mr. Cotey, Allison Furman, and Maddie Restauri

Fine Arts Team- Nik Mondello, Angelina Burroughs, Mr. Cotey, and Allison Furman

Thespian Society

Rebecca Oliver, Lynda Hinojosa, Cole Schultz, Noah McWilliams, Ariana Arce, Simone Wydra, Nerissa Fezler, Ashley Owen, Jessica Walters, Autumn Pifferetti, Madison Kegley, Olivia Sroka, Jessica Wiersema, Christina Aliaga, Katrina True, Mr. Gustas, Irene Erickson, Nick Felthouse, Michael Haskell, Madison Sulek, Bella Hathaway, Paige Kubiak, Carina Bolanos, Nikolas Mondello, Lily Bachar, Allison Furman, James Miller, Owen Taylor. Not Pictured: Ryan Taylor, Cody Donovan

Captain's Council

On the Cusp of True Love: Our Miss Brooks

Love and Hate, Triumph and Disaster, all in one play of a play!

By: Hailey Doeden

Our Miss Brooks is about a teacher, Miss Brooks (Ariana Arce), who finally doesn't have to do the school play and is in search for a vacation. Though not wanting the play, Miss Brooks ends up with it dropped in her lap. This causes tension between her and Coach Hugh (Noah McWilliams) and Miss Audubon (played by Autumn Pifferetti, Lynda Hinojosa, and Nerissa Fezler). During the play Miss Brooks and Coach Hugh grow to become friends and then maybe even more. While Coach Hugh and Miss Brook's relationship grows, so does her students' Ted (Nick Felthouse) and Jane (Jessica Wiersema). Handed back the play, Miss Brooks has many complications along the way, starting with Ted wanting to join the play. Because he's the star basketball player, Coach Hugh is not happy with this decision. He then turns his frustration towards Miss Brooks. Miss Brooks' next big problem is Rhonda (Simon Wydra), a snotty want it all, who loses the lead to Jane in the play. This upsets Rhonda, who involves her mom, a member of the board and someone who could cause serious damage to Miss Brooks' career. Miss Brooks also has issues with the principal because he expects this play to be perfect. While Miss Brooks deals with her

Sweet Imagination

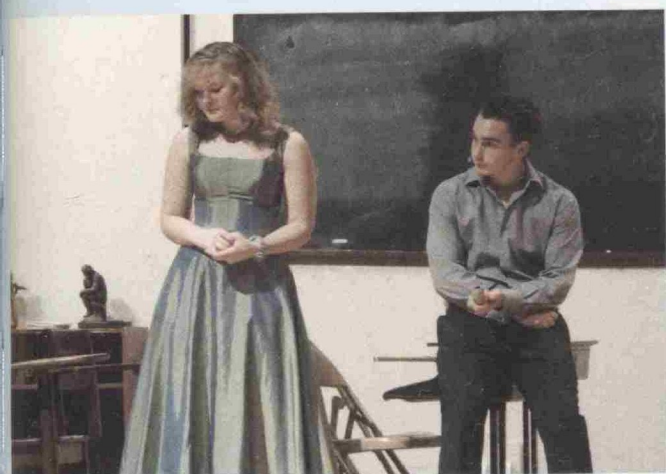

Coach Hugh (Noah McWilliams) and Miss Brooks (Ariana Arce) share a moment, dreaming about their perfect vacation.

issues, Jane faces her own struggles with the play. Jane is in charge of the play's money. Since she is, Jane gets a little carried away in trying to impress Tom with the money. What's wrong is Jane has misplaced the money. Of course, at this moment the principal wants Miss Brooks to take over the money. Just when things can't seem to get worse, attempting to get a quiet play practice, Jane takes all the basketballs and instruments. Not even 5 minutes later both Coach Hugh and Ms. Audubon come in questioning Miss Brooks on their

missing equipment. Both Jane and Miss Brooks are at rock bottom, and the play is still unprepared. The night of the play has arrived. The cast has finally pulled themselves together and the play is as perfect as it can be. Everyone's ready and excited, when one last bump in the road occurs. Two of the leads have fallen ill. Yet even with this problem, they are able to pull it off when Coach Hugh steps in for the role. In the end Coach Hugh, Miss Brooks, Jane, and Ted are heading in a new and hopefully better direction.

Someone's in Trouble

Lynda Hinojosa, who plays Miss Audobon, expresses her concerns to Cole Schultz (the principal) regarding Miss Brooks' (Ariana Arce) play.

Awkward Love

(Below) Ted (Nick Felthouse) and Jane (Jessica Wiersema) in their finally scene not sure what they want from their relationship.

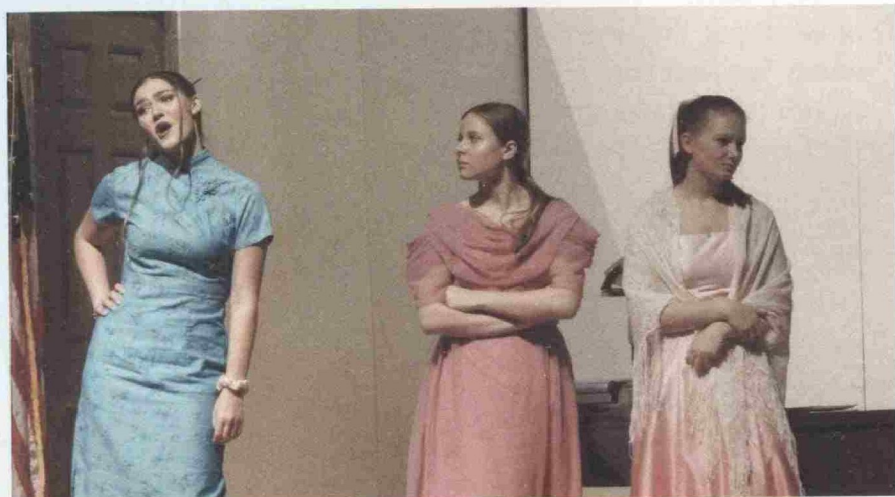

Cast Wave

Ariana Arce, Rebecca Oliver, Noah McWilliams, Nerissa Fezzler, Lynda Hinojosa, Autumn Pifferetti, Oliva Sroka, Paige Kubiak, Jessica Wiersema, Kylie McAllister, Taylor Aliaga, Madison Sulek, Ashley Owen, Simone Wydra, Nick Felthouse, Nikolas Mondello, Cody Donovan, Sarah Piepho, Michael Haskell, Jacob Dinga, Cole Schultz and Michael Vega.

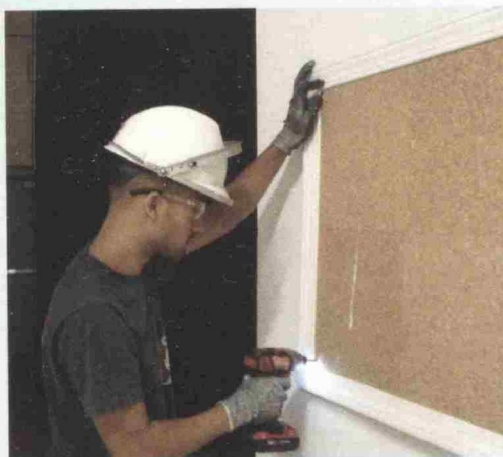

Making the Budget Work

Paige Kubiak, Taylor Aliaga, and Nik Mondello learn how to engineer certain sounds with the materials they have available to them while Madison Sulek, Ashley Owen, Simone Wydra, Olivia Sroka, and Ariana Arce watch and instruct.

Rhonda and All Her Sass

Rhonda (Simone Wydra) is being her snotty self, making sure Elise (Olivia Sroka) and Faith (Madison Sulek) believe that Ted (Nick Felthouse) is with her.

Build Build Build!

Jaron Rodriguez (Backstage Crew) is hard at work building the sets for Our Miss Brooks.

A Dream is a Wish Your Heart Makes

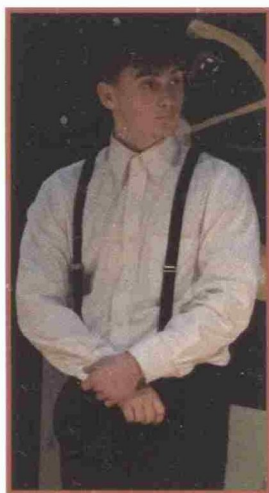

The HC Thespian Society presents an audience favorite:

Rodgers and Hammerstein's *Cinderella*

By: Davianna Munoz

The Hanover cast and crew dazzled their audience in February with their show-stopping rendition of *Cinderella*. Mr. Arroyo stated, "The hardest part is finding the time in everyone's schedule to practice. Everyone is so very busy." There is such a large amount of work put into the play, but payoff is clear when we see the audience in awe of the wonderful performance. They want the audience to remember the magical journey that transformed Cinderella into a princess. The cast worked really hard to remember their lines and make the story compelling. As they walk out onto the stage, the first thing audience members notice is the world

that the crew created on set. Olivia Sroka applauded the crew, saying that "The crew is a huge part of theatre, and they help out with the sets and scene changes! They work extremely hard during practices as well! We seriously would not have ten different scene changes without their help!" Working together and practicing every day after school help the cast and crew bond on their long road to showtime. While the audience will remember the performance, the cast and crew will remember how they all grew into one big happy family.

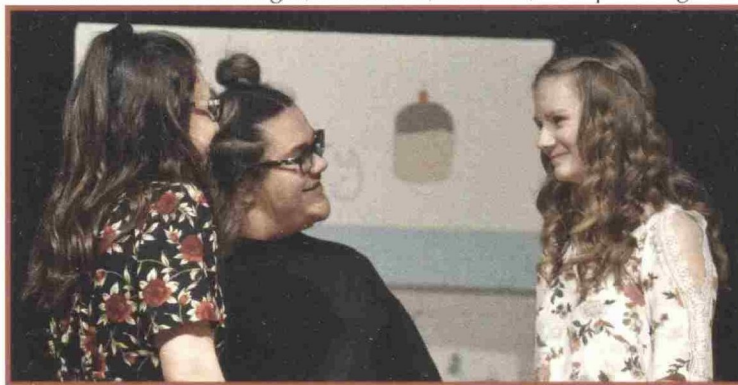

Ready to Escort the Cinderella to her Ball

Nick Felthouse waits patiently for Cinderella's arrival. He is playing the role of a coachman, who will escort Cinderella to the ball to find her prince charming.

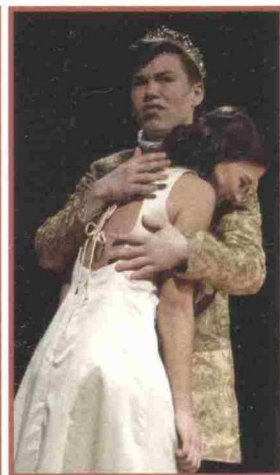

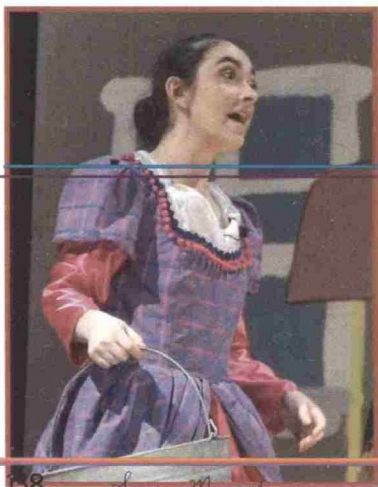

Playing Our Parts

Lynda Hinojosa, Ruthie Rakowski, and Madison Sulek play their roles as a villager, merchant, maiden, and palace guest.

There are Two Types of Mothers

(left) Nerissa Fezler plays the evil stepmother and berates Cinderella, ordering her to do something she could easily do herself. (right) Quinton Gessner and Jessica Wiersema dance as a beautiful married couple and prepare for their son's ball in hopes that he will soon find his Cinderella.

Will The Prince Find his Cinderella Tonight?

Fairy Godmother Ariana Arce discusses what Cinderella should wear to the ball. With their help, they decide on glass slippers and a blue gown.

Noah McWilliams consoles Natalie Haitsma as she knows that she is not what the prince is looking for in a future queen.

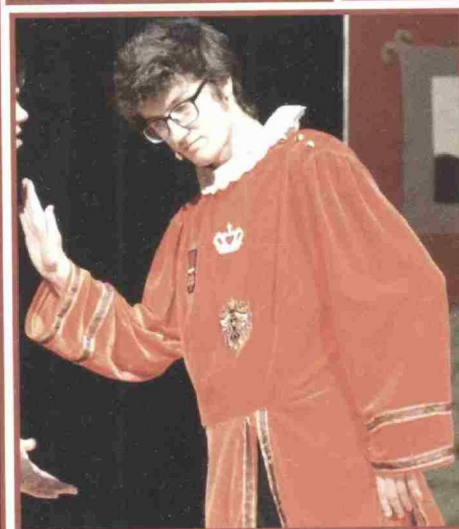

At Long Last

Despite having met earlier, Cinderella, played beautifully by Jessica Walters, dances into the night with her prince, played charmingly by Noah McWilliams.

Evil Stepsisters

Simone Wydra and Olivia Sroka play their roles as the evil stepsisters to Cinderella. They may not have been the lead characters, but they were absolutely two of the most memorable actors in the play. With their attitude and sarcasm and garishly perfect makeup, they were crowd favorites!

Enough is Enough

Cole Schultz, who plays the prince's squire, doesn't want to hear anymore of the prince's complaining, so he silences him.

"Be quiet and listen carefully"

Michael Haskell and Autumn Pifferetti listen as Cinderella tells them how she is feeling.

Breakfast with Cindy

On Sunday Mr. Gustas put together a luncheon with the cast to help benefit the seniors. The money raised will go toward scholarships for the senior members of the Thespian society.

Mr. Gustas stated, "I am really excited to be able to offer this for them. Last year the Thespian Society was able to give out \$1000.00 in scholarships. I am hoping to double that this year."

Cast Members

Cinderella- Jessica Walters
Fairy Godmother- Ariana Arce
Stepmother- Nerissa Fezler
Grace- Simone Wydra
Joy- Olivia Sroka
Prince Christopher- Noah McWilliams
Lionel- Cole Schultz
Queen Constantina- Jessica Wiersema

Abby Smith, Taylor Greene,
Breanne McDonough, Joshua Gray

A Sparkling Night

While the ladies are typically the stars of the night, this year the gentlemen stepped into the fashion spotlight.

By: Ruthie Rakowski

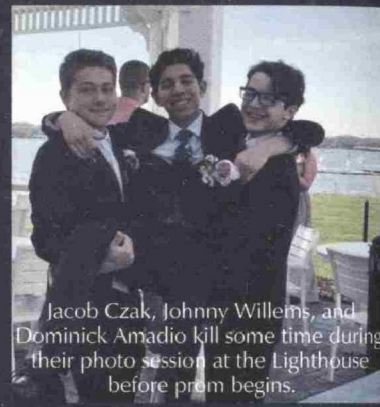

Amongst all the end of the year finals and graduation prep, prom is a night for juniors and seniors to enjoy. Typically, the girls' dresses have everyone swooning. This year, though, the boys definitely took the cake on best dressed. While the girls may have had some beautiful dresses, the guys countered that by having outlandish suits and impressive shoes. Some of the fashion choices became a trend, such as the sparkly shoes the boys decided to wear. "I like when people dress the way they want to. That's what happened this year, people dressed differently than everyone else," junior Lily Bachar said in a quick interview. People are so accustomed to fitting in that it takes a lot to dress how you want. If there is one lesson we can take away from the boys this year, it's that we shouldn't care what others have to say. As long as we are having fun, that is what matters.

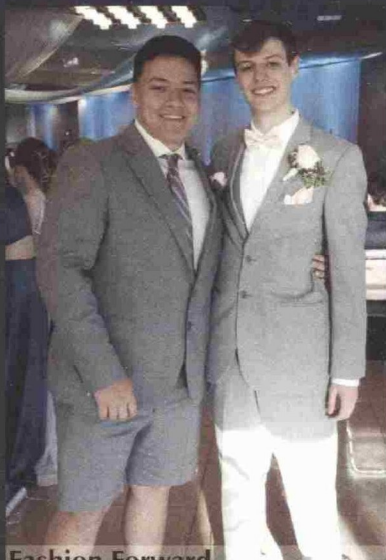

Gabby Ramos, Johnny Willems, Kayla English, Sydney Szymanski, Teddy Hoffman, Connor English, Kyle English, and Dylan Vander Woude

Urma Zaidi unveils her original creation. Not only is she able to honor her culture, but she can display her talent, too.

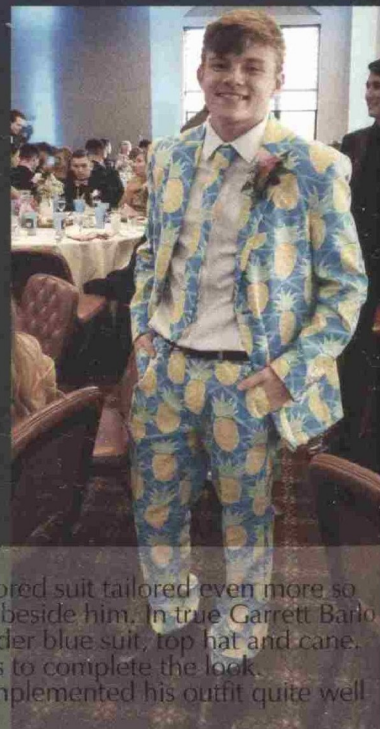

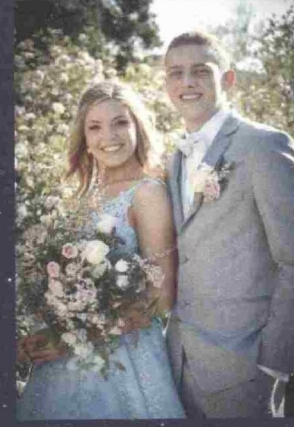

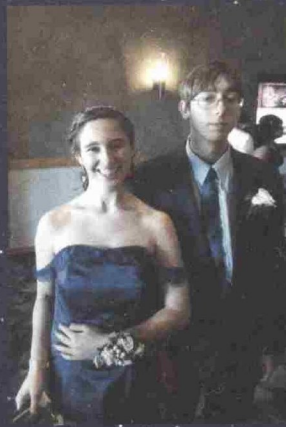

Jacob Czark, Johnny Willems, and Dominick Amadio kill some time during their photo session at the Lighthouse before prom begins.

Fashion Forward

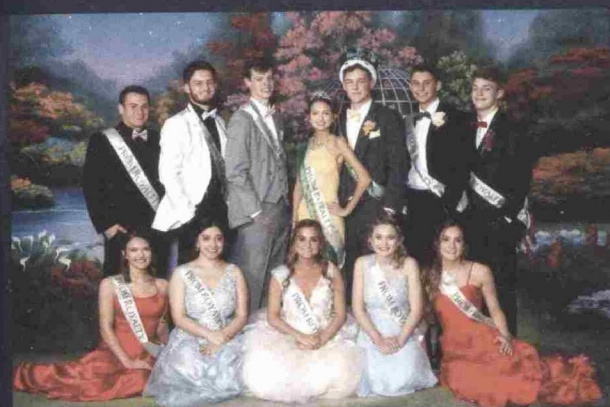

Refusing to be outdone, these gentlemen were the talk of prom. Daniel Austgen had his perfectly tailored suit tailored even more so that he could sport shorts and show off his pink Calvin Klein socks. Dillon Koontz was proud to stand beside him. In true Garrett Barlo fashion, he took a page out of the Dumb and Dumber book and knocked everyone out with his powder blue suit, top hat and cane. Julia Siska had already purchased her dress; otherwise, Garrett might have insisted on an orange dress to complete the look. Connor Wotherspoon was channeling summer in his pineapple suit. His date, Abby McCampbell complemented his outfit quite well in a beautiful yellow gown.

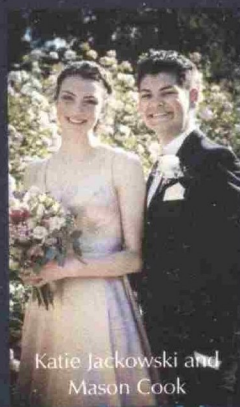

Blue Beauty

In a poll that was sent out school wide, it was confirmed that blue was the most popular dress color this year. Whether pastel, slate blue, or royal, it looked beautiful on everyone. Reagan Noel and Michael Simon, Angelina Burroughs and Tyler Chambers, Earlyne Long and date, Lily Bachar, and Ashley Lakomek and Jack Kuiper all represented the trend.

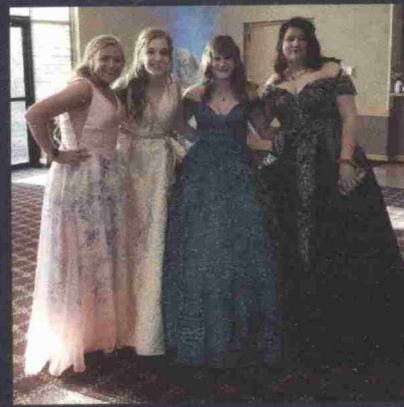

Prom Court 2019

Back Row: Sam Momcilovic, Dylan Vander Woude, Dillon Koontz, Queen and King, Bella Hathaway and Ryan Taylor, and Ryan Raczkowski
Front Row: Alexis Rapacz, Victoria Gonsiorowski, Morgan Curtis, Ashley Galbreath, and Josie Knapik

Katie Jackowski and
Mason Cook

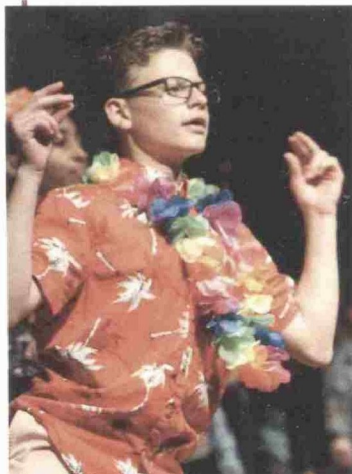

Belles of the Ball

Proving that the ball gown is still very much in style, Stephanie Fleszewski, Kathleen Corak, Caitlin Gerald, and Carissa Kosteba look stunning in an array of colors.

Shae Birn, Alexis Vera and Steven Hoover, Blaze Cano and Camryn Sterkowitz, and Bailey Ludwig and Audrey Harris enjoy each other's company before dinner.

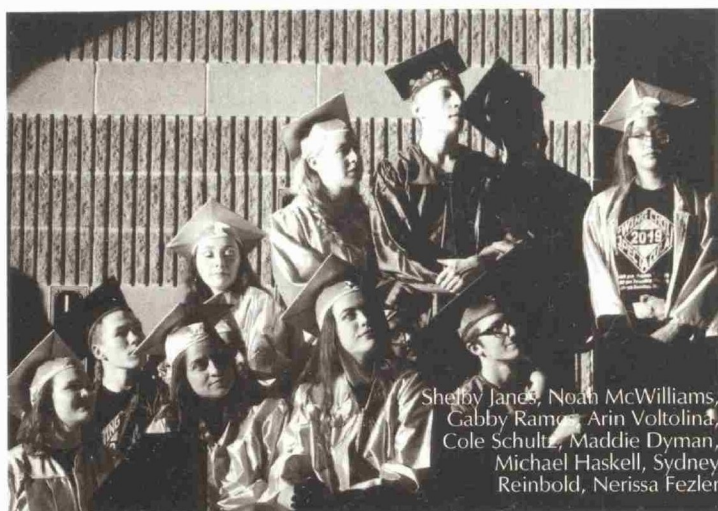

"For Forever"

It has been an eventful four years for the class of 2019. It does not stop here for them. They must continue to grow as they did through the Hanover halls. It is time for them to see where they must go and continue to grow, and as the song from *Dear Evan Hansen* states,

"All we see is light/ 'Cause the sun burns bright/ We could be/ alright for forever" this way/ Two friends /True friends/ On a perfect day"

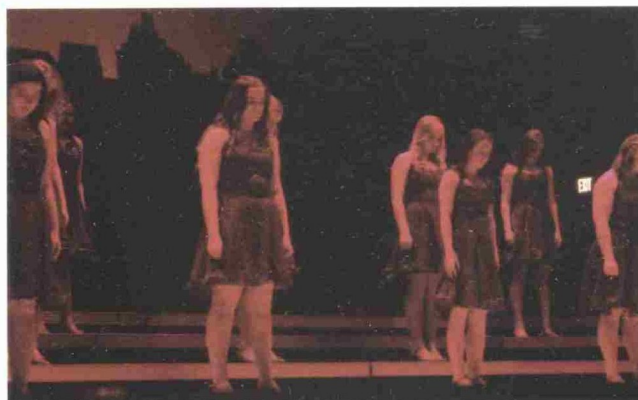

Shelby Jand, Noah McWilliams, Gabby Ramon, Arin Voltolina, Cole Schult, Maddie Dyman, Michael Haskell, Sydney Reinbold, Nerissa Fezler

"Cruisin' for a Bruisin'"

Blake Rogers snaps his way through the upbeat dance number from *Teen Beach Movie*. All of the performers had fun with this childhood Disney number.

"The Greatest Show"

The opening act of this year's show was the closing act of last year and was an homage to Mrs. Klear-Massey. The red lights really made it for the show.

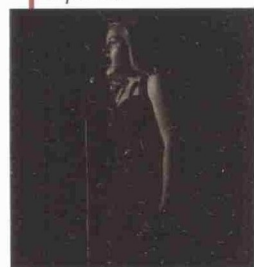

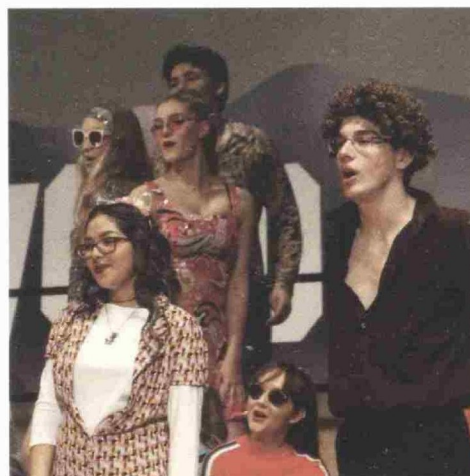

Carina Bolanos sings a beautiful piece called "Think of Me" from *Phantom of the Opera*.

"Boogie Wonderland"

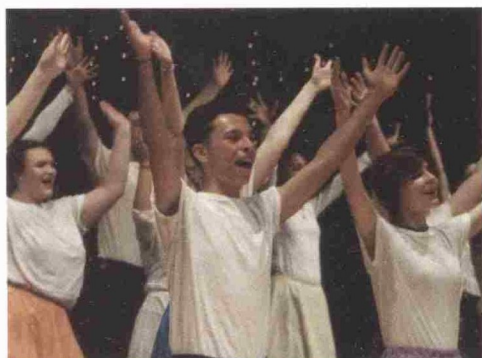

Had to be one of the many best songs that they had done. The students dressed in dramatic outfits wearing wigs. Crazy looking outfits.

"Grease Medley"

This one took the audience back to the olden days. When the song came on, it made the crowd begin singing along. Dancing with their partners, Urma Zaidi, James Erickson, Maddie Dyman, Myah Niemeyer, and Simone Wydra sing about those summer nights.

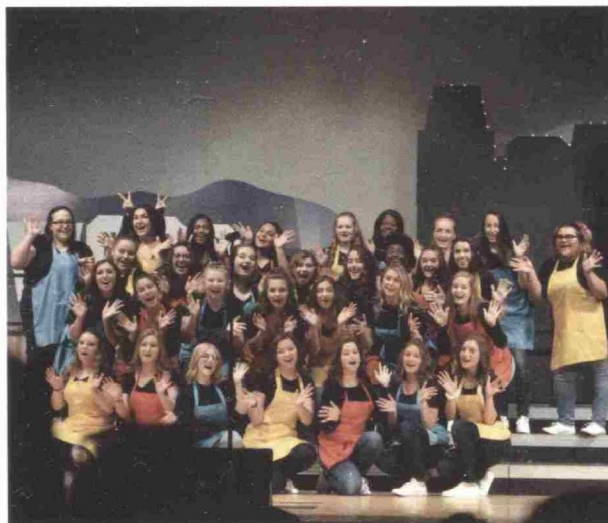

Sydney Reinbold performs "You Say."

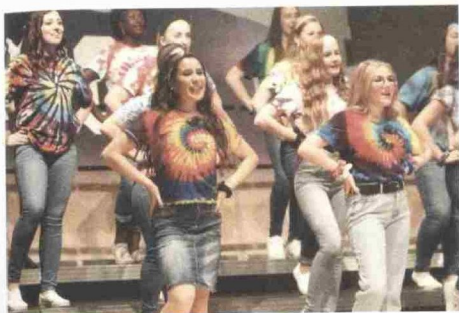

"Opening Up"

Advanced Women's choir performed and sang a one of a kind song from the hit musical *Waitress*.

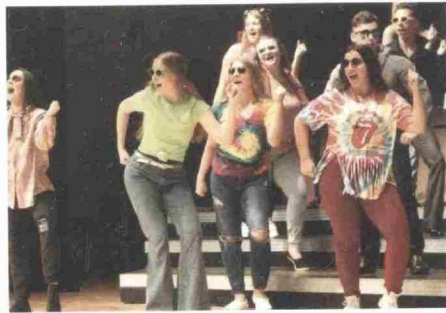

Katrina True lets her voice trail in the air with a piece called "Castle on a Cloud".

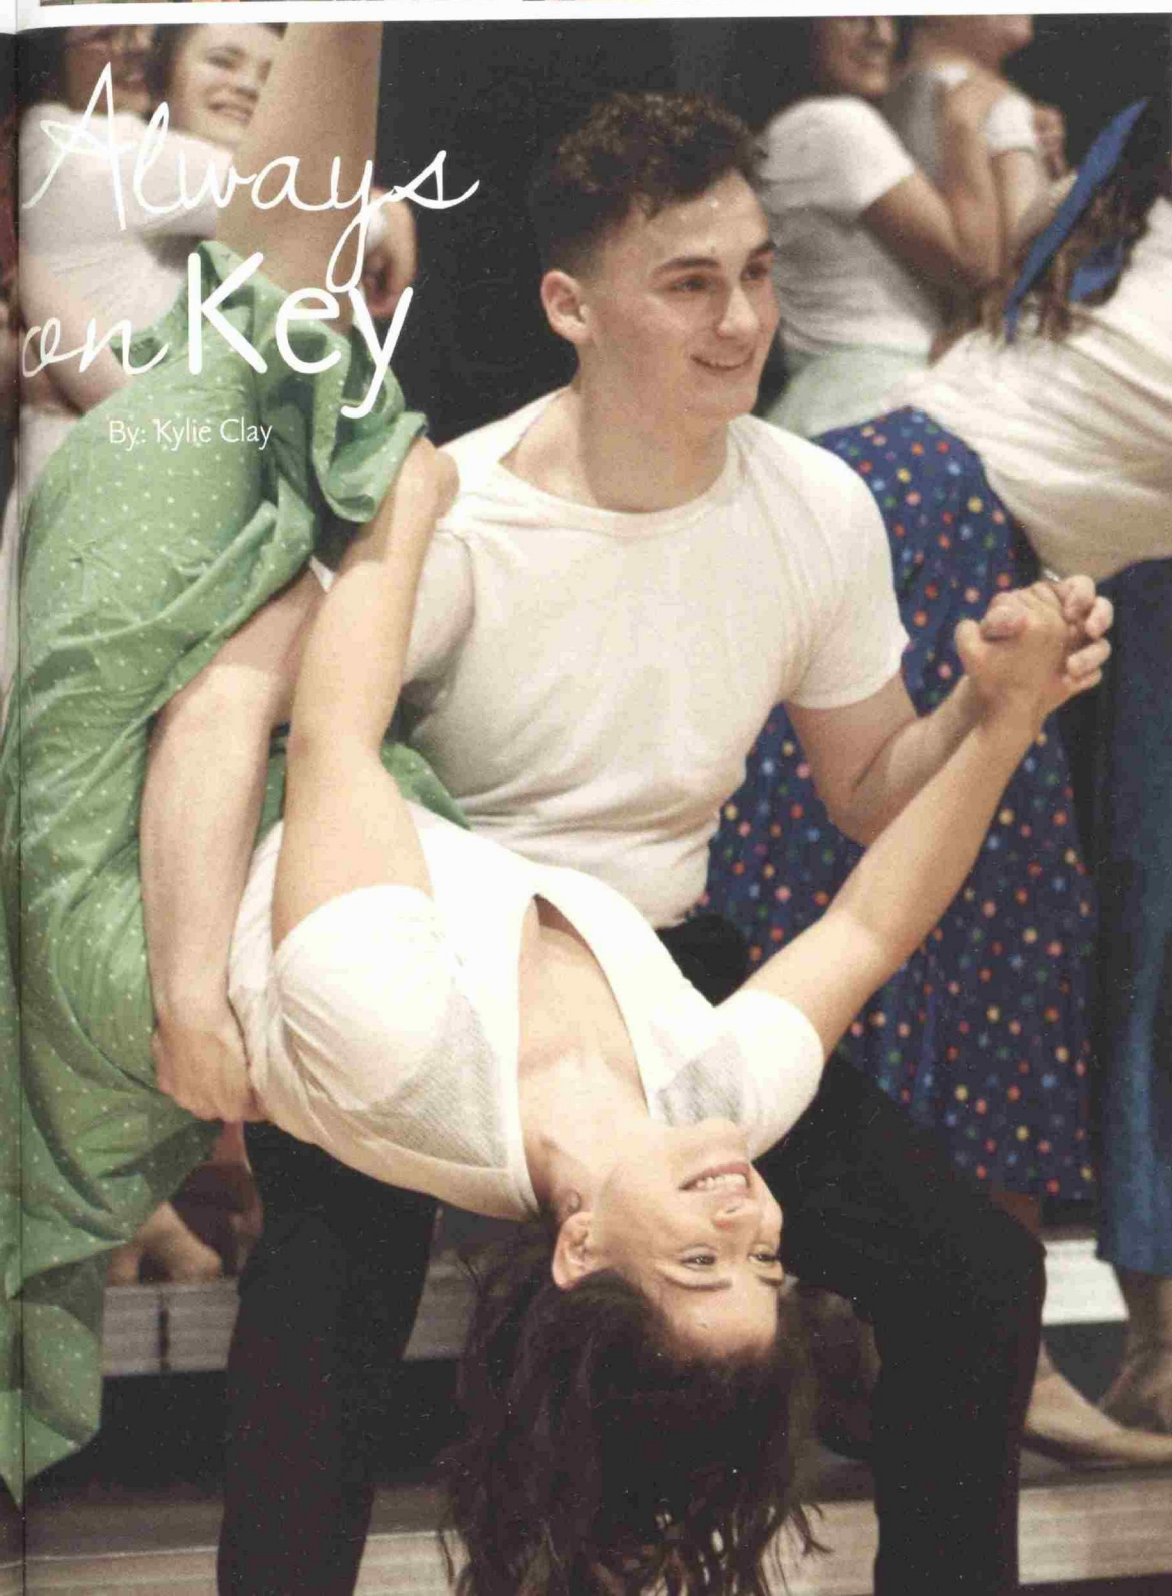

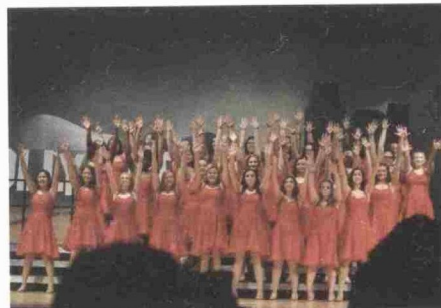

Psychedelic
Women's choir members Brooke Howard, Yumi Baer, Michaela Farrell, Hailey Grcich, Jillian Moscinski, Malia Butler, and Destiny Buckner enjoy their own flashback number.

"Boogie Wonderland"
Nerissa Fezler, Olivia Sroka, Ashley Owen, Victoria Gonsiorowski, Shelby Janes, Nick Felthouse, Maddy Setser, and Josh Grey get extra groovy. The tie dye and wacky sunglasses nailed the 70s feel.

"Someone in The Crowd"
This beautiful piece from *La La Land* was performed by the Advanced Women's choir. They really did great on the switching hands part and were all in sync the whole time.

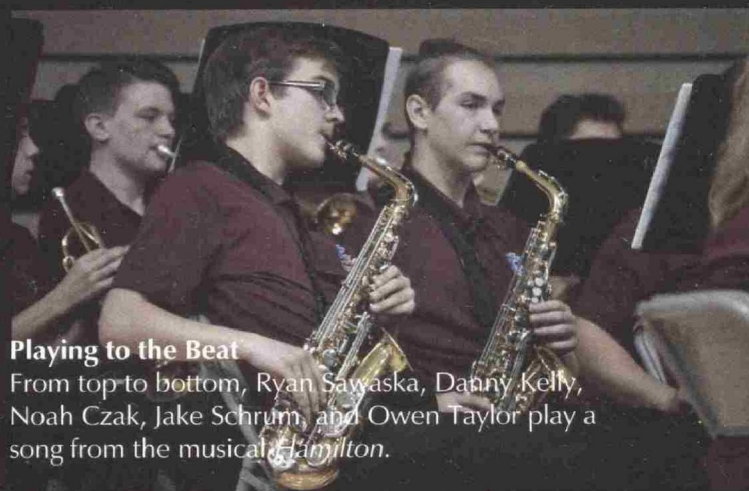

Always on Key

By: Kylie Clay

This year's Spectacular was an exciting and an emotional one. Moving closer to show time, you can feel the excitement in the choir as they get ready to perform. It was the talk among the choir students awaiting for the show date. Diligently practicing every day after school, making sure they memorized their songs and routines. Everyone was nervous as the time got closer, afraid of forgetting lines or just plain messing up. However, in the end they came out on top with brilliant performances by all who participated. They nailed it with all of their different change of outfits, songs, solos and acting. I was amazed by the voices of some of the students whom i didn't even know they could sing. This Spectacular became very emotional as they sang the piece called "The Greatest Show," dedicated to the late Mrs. Klear-Massey, who was a Lincoln Elementary music teacher, who was loved by all. It was a beautiful dedication that moved the Klear-Massey Family. The family said, "She truly loved Hanover Central, and she would have been honored." To further honor Mrs Klear-Massey, a scholarship called the "Klear-Massey Scholarship" will be awarded to one high school senior each year. All together it was an amazing show.

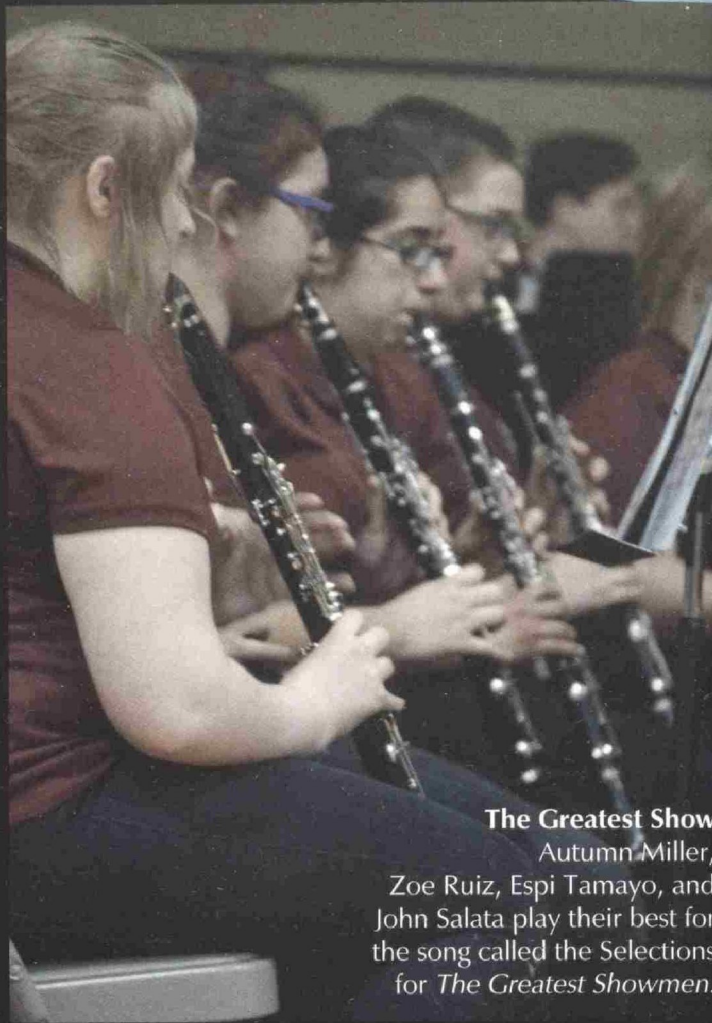

What They Do Best

Gabriella Ramos and Nicholas Felthouse work amazing together. Their connection allowed them to put on their best performance on stage.

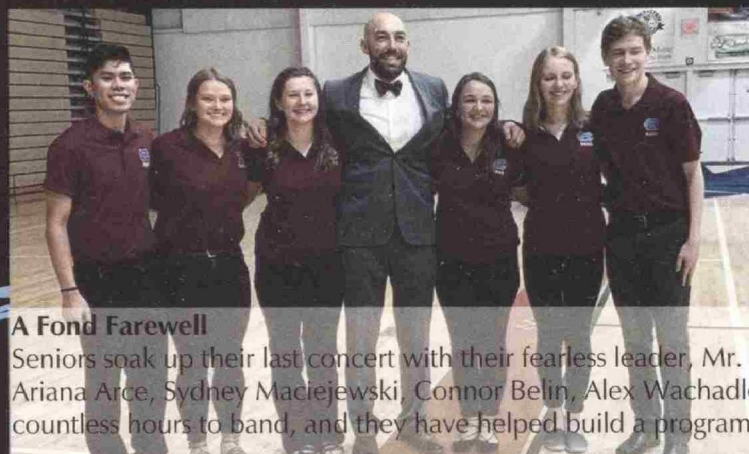

Playing to the Beat

From top to bottom, Ryan Sawaska, Danny Kelly, Noah Czak, Jake Schrum, and Owen Taylor play a song from the musical *Hamilton*.

The Greatest Show

Autumn Miller, Zoe Ruiz, Espi Tamayo, and John Salata play their best for the song called the Selections for *The Greatest Showmen*.

A Fond Farewell

Seniors soak up their last concert with their fearless leader, Mr. Lowry. Brylle Reasol, Rebecca Oliver, Phoebe Tomac, Ariana Arce, Sydney Maciejewski, Connor Belin, Alex Wachadlo, Brandon Pederson, and Tyler Mason have dedicated countless hours to band, and they have helped build a program that will have tremendous success for years to come.

Proud Moms

Mrs. Miedema, Mrs. Ryan, and Mrs. Holden man the raffle table. The Band Boosters are a huge part of the success of our Pride.

Many Come for Music

Shortly after set up, the West gym was packed with family and friends wanting to listen the middle school and high school bands. The seating was scanty as everyone claimed their spots with lawn chairs. "I have never seen this many people in the gym before!" said Darian Forsell.

An Evening of Music

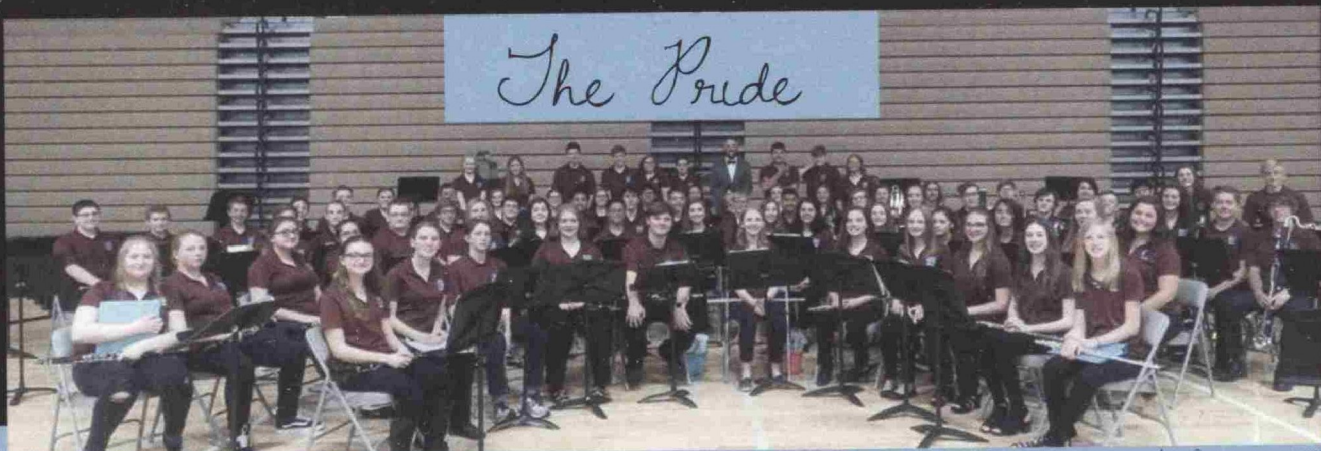

By: Danielle Schmal

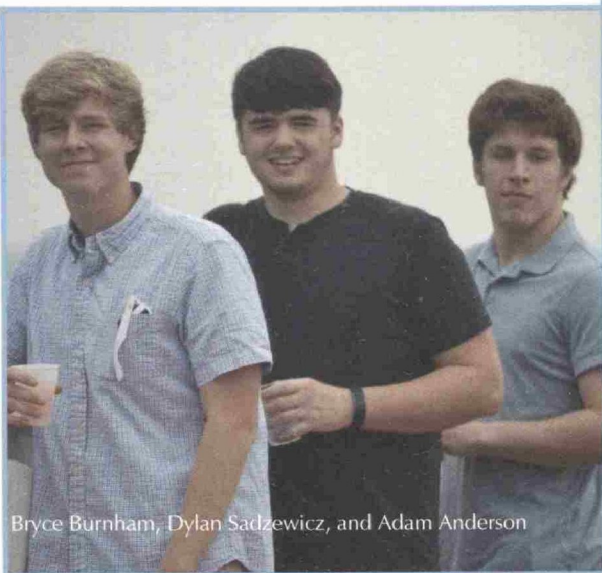

The start of the day looked very promising, but as the clouds rolled in, a decision had to be made early regarding whether to keep the 4th annual Evening of Music overlooking the beautiful lake or relocating to the gym. Though perfect for basketball and volleyball games, it is never the preferred location for a band concert; however, it would have to do. Much like so many events this spring, this year's Evening of Music was rained out and was moved from the town grounds to the West gym. The rain did not stop family and friends from listening to the middle school and high school bands. The entire gym was full of lawn chairs, and people still set up their picnic spreads on the gym floor. Bleachers were filled. Regardless of the seat, the audience was able to enjoy the performance as the students played various arrangements, some of which were from *Hamilton* and *The Greatest Showman*.

In memory of Mrs. Klear-Massey, the beloved Lincoln Elementary music teacher who passed away this year, they played her favorite song from the musical at the end of the concert. Her memory was revived, and her family thanked Hanover for giving such a beautiful tribute to such a gifted and respected music teacher.

Every year the seniors get to play one last time with their band. Whether they have been a band member for a year or ten, lots of memories were made. The seniors were gifted with baskets of items that they might need as they prepare for life after high school.

Aside from the music, 50/50 and raffle baskets were lined up to help raise money for the band. A total of nearly \$7,000 was raised at this wonderful event alone, and as usual, this money will towards uniforms, instruments, competitions, and show pieces. Every year, the band grows, and every year Mr. Lowry leads the Pride to greater success.

On the Brink of Goodbye

After commencement practice in the morning, followed by the graduation walk through the elementary schools, our seniors had the opportunity to truly relax. With hot dogs and burgers provided by the school and a bona fide smorgasbord provided by the students themselves, the Class of 2019 enjoyed a beautiful day before their last week of high school. While this day may have seemed like a lifetime away three short years prior, they created a life together throughout those years, and they formed friendships that will last forever.

Class of 2019

Most Artistic-

Katie Sivak & Kris Kritikos

Most Likely to be President-

Ariana Arce & Sam Momcilovic

Senior Sweethearts-

Alexis Rapacz & Sam Momcilovic

Cutest Couple That Never Was-

Josie Knapik & Keith Koontz

Class Clowns-

Camryn Veteto & Keith Koontz

Most Talented-

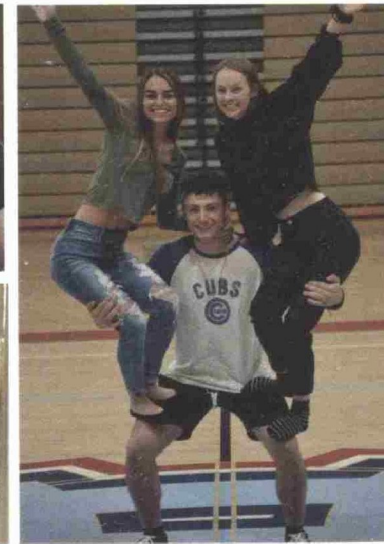

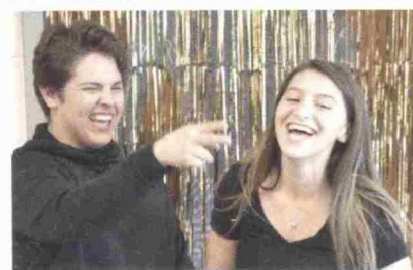

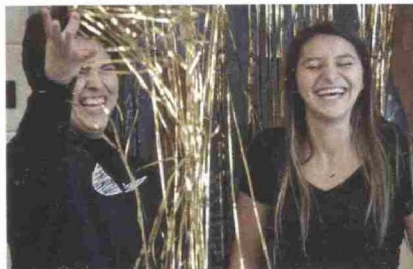

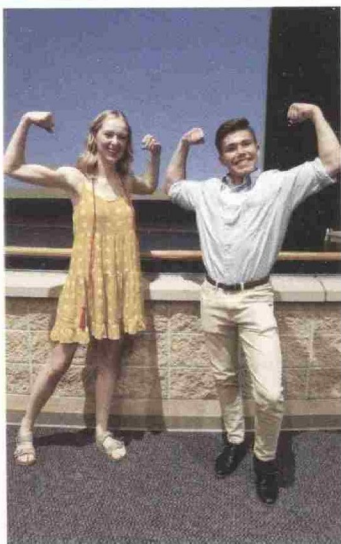

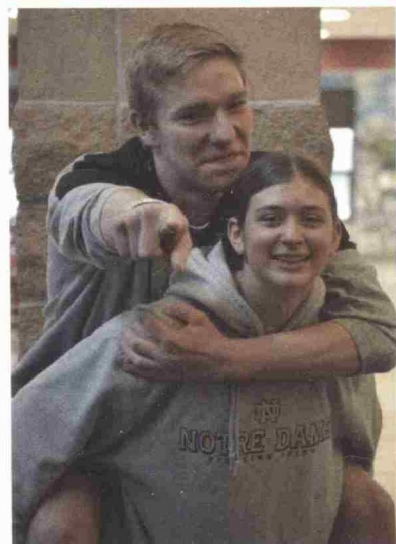

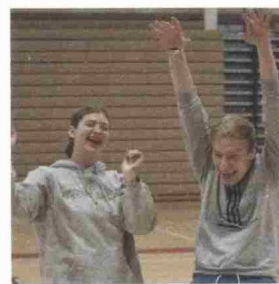

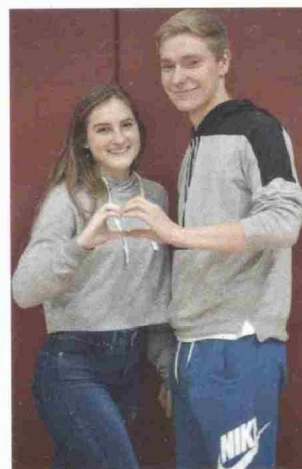

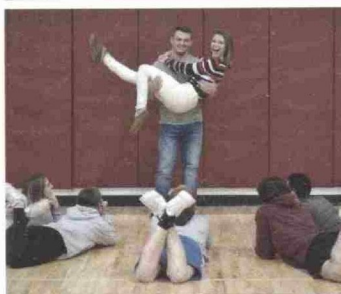

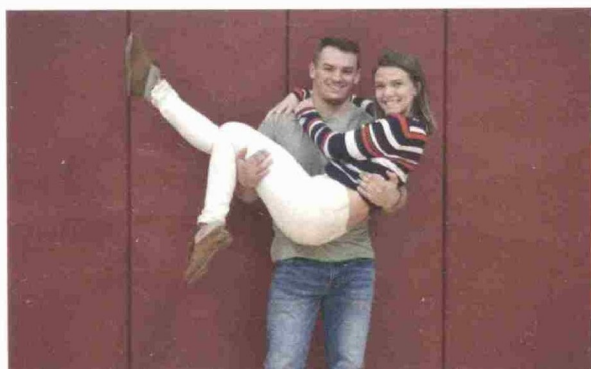

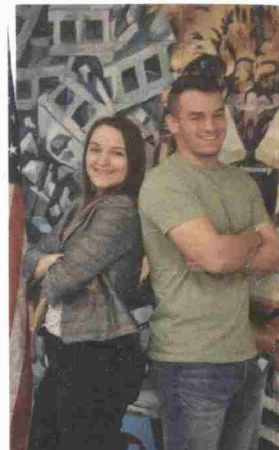

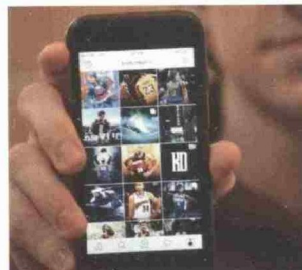

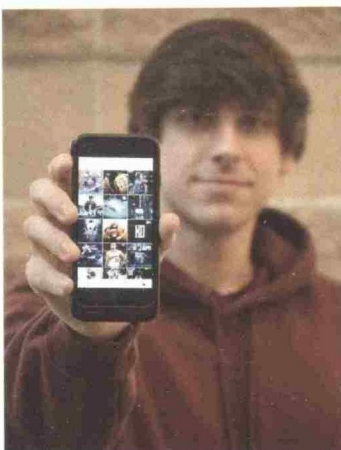

Kari DeYoung & Noah McWilliams

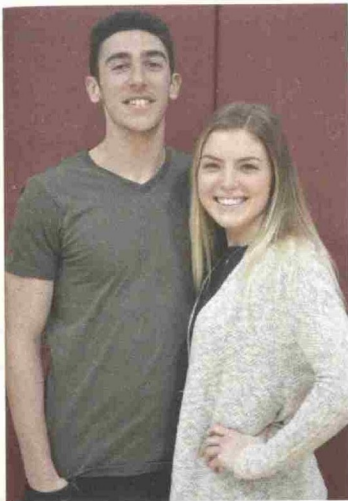

Best Laugh-

Leo Zichter-Diaz & Norah Heeter

Most Likely to be Famous-

Ana Momcilovic, Jenna Voticke,
& Nolan Tucker

Seniors

Best Eyes-

Avi Vega & Ashley Lakomek

Best Hair-

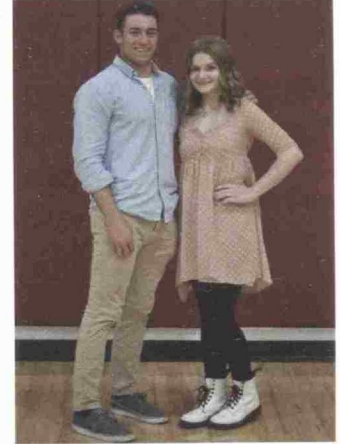

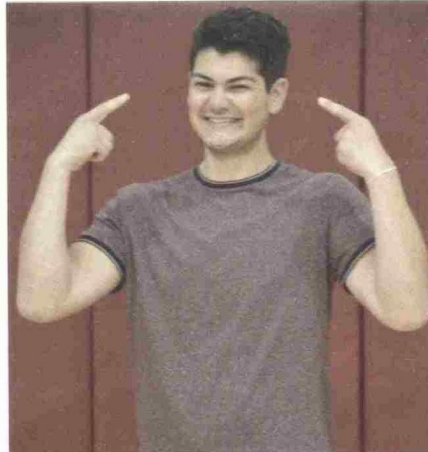

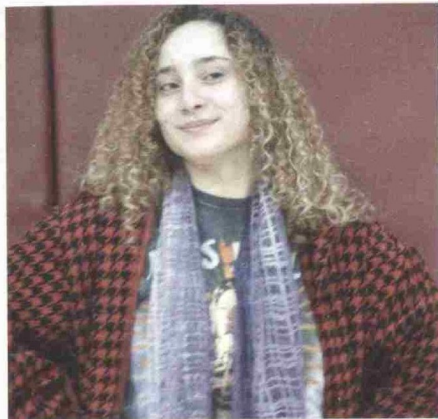

Bella Basile & Mason Cook

Best Dancers-

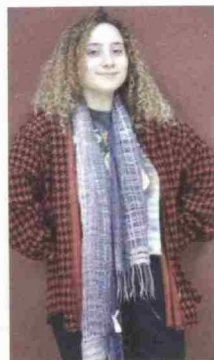

Conner Wotherspoon & Josie Knapik

Best Dressed-

Evan Momcilovic & Heather Maurice

Hanover

Most Competitive-

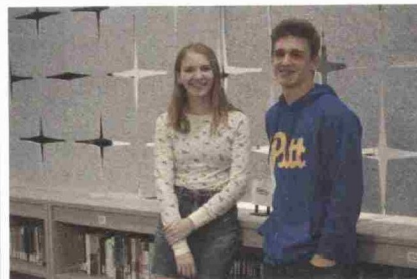

Kaylee Huyser & Brandon Demoff

Central

Most Likely to Succeed-

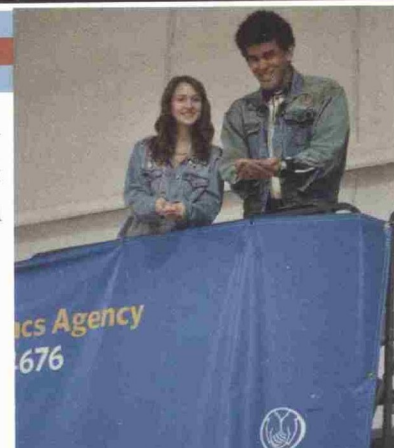

Sydney Maciejewski & Kamden Sarkey

Wildcats

Best Personality-

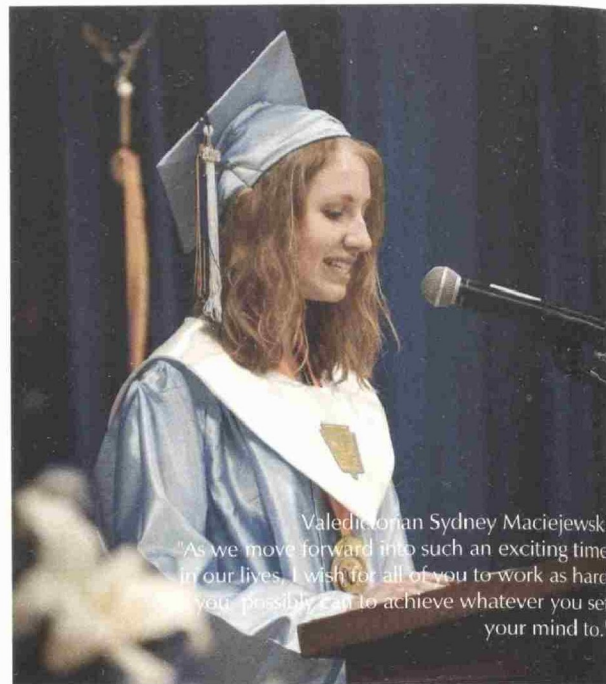

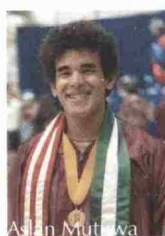

Bella Hathaway & Aslan Mutuwa

On the Brink of a New Adventure

"This will always be your home."

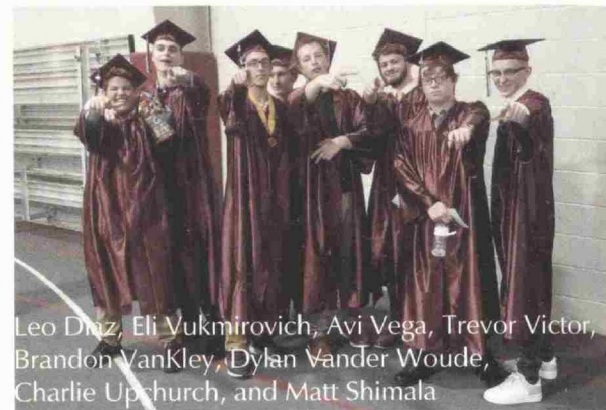

The Class of 2019 has left an indelible mark on Hanover Central and will be missed. In her speech to the class, Mrs. MacAulay gave the students three rules to live by, rules that she shared with her own daughter: "1. Always leave things better than you found them. 2. Be kind. 3. Nothing good happens after midnight." She also wanted to share lyrics from the song "My Wish" by Rascal Flatts as she believed the words were especially relevant to these young adults: "My wish, for you, is that this life becomes all that you want it to, / Your dreams stay big, your worries stay small, / You never need to carry more than you can hold, / And while you're out there getting where you're getting to, / I hope you know somebody loves you, and wants the same things, too. / This is my wish." Good luck, Class of 2019.

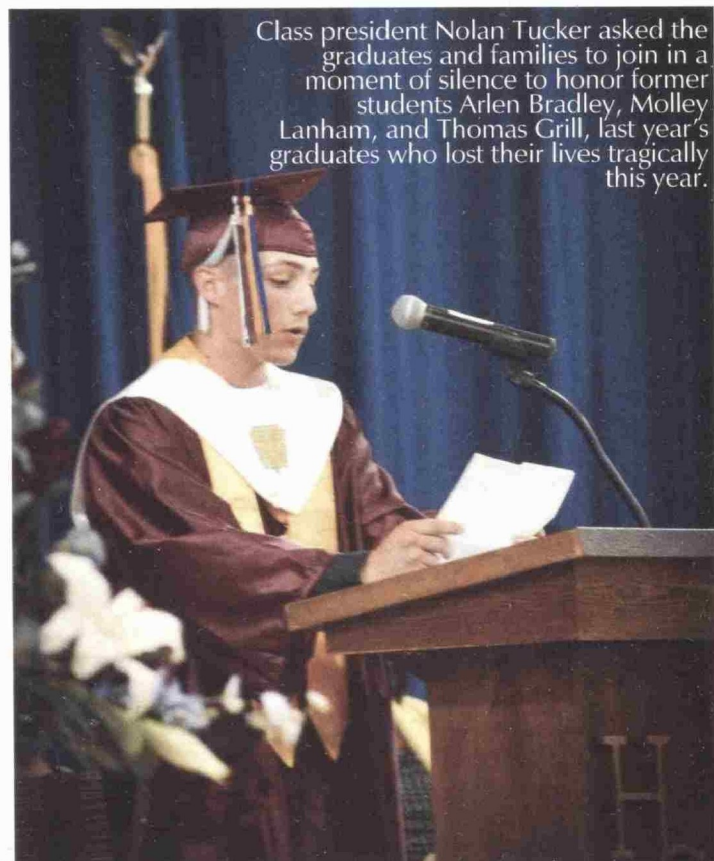

Valedictorian Sydney Maciejewski
"As we move forward into such an exciting time in our lives, I wish for all of you to work as hard as you possibly can to achieve whatever you set your mind to."

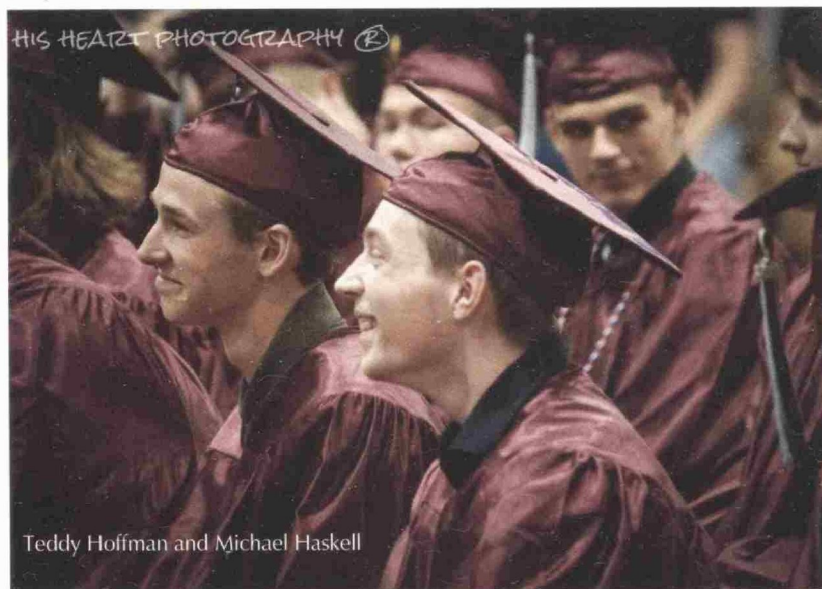

Gabby Ramos, Kayla English, Victoria Consiorowski, Ashley Galbreath, Midwayla Ferguson, Stephanie Fleszewski, Arin Voltolina, and Nerissa Feiler

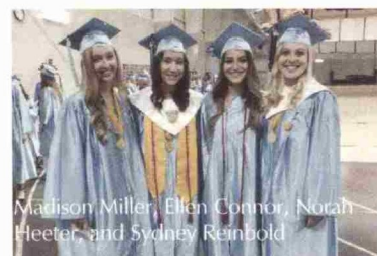

Leo Diaz, Eli Vukmirovich, Avi Vega, Trevor Victor, Brandon VanKley, Dylan Vander Woude, Charlie Upchurch, and Matt Shimala

Class president Nolan Tucker asked the graduates and families to join in a moment of silence to honor former students Arlen Bradley, Molley Lanham, and Thomas Grill, last year's graduates who lost their lives tragically this year.

Teddy Hoffman and Michael Haskell

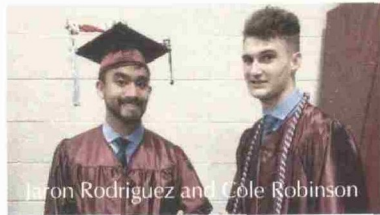

Madison Miller, Ellen Connor, Norah Heeter, and Sydney Reinbold

The Key yearbook staff would like to thank Nancy Novitski and His Heart Photography for generously providing so many of the beautiful shots seen throughout this book. Please like her on Facebook and contact her if you are ever in need of family or senior photos. Thank you, Nancy!

I would like to thank the following for contributing photos and information to the 52nd volume of The Key: Parents, friends, Key staffers, Nancy Novitski of His Heart Photography, Lola Jean Brink, Mrs. Bermes, Mrs. Heldt, Larry Titak Photography, students, staff, and anyone else whom I left out. This book is more work than anyone can possibly know, and the students do work diligently to learn the process and to provide you with the most accurate and comprehensive account of the year that they can. It is a labor of love, truly, and we hope you enjoy it. This school and the memories that it creates will stay with you for the rest of your life, and it is my hope that the staff has created a tangible memory for you to reference years from now so that you can always remember that Hanover Central was and always will be on the brink of change and new adventures. Enjoy!

-Mrs. Duffy

On the Brink

of a New Year

As we prepare for a new book, a new year, and a new decade, a final thank you needs to be extended to Valerie Tanke with Walsworth Yearbooks. Your guidance over the course of these last two years has been invaluable, and you deserve much more than a simple *thank you* offers.
